## WEST SUBMITS NEW PLAN FOR BANNING OF SURFACE ATOMIC NUCLEAR TESTS

By TOM OCHILTREE

GENEVA (AP)—The United States and Britain asked the Soviet Union today to agree to a prompt controlled suspension of nuclear weapons tests on or near the surface of the earth—leaving the problem of other types of blasts for later negotiations.

Informants said the proposal provided for splitting up the test suspension problem. It was advanced as the three-power talks resumed after an Easter recess.

First Soviet reaction was reported to be negative. Under the new Western plan, agreement would be reached at once on banning surface and atomic nuclear tests—the ones which cause dangerous radioactive fall out.

## Friends Push Campaign for Rockefeller

By JACK BELL

WASHINGTON (AP)—The same off-beat campaigning that landed the 1940 Republican presidential nomination for Wendell L. Willkie apparently is under way for Gov. Nelson Rockefeller of New York.

Responsible Republicans brought to last week's meeting of the GOP National Committee here reports that supporters of Rockefeller are seeking to enlist businessmen, professional men and other political amateurs as Rockefeller backers.

A GOP national committeeman who has participated in several presidential campaigns described the tactics as similar to those which helped put Willkie over. He said he has personal knowledge that bankers, lawyers, doctors, insurance men and others with influence in their communities are being urged to line up behind Rockefeller.

The first outward sign of this cropped up recently with the formation of "Californians for Rockefeller." This self-styled group of "political greenhorns," is headed by Charles Lewsadder, Los Angeles businessman.

## Noted Architect Laid to Rest in Churchyard Grave

SPRING GREEN, Wis. (AP)—Frank Lloyd Wright, an architectural genius who called the world his workshop, was buried Sunday in a secluded country churchyard near his boyhood home.

Wright died Thursday at Phoenix, Ariz., after surgery for removal of an intestinal obstruction. He was 89.

His body was borne to its final resting place in a horse-drawn farm wagon, draped in red velvet and edged with cut flowers.

His widow and a daughter led a procession of more than 50 mourners who followed on foot as the wagon moved down the winding road leading from Wright's hillside home to Unity Chapel, half a mile away.

Some 200 crowded the small pine-sheltered chapel.

The Rev. Max Gaebler of the First Unitarian Society in Madison said in eulogy that Wright was "a great man, a great artist, but more than that a beloved husband and father and friend."

Wright was born near Richland Center, 20 miles from his burial place.

## Four Searches for Missing Kiddies Have Happy Ending

By THE ASSOCIATED PRESS

The hours of anxiety were over today in four homes in different parts of the nation. The parents could smile again. Their lost children had been found.

It was a happy ending to a trying weekend.

All of the children had been missing at least one night, while frantic searches went on. Three of them—in Colorado, Washington and Michigan—were found Sunday; a fourth youngster, in Ohio, today.

The Strongsville, Ohio, boy, Donald L. Lutzman, 11, was dis-

Such an agreement would not cover very high altitude and underground atomic and hydrogen weapons blasts. Such explosions—difficult to police in any event—could be covered in some subsequent agreement reached after the first problem had been solved.

U. S. Ambassador James J. Wadsworth and British Minister of State Ormsby-Gore proposed dividing the nuclear problem into two parts with the idea of getting quick agreement on the types of tests easiest to detect. The ending of such tests also would avoid any health hazards to the world's population.

The sources pointed out that the United States and Britain would prefer an agreement covering the entire range of tests. But the Western powers recognized that this conference, which began its deliberations on Oct. 31, now was bogged down on East-West differences about controls.

Presumably the limited agreement now suggested as a first step would require less elaborate policing arrangements than a total ban. The Western powers, however, want fool-proof controls built into any type of agreement they sign.

The plan would ban all tests at or near ground level, which cause dangerous fallout. It would permit high altitude and deep underground blasts, which Western experts contend produce no harmful results.

Western officials were hopeful their new formula might help soften the Soviet Union's adamant stand against a veto-free inspection system to police the proposed agreement banning nuclear tests.

Judging from the line taken in a Soviet Foreign Ministry statement Sunday, the Soviet position has not changed since the conference recessed March 19 for Easter after five futile months of talking.

Since the conference first convened Oct. 31, the United States, Britain and the Soviet Union have agreed on seven articles of a draft treaty. But there has been no progress toward a solution to the East-West squabble on manning control posts and inspection (Turn to Page Fourteen)

## Nye Anxious To Forget Cuban Experiences

CHICAGO (AP)—Alan Robert Nye is back home with his family in nearby Whiting, Ind., and says he wants to forget quickly his imprisonment in Cuba and suspended death sentence for the alleged plot to kill Premier Fidel Castro.

The 31-year-old former U.S. Navy flier landed at Midway Airport Sunday night on a flight from Havana, less than 20 hours after a Cuban military tribunal pronounced a death sentence. The tribunal suspended the sentence on condition Nye leave Cuba within 48 hours.

Nye, who steadfastly maintained his innocence during his 106 days in jail and at the trial, was greeted at the airport by his mother, Mrs. Joseph Lynch, 51.

He dropped out of sight then, his whereabouts unknown until a worker discovered him in the shanty this morning, well fed on ice cream and wieners.

## State Prepares To Join in Air Raid Alert on Friday

HARRISBURG (AP)—Pennsylvania joins with the rest of the nation in a practice air raid alert Friday with state civil defense officials taking a back seat.

"This alert will find state headquarters a participant rather than all controller," said Craig Williamson, operations officer. "We want this operation to be one between the county and local municipalities with us here at headquarters sort of just looking on."

He said the alert will be sounded between 9:30 a.m. and 5 p.m. All radio and television stations will go off the air for a half hour starting at 11:30 a.m. The only exceptions will be those with Conelrad Broadcasts. Conelrad means "control of electro magnetic radiation."

It is designed to prevent a potential enemy from making a false broadcast intended to confuse civilians during an attack. The Conelrad outlets on your radio dial—1240 and 640—are designed to inform the public of what to do in such an emergency. The public will be required to take cover during the test. The alert signal will be a five-minute steady blast on sirens or other warning devices.

"This signal will merely tell the nation that theoretically civil defense headquarters has something to tell the people and they should tune in on the radio for further instructions on Conelrad," Williamson explained. The "take cover" signal will then sound. It will come as a warbling blast on sirens for a duration of three to five minutes.

## Fugitive Lama Consults Indian Representatives

NEW DELHI (AP)—The Dalai Lama consulted today with an Indian government representative on his plans for the future and what he wants to tell the world.

Tibet's young fugitive spiritual and temporal leader arrived in Bomdila, near the northeast frontier, to find special envoy P. N. Menon of the Indian Foreign Office waiting with crowds of Buddhists who jostled each other to pay homage to the god-king.

The Dalai Lama arrived after a 62-mile trip by horseback from Towang, his first stopping place in the Himalayas after he crossed the frontier.

Prime Minister Nehru has been put in a difficult position by the conflict between Indian sympathy for the Tibetan rebels and his own desire to preserve good relations with the Chinese Communist government. He sent Menon to receive the Dalai Lama and to try to get him not to make any statements that might anger Peiping.

Nehru himself is expected to meet the fugitive Tibetan ruler April 23 at Mussoorie, the summer hill resort 150 miles northeast of New Delhi which the Tibetan may make his headquarters.

## Parts of State Are Blanketed By April Snow Storm

By THE ASSOCIATED PRESS

A capricious April storm brought snow to Pennsylvania Sunday, dumping up to six inches in the western half of the state.

The unexpected snowfall caught the Highways Department with its snowplows in mothballs and motorists with chains and snow tires in their garages.

As a result, highway travel was hazardous for a time. Some roads were reported still slippery this morning as temperatures in much of the state dropped below freezing.

Sweeping into the state from the southwest the storm began about mid-morning and advanced north-eastward on a widening front. A thin mantle of snow in southeastern Pennsylvania was washed away by early morning rain.

No deaths were reported as a result of the storm.

Blairsville in the central mountains reported six inches of snow, Altoona four, Pittsburgh three, Philipsburg two and Allentown one.

The weatherman forecast partly cloudy skies today and continued cool.

## 14-Year-Old Back on Stand in Murder Trial

PITTSBURGH (AP)—Fourteen-year-old Jerry Packer of Brackenridge was called for further cross-examination today as his murder trial neared an end.

After testifying in his own defense Saturday, Packer underwent three-hours of cross-examination before the trial was adjourned.

The youth repudiated three confessions introduced as evidence by the prosecution. He testified he made the confessions because he was tired and frightened and investigating officers told him "they would help me."

Packer is accused of criminally assaulting and bludgeoning Mrs. Lillian Stevick, 54, near her Brackenridge home last November.

## DEMO SALES TAX BILL TO BE AMENDED

BULLETIN

HARRISBURG (AP)—Gov. Lawrence today agreed to a compromise on his stalled 3 1/2 per cent sales tax proposal in an effort to win final legislative approval of the plan, possibly by the end of the week. The compromise would remove proposals to extend the tax to auto trade-ins and sales of alcoholic beverages over the bar. As amended it would boost the tax from the present 3 per cent to 3 1/2 per cent. Rep. Stephen McCann, House democratic floor leader, said the proposal removed from the bill would be included in separate legislation for action at a later date. In a statement following a one-hour meeting with legislative leaders of both parties, Lawrence said: "Through this procedural change, I am hopeful that we can have affirmative action on the amended House bill by both houses this week." Lawrence called the meeting in a last-ditch effort to save his state-mated tax plan.

HARRISBURG (AP)—The Democratic House leadership today agreed to amend Gov. Lawrence's stalemated sales tax bill in a move to get Republican votes for passage, possibly tonight.

Rep. Stephen McCann, Democratic floor leader, said the sales tax bill would be amended to remove proposals that would extend the levy to auto trade-ins and retail alcoholic beverage sales.

McCann told newsmen "the governor agreed to this procedure."

The sales-tax would be increased from 3 per cent to 3 1/2 per cent under the governor's proposal.

McCann said the two items taken out of the bill would be incorporated in two separate pieces of legislation for action later in the session.

HARRISBURG (AP)—Republicans held fast today in their opposition to the administration's 264-million-dollar tax package. They have made a new demand that Gov. Lawrence cut his proposed \$1,907,000,000 budget.

Sen. James S. Berger, Republican floor leader, said his GOP colleagues would tell the governor at a morning conference that he ought to end his no-compromise attitude to the tax program in its present form.

Republican policymakers, during a 2 1/2-hour session Sunday night, decided to renew their position of offering no House GOP votes for the sales tax bill as now written.

The measure would boost the present 3 per cent levy to 3 1/2 per cent and extend the tax to new areas, including automobile trade-ins and retail alcoholic drinks.

One compromise recently suggested by the Republicans would strip the measure of the controversial sections dealing with removal of tax exemptions from auto trade-ins, beer and liquor.

If the revised bill were passed entirely with Democratic votes, under this suggested compromise, then House Republicans would be (Turn to Page Fourteen)

## Air Force Chief Gives Information On Sonic Booms

LAS VEGAS, Nev. (AP)—Gen. Curtis E. LeMay, Air Force vice chief of staff, said today some of the newest military jet planes produce sonic booms 100 miles wide.

"So far as we know today, there are no technical or scientific solutions to counter this phenomenon," LeMay said in a talk prepared for the opening session of the World Congress of Flight here.

"We also know — from the amount of fan mail we receive on this subject — that these pressure waves, aside from causing considerable apprehension and discomfort, in some cases inflict physical damage to property."

LeMay declared that high airplane speeds and increased aircraft population have crowded usable air space to the degree where air safety and traffic control have become the major limiting problems.

If positive control of current traffic at all times was attempted with present equipment, three out of four planes would be unable to leave the ground, he said.

## Vinegary Little Jimmy Gleason Dies at Age 76

HOLLYWOOD (AP)—Vinegary little Jimmy Gleason, an actor for most of his 76 years, died Sunday night after an illness of almost a year.

Gleason was noted for his dour humor and his masterful double talk—talents which took him from the New York stage through more than two decades of Hollywood films.

His first role was being carried onstage in a play-at 2 months of age.

His last film role was as one of Spencer Tracy's political cronies in "The Last Hurrah." Many of his films are being shown now on television, including the Joe Palooka series, in which he played a fight manager.

In addition to acting, Gleason was also a producer and the author of two plays produced in New York. His film roles include "Life of Riley," "Come Fill the Cup," "What Price Glory" and "Here Comes Mr. Jordan."

Death came at the Motion Picture Country House Hospital in nearby Woodland Hills. He entered the hospital almost a year ago, suffering from chronic asthma.

## New Bridegroom Is Killed in Auto Crash

HAGERSTOWN, Md. (AP)—An 18-year-old bridegroom of nine days died Saturday in Washington County Hospital after being injured in an auto crash while on his honeymoon.

David Eastlake, of Johnstown, was injured last Tuesday when his auto and a cement mixer collided just east of Hagerstown. His bride, the former Ila Hildebrand of Mineral Point, Pa., is in fair condition.

The couple was en route to Washington, D.C. when the crash occurred. They were married in Johnstown April 4.

## Plan Workshops for The Mentally Retarded

HARRISBURG (AP)—Ten community workshops for the mentally retarded would be set up under a \$240,000 program Gov. Lawrence has asked the Legislature to back.

Lawrence said in a weekend statement that the funds would allow the state to provide money and advice to communities for expansion of present workshops or establishment of new ones.

The proposal is part of the governor's record \$1,907,000,000 budget.

## EARLY DECISION ON HOW LONG SECRETARY REMAINS IN OFFICE IS EXPECTED

By JOHN SCALI

WASHINGTON (AP)—President Eisenhower visited ailing Secretary of State John Foster Dulles at Walter Reed Army Hospital today. An early decision appeared probable on how long Dulles will remain in the Cabinet.

Eisenhower went directly to the hospital after arriving by plane from Augusta, Ga., where he has been on a golfing vacation.

Allan W. Dulles, head of the Central Intelligence Agency and brother of the secretary of state, arrived at Walter Reed five minutes after the President.

Already with Dulles were his State Department aide, Joseph N. Greene, and his secretary, Phyllis Bernau. They had gone to the hospital earlier in the morning. Among other things, they brought with them an electric typewriter.

Eisenhower grinned at newsmen and photographers as he stepped out of his limousine at the end of the 30-minute drive from the airport to the hospital.

"How'd all these photographers get up here?" he asked. Then to Maj. Gen. Leonard Heaton, the hospital commandant, and waiting hospital aides, he added:

"How did you get out here?"

Eisenhower was accompanied by his chief aide, Wilton B. Persons, Press Secretary James C. Hagerty and Maj. Gen. Howard Snyder, the President's personal physician.

Eisenhower had already arranged for a 24-hour return to Washington before Dulles flew back from Florida to re-enter the hospital.

The 71-year-old secretary, a world-renowned figure in diplomatic battles against the Soviet Union for six years, re-entered the hospital Sunday afternoon.

Looking haggard and considerably underweight, Dulles cut short his Florida rest stay to undergo a new head to toe check-up to determine what could be done to arrest the cancer.

Many of his worried aides glumly reported that barring a medical miracle Dulles probably would have to lay aside the foreign policy chores he loves so dearly.

The President was reported still hopeful that Dulles could serve as special adviser, at least, during the Big Four foreign ministers conference in Geneva May 11.

"I feel pretty good," Dulles told newsmen at the airport as he walked slowly down the ramp from the President's plane.

He even managed to joke about the weather, a windy mixture of sleet and rain. In appearance, however, Dulles was a far cry from the rugged (Turn to Page Fourteen)

## Two Children Dead in Blaze Near Wheeling

WHEELING, W. Va. (AP)—Fire department authorities from Wheeling were probing the ruins of two suburban homes today, trying to learn the cause of a fire that took the lives of two young children.

Craig, 5, and Marsha Yaeger, 3, were found dead Sunday in the basement of the Charles Yaeger residence at suburban Mozart.

The Yaeger family was awakened early Sunday by a fire that was working up from the basement of the house, Kenneth Taylor, a neighbor, saved the Yaegers' other two children.

Charles and Leola Yaeger and their son Gary, 6, were on the roof porch of the two-story house after Taylor was awakened by his wife. Taylor got the three people down from the roof porch as the fire burned behind them.

## Plans Announced for C-Day In Warren Co. Tomorrow

The number of lives saved from cancer is directly related to the number of dollars raised in the Warren County Unit, ACS Crusade which will be conducted throughout Warren County tomorrow, April 14, according to Colonel Edward Ayres, County Crusade chairman.

An accelerated program to increase the number of cancer cures can succeed if given enough public support. "The need is not only urgent, it is critical," Mr. Ayres said. "About a third of all cancer

patients are being cured today but this figure could be improved by 50 per cent, if enough effort is put forth," he continued.

Mr. Ayres explained that the American Cancer Society authorities have pointed out that at least one-half of all those who get cancer could be cured through early detection and prompt, adequate treatment.

This is a job the ACS can do if enough funds are available. "Money raised in the Crusade," Mr. Ayres pointed out, "is spent (Turn to Page Fourteen)

## House Approaching Showdown On Labor Bill

### LITTLE ROCK REPORTS ALL QUIET TODAY

LITTLE ROCK, Ark. (AP)—Three Negro girls strolled back into Hall High School for a second day of integration there with only a slight stir from segregationists.

Before the three Negroes arrived, two attractive white girls drove by in a convertible bearing signs:

"Integration is Communism" and "We Are For Faubus."

The 25 policemen standing by paid no attention to the car which did not stop.

Otherwise, the segregationists were quiet. Officers used clubs and fire hose on some 200 men, women and children near Central High School Wednesday to break up a mass protest.

Central reopens at 1 p. m. CST for its second day of integration. Only one Negro, Jefferson Thomas, 16, is expected there today. Elizabeth Eckford went the first day only to consult her counselor.

The three Negro girls walked into Hall at 9:26 a. m. CST, four minutes before school opened. They came up in a black Cadillac driven by a Negro man. A Negro woman was in the front seat and the three girls were in the back.

The car moved up in the regular line of traffic, cars bumper to bumper with police directing them. The Negroes' car stopped at a corner 150 yards from the school's front door.

The Negro girls walked down the street, crossed a driveway and walked into the school.

Ten white boys came out on the front porch of the school. They sat on a railing as the Negro girls approached but they said nothing to them as they went in.

Peace had been predicted for today, after Wednesday's violence and parade.

### Serious Charges Against Nursing Home in Indiana

EVANSVILLE, Ind. (AP)—Prosecutor O. H. Roberts Jr. said today he had prepared two charges involving operation of the Evansville Comfort Nursing Home where the Vanderburgh County grand jury reported patients' toenails were pulled out "as punishment for alleged misconduct."

The prosecutor declined to elaborate on the charges until warrants are served.

Roberts said Harold Barnes and his wife, Viola, are still operating the home although their state license expired July 1. The prosecutor said the couple failed to file a renewal application within the required period but since had filed one, which is pending.

He said he did not know how many patients are in the home now but relatives had removed several during the grand jury investigation.

Mrs. Barnes said the accusations are untrue.

The jury report said also that patients were punished for bed wetting "by pouring a disinfectant upon parts of their bodies."

The report did not say how many patients were punished.

### Extra Block of Marble Found in Famed Monument

WASHINGTON (AP)—What they found in the Washington Monument is embarrassing both the housekeeping and historical branches of the government.

It's a 200-pound block of marble. As big as a suitcase, it has lain unnoticed in a corner of a stair well for something like 80 years. Workmen found it when they installed a new elevator several months ago.

The big stone is apparently one of 189 sent from different states, countries and societies when the monument was being built during the last century—the job took 36 years, being finished in 1884.

This one is inscribed "Carthage," and sure enough, one of the gift stones was from the ruins of Ancient Carthage—donated by an individual. Only trouble is it was supposed to have been built into the monument with the other 188, and guide books list it there.

Why it wasn't is something Edmund J. Fitzgerald, superintendent and historian of the monument can only guess. He thinks it probably just got lost during the two decades between 1860 and 1880 when no work was done on the monument.

What's he going to do with it now? He doesn't have the answer to that, either.

### Bill Permitting Hike By School Dists. Signed

HARRISBURG (AP)—Gov. Lawrence has signed into law a bill preparing for a possible boost in the debt ceiling for all classes of school districts.

The measure approved Wednesday would raise the total debt limit for Pittsburgh and Philadelphia from 2 to 5 per cent of the latest assessed valuation of taxable property. The limit for other districts would be raised from 7 to 15 per cent of the latest valuation.

The law would not take effect unless an amendment to the State Constitution to allow increases in the debt limit is approved by the voters this fall. The proposed amendment has been passed by two sessions of the Legislature and will be on the ballot in November.

#### VETERAN NEAR DEATH

HOUSTON, Tex. (AP)—The last veteran of the Civil War, Walter Williams, 116, hovered near death today. A physician said he could live "only a matter of days."

By STANFORD BRADSHAW

SANTIAGO, Chile (AP)—The United States today proposed setting up a special peace committee to study the Caribbean crisis.

Secretary of State Christian A. Herter told a plenary session of the Inter-American Foreign Ministers' Conference that this committee would report to the 11th conference in Quito next February.

It would look into the causes of the tension that has spread throughout the area since Fidel Castro's forces took over Cuba Jan. 1.

"This committee might also be authorized to extend its cooperation to any of the states of that region in the solution of the problems that disturb their peaceful relations and which they are not able to resolve through direct negotiation," Herter said.

He called for a permanent organ of the Organization of American States such as the Inter-American peace committee to consider problems of that sort that have plagued the Caribbean region before they reach the point of becoming threats to peace.

None of the speakers mentioned Castro or Cuba specifically. But the Cuban revolutionary, and to a lesser extent Venezuelan President Romulo Betancourt, have been generally accused with being chiefly responsible for the wave of unrest in the Caribbean.

### HOUSEGROUP FAVORS HIKE IN GAS TAX

WASHINGTON (AP)—The House Ways and Means Committee today voted a one-cent increase in the federal gasoline tax effective Sept. 1 to keep the super highway program going.

The extra levy would remain in effect for 22 months.

The committee voted also to divert to the highway fund some of the taxes now collected on automobiles and automobile parts.

The gas tax increase is less than the 1½ cents asked by President Eisenhower, but is estimated to be enough to maintain the rate of highway construction at close to its present level for the next three years.

The committee action broke a long deadlock over sources of revenue to keep construction moving on the 41,000-mile network.

Although the committee on previous occasions had repeatedly turned down further increases in the gasoline tax, it reversed itself today and voted 16-9 to boost the 3-cent motor fuel tax to 4 cents.

The 4-cent tax would remain in effect until June 30, 1961.

Thereafter, additional funds would be obtained for the next three years by diverting from the general fund of the treasury one-half of the revenue from the 10 per cent automobile manufacturers' excise and two-thirds of the 8 per cent excise on automobile parts and accessories.

It was estimated that the extra highway money would allow appropriation to the state of \$1,800,000,000 this year for construction in fiscal 1961 starting next July 1, and 2 billion in fiscal 1962.

The highway fund has been exhausted by a speed-up voted by Congress last year as an anti-recession measure. At that time the pay-as-you-go feature of the law was temporarily suspended.

But with that section of the law back in force officials have said that without new money they can make no allotments to the states this year. Numerous states have already suspended contracting.

The federal government reimburses the state for 90 per cent of the outlays on the interstate system.

### Reds Fire New Charges Against Uprising in Laos

By DAVID LANCASHIRE

VIENTIANE, Laos (AP)—The Laotian government reported today that most of the Communist forces that infiltrated into northern Laos from North Viet Nam have withdrawn across the border.

Col. Phoumi Nosavan, secretary of state for defense, told a news conference the Reds left behind about 1,000 men, most of them Black Thai tribesmen or members of the Communist "Pathet Lao" movement of Laotians who formerly controlled the two northern provinces of Sam Neua and Phong Saly.

He predicted the next attacks would come in the dry season, from October to December.

The Communists began withdrawing five days ago on orders from North Viet Nam, Phoumi claimed, after the Laotian government had dispatched reinforcements and the local population had supported the government instead of the Reds.

The Communists first attacked Laos border posts three weeks ago.

Despite the military haul, the Communists kept up a propaganda barrage, charging that the United States is trying to convert Laos into a military base threatening Red China and North Viet Nam.

Peloping declared the situation in the Indochina kingdom "has worsened and become more grave."

### Los Angeles in Danger of Losing Dem. Convention

LOS ANGELES (AP)—A squabble that could cost Los Angeles the 1960 Democratic National Convention neared a showdown today.

Democratic National Chairman Paul M. Butler warned that unless a convention ticket dispute is settled by Monday he will start looking for another site.

Kenneth Hahn, Los Angeles County supervisor with whom Butler talked by telephone Wednesday, said he expects a compromise will be worked out by Saturday.

But, Hahn said, if that fails a new group is ready to finance the convention.

"I learned from a very high Democratic official that another group is ready to put up the \$350,000 to underwrite the convention," Hahn said. "It is willing to accept the 1,500 tickets offered by Butler."

He would not identify the Democratic official for the group.

The ruckus started when oilman Edwin Pauley, co-chairman of the host committee, demanded 5,000 daily tickets to help pay off the \$350,000 guarantee. He later agreed to a compromise of 3,113 tickets suggested by Los Angeles Mayor Norris Poulson.

Butler insisted that many tickets would not be available after necessary demands were met.

He said in Washington he would not budge from the 1,500-ticket allotment.

### Mystery Blasts Only Barrier Being Broken

RANDOLPH, Mass. (AP)—The pre-dawn stillness of Randolph was shattered today by three explosion-like sounds and a fire alarm.

Hundreds of persons gathered in the business district where firefighting equipment pulled up.

But everything was in order. Later, police explained that a patrolman heard the three explosion sounds and at the same time saw what appeared to be smoke coming from one of the stores. He pulled the fire alarm.

The explosions, however, were probably jet planes breaking the sound barrier and what appeared to be smoke was fumes from the store's air-conditioning equipment.

### Steel Negotiations Remain In Complete Stalemate as Industry Rejects Price Cut

By NORMAL WALKER

WASHINGTON (AP)—The steel industry, it was reliably reported today, has rejected a suggestion that it cut steel prices \$10 a ton in lieu of granting a wage increase in the current strike situation.

The suggestion was made by Rep. Chester A. Bowles (D-Conn.) in a letter to President Eisenhower, who in turn had it referred directly to Chairman Roger Blough of the U. S. Steel Corp.

Blough is said to have turned down the idea on the ground that in settling the monthlong strike, the steel companies are going to have to give the strikers some sort of wage increase anyway.

So far the industry's position is that it cannot, in the public interest, increase steel labor costs and thus spur inflation. The striking United Steelworkers contend that this is an attempt to reverse traditional American economic policy that workers are entitled to regular sharing in profits.

Bowles told a reporter if the industry went along with his proposals, he felt sure the steelworkers union would have to abandon its wage increase demands in the public interest. Bowles was the government's World War II price administrator.

With steel negotiations continuing in a complete stalemate in New York, other facets of the situation became known.

### Faubus Renews Attacks On Public Officials

LITTLE ROCK, Ark. (AP)—At a chicken fry in Mount Nebo, Ark., Wednesday night, Gov. Orval E. Faubus renewed his attacks on some Little Rock public officials for their role in the school integration controversy.

Faubus said he did not know if there was anything more he could do about the Little Rock situation.

"If there is, I'll do it," he said. He did not elaborate.

Faubus accused Police Chief Gene Smith of hitting a woman with a blackjack in Wednesday's street fight. The governor ridiculed police for arresting 24 persons in the incident. He said only three of those arrested were adults.

The governor said Everett Tucker, Little Rock School Board president, had shown in the past "some of the marks of a gentleman." After Wednesday Faubus said, we would not be willing to concede this description fitted Tucker.

LOAN CO. HOLDUP

JEANETTE, Pa. (AP)—Two bandits wearing sunglasses and armed with revolvers held up the Capital Loan Co. in this Westmoreland County community Wednesday and skipped with about \$600.

### CONTROL OF RACKETS IS MAIN ISSUE

By R. L. LIVINGSTONE  
WASHINGTON (AP)—The outcome of the bitter House battle over labor racketeering controls hung on a razor-thin balance today.

The result could be determined in a quick windup before nightfall—or drag on indefinitely. A half dozen votes could decide the issue.

The issue rested between a bill backed by Democratic leaders as a middle ground approach, and a more stringent measure personally supported by President Eisenhower.

As tempers flared, the House Wednesday defeated by an overwhelming 245-132 vote a measure carrying the official endorsement of the AFL-CIO and most other organized labor groups.

Sponsored by Rep. John F. Shelley (D-Calif.), the labor-supported bill skirted the issues of bans on secondary boycotts, "hot cargo" agreements, and other points stressed by the President as essential to effective labor legislation.

Its defeat had been a foregone conclusion. Both Democratic and Republican leaders opposed it as failing to meet the test of anti-racketeering curbs.

The House also killed, by a 215-160 vote, an amendment proposed by Rep. Adam Clayton Powell (D-N.Y.) to prohibit (Turn to Page Twenty)

### Final Reminder For Boys Making Journey to Akron

All boys who raced in the recent Soap Box Derby competition on Alexander street, are reminded by Scott Himes, Jaycees' Derby chairman, to meet at Beaky School Sunday morning at nine o'clock to join the group that will go to Akron for the National races that afternoon. Tickets will be provided each boy who participated. He also advises they should either have a lunch or money sufficient to purchase same during the day. Another important reminder is that each boy making the trip be sure and wear the official Warren Derby T-Shirt, as a means of identification after arriving in Akron.

Mr. Himes reminds that all parents interested in making the trip will be provided tickets. They are also advised that if they can drive their own car (Turn to Page Twenty)

### National Guardsmen Killed by Lightning

EL PASO, Tex. (AP)—Lightning ripped through a field headquarters in the desert north of here Wednesday, killing two New Mexico National Guardsmen.

Twelve others were injured. Names of the men killed were withheld by the Guard pending notification of next of kin.

Col. Glen Lovette, a New Mexico Guard spokesman, said the injured suffered principally from shock. He said all of them probably will be released from William Beaumont Army Hospital in El Paso today.

### Bust-Enlarging Injection Is Given Miss Universe Winner

TOKYO (AP)—A Tokyo plastic surgeon said today he gave a bust-enlarging plastic injection to Akiko Kojima before she won the Miss Japan and Miss Universe contests.

"Miss Kojima is just one of many such Japanese beauties who received plastic surgeon's treatments. A number of famous Japanese actresses also received similar operations," Dr. Toshizo Matsui said in an interview.

He confirmed a Tokyo newspaper report that Miss Kojima, a Tokyo fashion model had liquid plastic injected into her bosom at Matsui's hospital.

A spokesman for that newspaper Sanki Shimbun, sponsor of the Miss Japan contest, said (Turn to Page Twenty)

the report is unfounded. "We have seen her for the past four years, and there was no need for her to get bust surgery of any kind," he said. "We are still studying the report."

The doctor said the 24-year-old beauty came to his clinic a short time before the Miss Japan contest in June. He said he didn't measure her bust, but when she won the Universe title in Long Beach, Calif., last month her statistics were 37-23-38.

Miss Kojima is due here Friday. The newspaper Sports Nippon reported: "The operation is simple but painful. A coffee cupful of liquid plastic is in-

Venice Residents Want To Throw Out the Beatniks

By PATRICK McNULTY  
VENICE, Calif., (AP)—Beatniks and real estate agents at this real generation mecca by the sea are bugged at each other, man, real bugged.

Property owners want the beatniks thrown out by the scruff of their beards.

The beatniks want to stay because the rents are cheap, the weather pleasant and—as their poet Laureate Lawrence Lipton puts it: "Venice West may be a lousy slum, but it's a fine place for artists to create."

Alfred S. Roberts, president of the Venice Civic Union, says that since publication of Lipton's best-seller, "The Holy Barbarians," beatniks have been "pouring into Venice from everywhere."

"We've got to get on our feet and scream and get these people out of here," Roberts told a meeting of property owners.

In retaliation, the beatniks held their own meeting Saturday night at the Gas House, an old bingo parlor on the ocean front where they gather to paint, write, play chess and contemplate their beards.

Police ruled that the beatniks could not read poetry at the meeting without an entertainment license. So the group taped, to jazz accompaniment, a poem to Lipton, "Funky Blues

Elk Bridge Club Has Summer Picnic at Box

Elks' Bridge Club members gathered last evening at The Box in Pleasant township for their 20th annual summer picnic. Handing arrangements for the fine roast beef dinner were Dick Meacham, Harry Kopf, Jr. and Chingo Scalise, with fresh farm corn donated by Franklin "Red" Henry.

Several out of town friends joined the bridge players and the overflow from a six-table Howell movement enjoyed a pinocle game.

For the first time this year, Loranger Plastics Corporation has donated two plaques for the winners, names to be inscribed thereon and players to keep possession for one year.

Players drew for partners and average for the game was 55. In top-scoring positions were Gerald Huber and M. A. Kornreich, 70; A. J. "Moon" Scalise and Mike Siegel, 67; Dick Wolfe and Bob Sokolski, visiting from Boston, 66; Sylvester Mullen and Henry Hunzinger, 64½; Walter Pearson and R. K. McLean, here from Miami, 58½.

Taylorcraft Workers Reported Back on Jobs

CONNELLSVILLE, Pa. (AP)—Employees of Taylorcraft, Inc., who had refused to cross another union's picket line for a week were back on the job today.

The firm's 53 employees, members of the International Assn. of Machinists, agreed to return to work Wednesday after a union meeting.

Members of the Building Trades Council had set up the picket line at the Connelville Airport last Wednesday, seeking to unionize employees of Lance Call Co.

The company, which is building hangars at the airport, is headed by Taylorcraft president Lance Call. Taylorcraft operates at the airport.

Teacher Vacationing As Clown in Circus

LOS ANGELES (AP)—School teacher Tom Kelly thinks a teacher should do something really different in the summer. So he's doing it—as a circus clown.

Kelly, 23, has been teaching the fifth grade at Lowellville Academy in Lowellville, N.Y., for six years. In the summer he hits the road with Christian Bros. Circus, which opens here Aug. 20.

It was in 1956 that he got the idea that a circus ring would be a good contrast to a classroom. He wrote of his ambition to Ernesto Cristiani at Sarasota, Fla., and was invited to join up.

But even under the big top he can't get away from teaching entirely. Each morning he holds class for the circus people's children.

Situation At-a-Glance

**Steel Strike at-a-Glance**  
By THE ASSOCIATED PRESS  
Idle — About 500,000 striking steelworkers and some 107,000 employees in allied industries. Strike is 30 days old.

Negotiations — Joint talks continue in New York with federal mediators. United Steelworkers President David McDonald absent.

Washington developments — President Eisenhower reiterates he has no intention of intervening unless dispute develops into a national emergency. He also rejects idea of putting on any special drive to settle the strike before Soviet Premier Nikita Khrushchev visits United States next month.

Other developments — McDonald tells strikers at Youngstown, Ohio, big steel firms out to starve the strikers. He says "We will never quit."

Losses — Business losses for the industry are estimated at 300 million dollars weekly. Strikers lose about 70 million dollars in wages each week.

Issues — Union seeks a 15-cent-an-hour annual wage hike and fringe benefits. Industry says such demands would jack up steel prices and cause inflation.

Youths Complete Trip Down the Mississippi

NEW ORLEANS (AP)—Four youths landed Wednesday night after a four-week raft trip down the Mississippi River from Evansville, Ind.

They are Rusty and Tom Wing, brothers, from Brownsville, N. Y.; Burnham Beard, State College, Pa.; and Steve Vidler, Manhattan, N. Y.

The vacationing college students reported only one near mishap. Their wooden raft, powered by a 7½-horsepower outboard motor, was almost hit by an oil tanker south of Baton Rouge, La.

Vidler said they usually slept in YMCA's along the way, but at times stayed on the raft, much to the delight of mosquitoes.

IRVINE

IRVINE—Methodist WSCS members were entertained in the church basement, with Mrs. Laura Sweetland as hostess. President Laura Wing conducted devotions and several members participated in an enjoyable program. The hostess served lunch at the close of the meeting. The group will hold its September meeting at the home of Mrs. Ray Ongley.

Mr. and Mrs. Harley Wheeler and family were Sunday guests of her parents, Mr. and Mrs. Arthur Hamblin.

Mrs. Frances Thompson visited her uncle, Leo McCune, at the Odd Fellows' Home in Grove City Sunday.

Ralph Palmer, Front Royal, Va., is visiting his uncle and aunt, Mr. and Mrs. Lloyd Palmer, for a few weeks.

Mr. and Mrs. Clyde Lindgren, Tucson, Ariz., have moved into the former Drayner home.

Merle Fitzgerald is attending a two-week encampment at Indiantown Gap.

SANFORD

SANFORD—Frank Bristol has returned to his home in Ocean Side, L. I., after a few days visit at the home of Mr. and Mrs. S. M. Parker. Mrs. Bristol and two children are remaining for the rest of the summer with her parents. The Bristol and Parker families attended Old Home Day at Troy Center.

Other callers at the Parker home have been Mr. and Mrs. A. C. Branon and son, George, of Kane; Mrs. Dolbe Grettenberger and Mrs. Huntington, Tidouate; and Ruby Babcock, Warren.

While driving from Youngsville, Mrs. Ethel Garber had the misfortune to have the windshield of her car shattered by a stone thrown by a truck ahead of her. Not aware of the damage he had caused, the truck driver continued on his way.

The Van Guider reunion was held Sunday at the home of Mr. and Mrs. Elmer Van Guider, with about 150 in attendance. The three daughters of Mr. and Mrs. Noyd Chappel sang several choruses and Linda Dempsey played several accordion selections. Benton Van Guider served as president.

Mrs. E. Hendi, who is staying at Chautauque while her son is conducting the orchestra, was accompanied by William Kittel of Brooklyn, N. Y., for a visit with their half-brother, John Wittig, and family. Archie Brown met them at Corry and, with the Wittigs and daughter, drove them to Chautauque for the evening concert. Mr. Hendi and Mr. Wittig then flew to New York on a business mission. Mr. Hendi can be heard each Saturday at 7:00 p. m. over WJTN and will take his orchestra to Titusville for the Centennial.

Youngsville Kiwanis Host to Youngsters

YOUNGVILLE—At the regular Tuesday evening dinner-meeting of Kiwanis Club, members entertained their Intermediate baseball team, also Brent Horton, club-sponsored entry in the recent Jaycee Soap Box Derby. Attendance included 30 members and 16 guests.

Ed Turchan gave the invocation; Wyllis Johnson led group singing. "Great Land—Alaska," film strip by Bob Sutton, was shown by H. J. Sherwood and was much enjoyed by the large group.

Wyllis Johnson gave a report on the board of directors meeting held at Vern Hill's cottage on Lake Erie; tickets were distributed for the barbecue to be held August 22 in Island Park.

Workman Killed in Erie Forge Accident

ERIE, Pa. (AP)—A two-ton core snapped loose from a cable and fell on two men at the Erie Forge and Steel Co. Wednesday, killing one and critically injuring the other.

The dead man was Mike Smile of Erie. Casper Orzel, 60, also of Erie, was reported in critical condition at St. Vincent Hospital with a fractured leg and head injuries.

Plant officials said the two workers were putting the core into a mold when the cable snapped. A core is that portion of a mold which shapes the inside of a hollow casting.

**POTATO GROWERS SEEK Improved Marketing**

COUDERSPORT, Pa. (AP)—A spokesman for Pennsylvania's potato-growing industry declared today that better marketing practices are needed to keep the state's commercial growers from going out of business.

Leland W. Nixon, president of the Pennsylvania Cooperative Potato Growers Assn., said the ranks of growers have declined by 60 per cent in the past decade. He said the number will increase unless action is taken.

"We seek no government subsidies," he said in an address at the first annual "Potato Day" in this Potato City. "In an efficient marketing program the farmer should receive more and the consumer should pay less."

# Meeting for 8th And 9th Graders At Beaty Tonight

All interested parents of eight and ninth grade students will meet in Beaty Junior High School auditorium at 8:00 this evening.

At this meeting, a discussion concerning selection of subjects for next year will take place. Henry L. Powell, principal of Beaty Junior High School, will speak with parents of the eighth grade students, and Joseph Passaro, principal of Warren High School, will talk with ninth grade parents. Both principals will have talked previously with the students about this important topic.

For most of the eighth grade students it will be the first time in their school career that they have an opportunity to make their own choice regarding a few subjects and activities. For the ninth grade students it is a most important selection. The courses and subjects chosen now for the sophomore year will form the basis for their remaining years of education.

Any questions that may arise concerning selection of subjects and courses will be answered at this important Parents' Night.

All parents of eighth and ninth grade students are urged to attend, so they may help their children make a wise choice in the subjects offered for next year.

## Commission Says Conditions Good For Trout Season

HARRISBURG (AP) — The Pennsylvania trout fishing season opens Wednesday at 5 a.m. All indications point to a whale of a season.

The angler can look forward to finding bigger and more plentiful trout in Pennsylvania streams this year, the Fish Commission predicted today.

It credited good weather and water conditions and a bonanza season at the state's trout hatcheries for the bright outlook.

Present stream conditions are "ideal," the agency said, with reports from fish wardens across the state indicating that streams are "generally clear and below normal mid-April flows."

Commission fishery managers agree this means higher than usual water temperatures for this time of year. That encourages greater early season activity by the trout, they say, and affords as good prospects to fly fishermen as to bait fishermen.

The state fish hatchery system expects to have stocked Pennsylvania streams with about 2 1/2 million trout this year, compared with only some 1,800,000 stocked last year.

**YORK, Pa. (AP)**—A York Episcopal church congregation likes an occasional "jazz mass."

The Rev. James B. Frost, pastor of St. Andrew's Episcopal Church, said his check at the end of a special jazz service Sunday showed "more people liked it than disliked it."

"All found it interesting," he said, "but few wanted the new approach to worship services as a steady program."

The York mass used records of the music played last Sunday by a jazz combo at a much publicized Norwalk, Conn., church service.

About 250 people attended the special service.

**FENDER DENTING**

Attempting to pass an auto driven by J. E. F. Grotzinger, 4 Sixth avenue, D. B. Mack of North Warren struck the left front fender of the Grotzinger machine about 3:44 Sunday afternoon. Mr. Grotzinger was attempting a turn from Market street into Fifth avenue. Police estimated damages at \$155.

# Library Circulation Dep't. Head Relates an Interesting Story With a Happy Ending

The familiar friendly face of Mrs. Edna Swanson of 6 West Wayne Street, above, currently head of Warren Public Library's Circulation Department, is one we all know and love, for there are undoubtedly few of us she hasn't served on our numerous trips to the library. But we're not here to laud Edna on a job well done, we're here to listen as she tells us a story of hope, a story in which she aims her verbal arrows at cancer doomthinkers. Yes, CANCER, the number two disease killer in the United States today. As Edna takes up the symbol of the Cancer Crusade, the Sword of Hope, she tells us how just by chance she discovered a lump in her breast several years ago, and how she saved herself from cancer through early detection and treatment.

The following is a true account of her 'Just By Chance' discovery of breast tumors, as told to Public Information Head, Mary Harland.

"On a hot muggy night in July of 1956, I was reading in bed, and quite by chance, I discovered a lump in my breast. Naturally I was frightened, for the initial invasion of cancer is silent, painless, unwarning... but I was lucky. Although my recovery didn't depend on luck, I hastened to my doctor for that annual check-up the American Cancer Society urges all of us to have, and was told that although the tumor I had discovered was not malignant, to safeguard my future welfare, surgery was the best measure. I entered the hospital in August, some three weeks after that initial discovery, and today I feel that I have a long lease on life free of cancer cropping up." That's why I say that "This malady has been hedged about too long with the absurd belief that it is unmentionable. Let's break down the hedges; the unmentionables of cancer still claims too many victims."

Doomthinkers believe cancer strikes with inevitable sentence of death; they therefore procrastinate about seeing the doctor, and procrastination in cancer can be one's sentence of death. Too many of us cling to ancient myths and superstitions about cancer, in spite of the hope-giving facts. It is a

# Son of Former Residents To Be Ordained in Priesthood

Garden Grove, Calif.  
Monday, April 6, 1959

Dear Ed and All:

Slowing down in my letter writing, wonder could it be old father time catching up with me? Everything fine out here at present, hope it keeps that way, all of us real well.

I am still working every day, same company but am at a newer plant now and the closest one we have to home. It is the Alamitas Steam Station and is located just on the outskirts of Long Beach on the way to Garden Grove, about nine miles from home for me.

At present we are widening the road and soon it will be a divided highway all the way from home to the plant, with a clover leaf right at the plant entrance. We are coming east next month, leave here on Friday, May 8, expect to be in Warren on either Friday or Saturday, for sure May 16.

Will only be in Warren for about six days, then on to Louisville, Ky., for the ordination of our son to the priesthood. He will be ordained on Saturday, May 23, 1959, by the Most Reverend John A. Floersheim, DD, Archbishop of Louisville. We will leave Louisville on Monday, the 25th, and head for home, expect to be back here by Thursday night, May 28. Then on Sunday, May 31, he will say his first solemn mass

at 10:30 a. m. at St. Matthews Catholic church in Long Beach. A reception shortly after the mass will be held in St. Matthews School hall from 12:30 to 2:30 p. m., followed by a second reception at Blessed Sacrament School hall in Westminster from 3:00 p. m. until 5:00 p. m.

Our home parish is Blessed Sacrament, but due to its being remodeled at the present time, that is the reason for his first mass being said in Long Beach. By the way, St. Matthews was our home parish from 1940-47 until we moved out here.

Our daughter, Sister Maria Goretti, will fly to Louisville for her brother's ordination as will our youngest son fly also. They are tied up with school, so their time is shorter than ours.

Now about the Warren County reunion, it will be held same place as previous years on Sunday, June 21, 1959. We have all the letters ready for mailing, about 190 in all. Expect a nice crowd for no school affairs at this time of year to interfere.

About all for now, will see you all in May for just a moment or two. Hope you are all well, try to get all your rain either before we get there or postpone it until after we leave.

Best of regards to all and I'd like to get my new addresses of Warren county folks out here.

Thanks,  
Louis J. Giegerich  
and family.

# Speaker Says Little Johnny Is Most Misunderstood Boy

By G. K. HODENFIELD  
A.P. Education Writer

ATLANTIC CITY, N. J. (AP)—Little Johnny is the most misunderstood boy in America.

There doesn't seem to be anything wrong with him. It's just that he is a slow learner who can't keep up with his class in school. No matter how hard he tries, how much his teacher coaxes or how often his parents threaten, Johnny falls further and further behind.

"There are millions of Johnnys in this country and we aren't beginning to do enough for them," says Ivan K. Garrison, president-elect of the Council for Exceptional Children.

"We recognize the special problems of the physically handicapped and the mentally retarded, and we make provision for them. We're beginning to make progress on the problems of the exceptionally gifted student. But these are the extreme cases, fairly easy to identify.

"The slow learner, however, is the least understood of all our children, and the one for whom we've made the fewest provisions."

Garrison, attending the CEC convention here, said in an interview that each slow learner and his particular difficulty should be studied carefully.

"Part of the problem," he said, "is that we're apt to say 'Well, he's just a slow learner and we can't expect too much of him. We'll just have to let him work at his own rate and not demand any more than that.'

"The trouble with that theory is that it fails to recognize a child who has good learning ability and who should never be classified as a slow learner in the first place. About 10 per cent of the children in this country who are called slow learners are wrongly classified.

"Maybe he is emotionally disturbed, perhaps from the death of a parent. Maybe he is socially maladjusted because he has a disfiguring scar and the other kids make fun of him. Maybe he has a slight hearing or visual defect that hasn't been noticed. Maybe he is suffering from a brain injury that makes it difficult for him to learn although he has great intelligence.

"All these things can affect a child's learning ability. If we can find his trouble, perhaps we can cure him. We certainly owe it to him to try.

## Letter From Community Ambassador in Austria

By GAIL WYMAN

Just as the clock struck 7 a. m. we departed from Bruck and began our informal tour of Austria. The first day was filled with things and places to remember. As we wound around many mountainous roads and through the Simmering Pass, we caught sight of the first mountain railway in the world. This railway, built in 1754, was the connection between Vienna and Italy. Our first stop was the famous Forchtenstein Castle, which was built in the 13th Century and formerly belonged to the Hapsburgs. Although this castle was besieged three times by the Turks, it was never conquered. One outstanding feature was the huge well, which was 400 feet deep and water was drawn with a chain 600 feet long.

On we traveled to Eisenstadt, where we visited Hadyn church. While touring this church we saw amazingly life-like figures made by monks depicting the life of Jesus, and also the place where Hadyn was finally buried.

From Eisenstadt we traveled to the Hungarian border. Much to our surprise the border was merely a barbed wire fence and a water tower. After taking a few pictures we boarded our chartered bus and set out for Vienna, our final stop for the day. On the way we passed through Rust, where we saw storks everywhere. The belief is that storks originated here. Exhausted from a long day of traveling, we were all happy to retire early that evening.

During the next day we enjoyed the many beautiful and historic sights of Vienna, such as the Parliament Building, the Rathaus, the State Opera House, St. Stephens Cathedral, and Schon Brunn, Maria Theresa's summer palace. Each of us gasped with amazement as we toured this beautiful 45-room mansion. Rooms decorated with 14k gold and crystal caught our eyes. The magnificent ball room, which was large enough for 300 guests, was decorated with 900 candles. As far as we could see there were magnificent flower gardens. Reluctantly we departed from here to spend a delightful evening at the Prater Amusement Park, where the largest ferris wheel in the world is located. One ride—one revolution—lasted 15 minutes.

The next day we traveled from Vienna to Salzburg, arriving in time to see the Annual Torch Dance. Austrians danced in native costumes, while thousands of tourists enjoyed the brightly decorated city. From one day's wanderings we noticed that many tourists were in Salzburg, the birthplace of Mozart, for the Music Festival, which opened while we were there.

From Salzburg we again wound around many mountainous roads to 12,000 feet where we viewed the highest mountain in Austria, the Grossglockner. For a little privacy we climbed to a ledge overlooking the glacier and enjoyed a lovely picnic lunch. After capturing the beauty of this mountain on film we began to slowly wind back down around the mountains. From the windows of the bus we marveled at the picturesque valleys with patchwork fields, lovely houses and women working in the fields.

Traveling nearer to Leing we saw many such valleys, which have made lasting pictures in our minds. That evening we bade goodbye to Karl Pichler, our Austrian leader, who had to return to work the next morning. As the Austrian custom is, we took out our handkerchiefs and waved until the train was lost in the distance.

The next morning we crossed the border into Italy and traveled on to Auronzo. During the morning, we visited Cortina, where a former winter Olympics was held. From Auronzo we traveled to Lignano, where we would spend a week.

This week of travel had not only left us with never-to-be-forgotten sights, but had increased the friendships between the Austrians and the Americans. Right now I am sure that our group will make many lasting friendships this summer.

My next letter will tell about the week we spent in Italy.

Sincerely,  
GAIL WYMAN

## News of Hollywood

By BOB THOMAS

AP Movie-TV Writer

**HOLLYWOOD (AP)**—"The biggest problem I have is convincing producers I want to act. They wonder where they have heard the name Nancy Valentine. Then they say, 'Oh, yes, she was the girl who was married to the Maharajah of Cooch Behar. She must be so rich that acting is just a hobby!'"

Not so, says the beautiful blonde. She's acting because she needs to support herself and her daughter. And she's making headway. She is now doing her first feature movie.

Nancy is admittedly a publicity-created personality. To the general public—and film producers, too—she is one of those elusive names that pop up in the news and gossip columns.

But can she act?

"I've appeared on hundreds of TV shows," she says, "but producers always ask me, 'What have you done?' It's disheartening."

Between scenes of movie-making Nancy recounted some of her amazing history. She first came to Hollywood from New York as one of the long parade of Howard Hughes discoveries. She grew restless with inactivity and became an acting hopeful for David Selznick and Mervyn Leroy.

Enter the Maharajah.

Their alliance is clouded in legend, but it appears that they met in a Hollywood night club, he fell head over turban for her and took her to India as his wife.

"But India was undergoing an economic shakeup," she said. "If the country recognized our marriage, it would have meant the loss of investments that the roy-

alty had in banks overseas. About this time, my relations with the Maharajah were getting a little shaky anyway, so I decided to call it off."

She returned to Hollywood and three years later married wealthy Frederick Tillinghast III. This broke up after two years and one daughter. Now at 31, Nancy Valentine is working hard to make her career catch up with her publicity.

## WE'RE HAVING A BIRTHDAY

It was 59 years ago, today, Friday 13, 1900, that the Times Publishing Company was founded by the late S. E. Walker, and it is our happy privilege to reiterate part of the hopes and promises that were contained in an editorial that appeared in the first issue of The Evening Times, written by the late Chapin Hall, first editor, who later held an important position with the Los Angeles Times until his death some years ago. In reprinting these paragraphs we think it appropriate to offer a word of genuine appreciation to those who have helped to make those promises of 59 years ago come true.

"Backed by the good will of the community, we confidently expect by hard, consistent work to make a place for ourselves. Many of our friends have already signified their intention of recognizing their best interests, and The Times commences publication with a subscription list that we can present to advertisers with a clear conscience. Knowing that their patronage of this paper is not misplaced and that as a business proposition their interests demand that they give to The Times a liberal share of their patronage. As good an advertising medium as we believe it to be, it is the intention to make it even more valuable, and to persevere until those who find occasion to use our columns will be, as the testimonials read, 'unable to do without them.'

"We bespeak your patronage, we ask your assistance in compiling our news columns. Local news for a local newspaper, is our motto, although the events of the world at large will be covered up to four o'clock each afternoon by an excellent telegraph service. We want our readers to feel that they are connected with this paper, that they are assisting in the dissemination of news. There is a large territory to cover and if you 'know anything' do not be afraid to tell it, or telephone for a reporter. The action will be appreciated.

"With malice toward none and charity to all' we await the verdict!"

(Nine years ago, in our golden anniversary edition, we added this paragraph, which bears repeating today—down through the years the publisher, editorial staff employees, and all others connected with the paper have endeavored to subscribe and adhere to the pledges set forth in the above editorial. The verdict we leave to the thousands of subscribers, readers and patrons. In our humble opinion, it is overwhelmingly in favor of the founder and first publisher, S. E. Walker, his progressive and farsighted editorial writer, Chapin Hall, and staff.)

WASHINGTON (AP) — What's

behind President Eisenhower's

invitation to Premier Nikita

Khrushchev to visit him in the

United States?

One thing is sure: This meeting

will delay a showdown on Berlin

where the Soviet Union has

threatened to force Allied troops

out of the city.

But the following — except for

background material in parentheses

— expresses the President's

views.

The diplomatic situation could

not get worse. There aren't any

more cards to play. Eisenhower

wants to get something moving,

although he hopes no one will expect

miracles.

Only two roads to the future

are open:

1. Either you go along the road

of the armaments race by which

you defeat yourself or end up

with the cataclysm of war, or—

2. You try the road of mediation

in the hope some way can be

found to solve problems.

The President and the late Secretary

of State John Foster Dulles

had talked many times about the

idea of inviting the Soviet leader

to the United States. They agreed

it might be done when it would

serve a useful purpose.

Dulles, however, was concerned

about the effect on the Allies and

other nations. Timing was a key

consideration. Then last February

British Prime Minister Harold

Macmillan went to Moscow to see

Khrushchev. Dulles thought this

took him and Eisenhower off the hook and they now could invite Khrushchev any time.

(While it is difficult to look upon a meeting between the top men in governments — such as Eisenhower and Khrushchev — as anything but a summit meeting, Eisenhower seems to consider it just an informal gettogether.)

(He repeatedly has talked of a summit meeting as one which, in addition to himself and Khrushchev, would include heads of the American allies: Britain and France.)

The President has very modest hopes for any concrete results from Khrushchev's visit here. He considers him woefully ignorant about the United States. But Eisenhower has four main objectives in inviting him:

1. To get him to understand more accurately what the United States is.

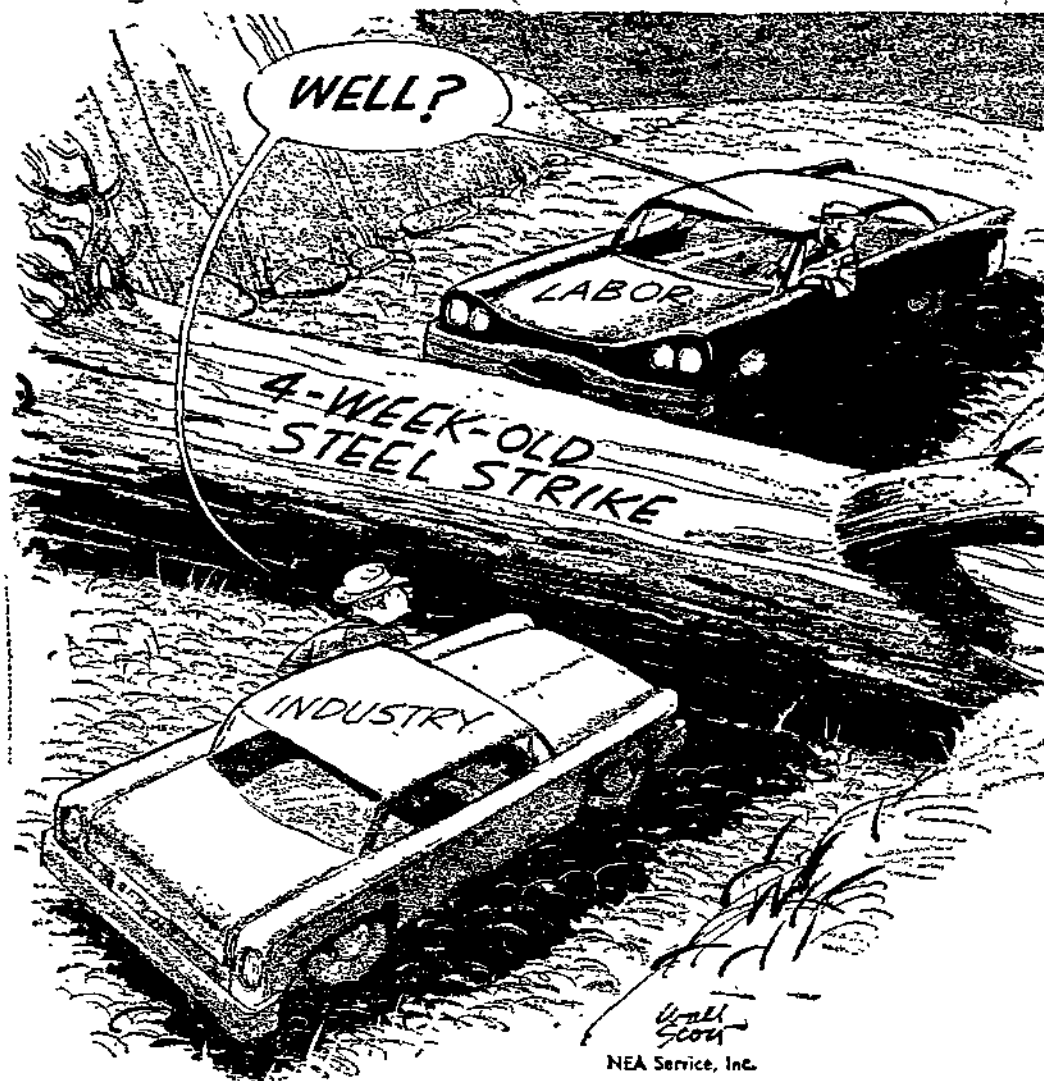

At his news conference Wednesday, for instance, the President explained he would like to take Khrushchev on a helicopter flight over Washington to show him the thousands of small homes around Washington, homes like the model on display at the American fair in Moscow.

The President would also like Khrushchev to see the parking lot at the Willow Run auto plant because he didn't believe it when Vice President Richard M. Nixon told him there were 60 million cars in this country.

2. The President would like to improve the climate of international relations.

## Here and There

Since we are observing today the 59th anniversary of the founding of the Times Publishing Company and the Warren Evening Times it seems fitting that we should reprint a few paragraphs from the early issues of the paper starting with August 13, 1900, through July, 1901:

August 13, 1900—First issue of Warren Evening Times printed with S. E. Walker as publisher and Chapin Hall, editor. A new Babcock Reban Press was part of the equipment.

August 17, 1900—London: A dispatch from Shanghai confirms the report that the Allies entered Peking today.

August 20, 1900—Sunday morning plans were presented to the congregation of the First Lutheran church for the erection of a new edifice, on the present location at Third and East streets.

August 22, 1900—Work has been started by the Street-Railroad Company removing their tracks in the West End, from the Pennsylvania Railroad crossing, west to the city limits.

August 25, 1900—Bob Fitzsimmons used his sledge-hammer fists to knock out Tom Sharkey in the second round of a boxing match at Coney Island.

September 4, 1900—Town council aired a protest against the Fire Department "being permitted to drive at full speed across the Suspension Bridge, as was done on occasion of a

recent fire, thereby rendering some repairs necessary."

September 20, 1900—Belle Mengle Archer, an actress of great beauty and ability, known from one end of the country to the other, died at Warren Emergency Hospital after three days illness. Miss Archer was playing here in "Jesse of the Bar Z", and her death was attributed to overwork.

September 22, 1900—Company I notified to be ready for dispatch to the hard coal district where the strike situation is serious.

September 27, 1900—More than 200 persons assembled at Haugan Hall to form an Emery Club to support the candidacy of Lewis Emery, Jr., of Bradford for Congressman of the 27th District. F. A. Steber was elected president of the club.

October 6, 1900—The Warren YMCA, built at a cost of \$40,000 was declared debt free following an impressive mortgage burning ceremony.

October 26, 1900—The Sibley Republicans have claimed Sheffield as their stronghold, but had they been there Thursday evening they would have been inclined to change their views. Candidate Lewis Emery Jr., received a hearty welcome.

November 7, 1900—William McKinley re-elected president by a larger majority in the Electoral College than he had in 1898, though his majority on the

popular vote is likely to be smaller. Mr. Sibley was elected congressman.

December 15, 1900—The concert of the Pittsburgh Orchestra Friday evening at the Library theatre was a grand success.

December 21, 1900—The Christmas rush at the post office has commenced and from now on there will be no rest for the clerks and carriers.

December 22, 1900—The most disastrous fire that Warren has seen since the burning of the old Savings Bank building occurred this morning when the Johnson Exchange, one of the old landmarks, was burned.

January 17, 1901—Hamilton, Ontario, defeated the Warren YMCA team 30 to 14, at the local Y. During the intermission John Ensworth gave an exhibition of electric club swinging.

February 7, 1901—Borough council at the February meeting completed plans for paving Pennsylvania avenue west.

March 4, 1901—William McKinley was inaugurated for the second time in his career, president of the United States.

April 11, 1901—Struthers Wells & Co. have just completed at their works and started in operation, the largest gas engine which has been turned out by this concern. The engine is of the vertical twin-cylinder type, developing from 250 to 300 H. P., according to the speed at which it is run.

April 18, 1901—An important transaction has been consummated by which E. T. Hazeltine retires from the management of the Pisco Company and disposes of his holdings to what is known as the Talbot Interests, that is W. A. Talbot, of Warren, and his sister, Mary Talbot Fisher, of Yonkers.

April 20, 1901—Pittsburgh: Twenty-one feet of water in the Allegheny and 19 feet in the Monongahela at ten o'clock this morning and rising at the rate of one foot an hour. The flood is expected to exceed that of 1884.

May 16, 1901—Warren has a new industry that will, if its management succeeds in carrying out their plans, make Warren known far and wide. It is known as the W. C. Bennett Piano Co.

May 30, 1901—Memorial Day: Early in the afternoon men in blue were seen hurrying about the streets and at 1:45 Company I to the number of 26 formed in front of the G.A.R. headquarters in Liberty street and escorted the veterans to the Library theatre where the exercises were held. The Warren Cornet Band preceded the company playing the "Dead March" from Saul.

June 13, 1901—Graduation exercises were held at Library theatre for the Class of 1901. It was the largest class ever graduated from Warren High School its roll containing 37 names. Of this number 17 were young men, a most remarkable showing.

June 27, 1901—Philadelphia: Members of the Anti-Tramp Association meeting here, launched a determined effort to rid the state of tramps. A resolution said: "The tramp evil in the state of Pennsylvania has now assumed such proportions that the lives and property of our citizens are constantly menaced by it."

July 11, 1901—The board of control of the Library Association has decided to limit the number of theatrical productions to be presented under the

## Radio and TV

By CHARLES MERCER

NEW YORK (AP)—Hans Conried was brooding the other day over the new phenomenon of "personality" as introduced to modern life by American television.

After years of steady employment as a perfectly respectable actor (everything from Shakespearean roles to mad scientists) Conried went on the Jack Paar Show and quite soon found himself a "personality."

"At first I felt naked," he recalled. "There I was, Conried playing Conried, with no role to hide behind. I had to talk, and that wasn't too hard, of course. I've been talking since I was a year old. Then, I guess, I began creating the personality of Hans Conried, a role to hide behind."

But who, asked a fellow, really is Conried? What is he?

Conried fixed his dark eyes on the fellow somberly and offered an item, a clue: The true Conried lives, happily with his wife and two sons in a large California house that contains 7,000 books, most of which he's read. But he refused to divulge anything further about the secret life of Hans Conried except that he wants another bookcase in his house and there doesn't seem to be room for it.

Conried has become a "personality" thanks to his appearances on the Paar show and other TV panel programs. But it hasn't hurt his professional career as an actor. In fact, his career has been enhanced, with more offers for better roles.

Next Sunday, for example, he will co-star with William Bendix in "The Ransom of Red Chief," an NBC-TV special which also features Mickey Rooney's 9-year-old son, Teddy.

auspices of the theater management during the 1901-1902 season to 25, and by that action the citizens of Warren will be allowed the privilege of attending approximately one performance every two weeks.

July 18, 1901—Paris: M. Stanton Dumont in a trial trip for the grand prize of the DeLaure club successfully covered the stipulated course from the park at Mondon, around the Eiffel Tower and return in 35 minutes.

Taken from the files of the Warren Weekly Times, March 21, 1901: "Notice to Subscribers—The Times Publishing Co. has purchased the business and good will of the Press, whose patrons will be served hereafter with this paper. All subscriptions to the Weekly Press will be faithfully fulfilled, and we ask your cooperation in making the Times the ideal county newspaper. We thank you in advance for any favors or business that may be extended this paper, and trust that our readers will have no reason to look upon the change, but with pleasure."

## EFFECTS OF STRESS DURING PREGNANCY

Good health during pregnancy is important to development of the child, particularly during the first three months of pregnancy when the organs of the infant's body are being formed. Should the mother become ill at this stage or suffer from malnutrition, the baby may be born with defects of the heart, eyes, ears, or other structures.

This is not a hard and fast rule, however, as some women deliver perfect babies even though they were severely ill during pregnancy. Considerable research is being conducted along this line. Dr. B. Pasamanick and his group have postulated from their work that a relationship exists between the health of the mother and the condition of the offspring.

A severe illness or period of stress during pregnancy, for example, may lead to a stillbirth; a lesser illness may be responsible for cerebral palsy, epilepsy, or mental defects. Behavior problems, reading disorders, or ties later in childhood, may be the outcome of a minor disturbance.

The maternal conditions that correlated most closely with abnormalities in the infant were hemorrhage, premature separation of the placenta, and toxemia. These complications, unavoidable in many instances; should they develop the circulation of the child is affected.

These findings are based on a relatively small statistical study and cannot be accepted as gospel truth. On the other hand, there may be something to the theory in that one case of epilepsy in 10 may stem from such a complication.

Dr. Pasamanick's study showed also that the child of an undernourished mother might fail to develop properly. Mentally defective babies, for example, are more likely to be born in January, February, or March. These children are conceived in late spring and their fetal months are lived during the summer when mothers eat less protein.

One English editor is not convinced. He points out that the diet of the village women in Bengal contains only a fraction of the protein eaten by American women during heat waves, but there is a low incidence of epilepsy, cerebral palsy, and mental defects in the Bengali children.

## LUMBAGO

W. L. writes: What causes muscle spasm in lumbago?

## REPLY

In some instances, lumbago follows strain or injury but in the majority of cases the cause is not known. This is particularly true when the condition develops overnight and is so severe the individual cannot get out of bed. In these instances it is believed the muscles of the back or the fibrous framework become swollen as a result of inflammation.

## BULL-NECKED

J. Z. writes: My husband is not overweight but his neck is thick. Is there any way to reduce it?

## REPLY

No. If the thickness is due to well developed muscles the neck may lessen in size with the years. On the other hand, if it is a family characteristic, his only hope is to get another set of grandparents.

## Business Mirror

By SAM DAWSON

AT Business News Analyst NEW YORK (AP)—Cheaper, or at least stable, food prices and the wherewithal to pay them are implied today in two government reports.

One predicts abundant harvests. The other reports record employment as the nation heads into the period that usually sees the lowest volume of unemployment for the year.

A prolonged steel strike could cause layoffs in factories that need the metal. This would cut total consumer incomes. But if settlement can be made by mid-September, unemployment should divide further. Any more paychecks would add to the increasing total of personal incomes.

Abundant supplies of most foodstuffs is reported by the Agriculture Department. And the chances for cheaper meats soon are based on two factors: above-average production of feed grains and hay; and the steady buildup in livestock herds so that more animals will be shipped to the market this fall and next year.

The corn crop is expected to be the biggest in history, topping last year's record by 10 per cent. The hay crop is larger than the 1948-57 average. The department estimates total production of feed grains as 135 per cent higher than the 1947-49 average.

This means that livestock raisers will have abundant feed for fattening cattle, pigs and lambs. They have been bush build-

ing up herds depleted during the drought years. This will soon be pushing more steers into the stockyards and it should end the policy of recent years of withholding breeding stock.

The hog population seems sure to stay high through the fall and spring. Big corn harvests tend to boost hog production.

Thus meat supplies should grow more plentiful and prices should ease.

After Labor Day—if the steel strike ends in a few more weeks — employment, workweeks and earnings all should rise.

The auto makers will be starting work on the new models. Other manufacturers will be turning out goods for the Christmas and general winter trade. It could mean another boom.

## Thought for Today

Therefore, since we are surrounded by so great a cloud of witnesses, let us also lay aside every weight, and sin which clings so closely, and let us run with perseverance the race that is set before us.—Hebrews 12:1.

THE DESK from which Ike delivers his TV speeches is made of planks from the 19th-century British ship Resolute. The Resolute is the famed vessel that drifted 1,000 miles in the early 1850s after it was abandoned in the Arctic.

The latest issue of American Heritage explains that a U.S. whaling boat found the wandering ship and towed it back to England. Queen Victoria was so grateful that when the Resolute was scrapped, she ordered a desk made from the wood and sent here as a gesture of thanks.

HUNDREDS of Washington partygoers were startled recently to receive in the mail a complaint

from Michael O'Reilly of the Whiskey Distillers of Ireland. His gripe was to the effect that Americans can't tell the difference between Irish whiskey and Kentucky bourbon.

The reason, O'Reilly says, is that Americans use the imported booze only to make Irish coffee—a concoction of whiskey, coffee and whipped cream. The result is that the liquor's taste is hidden.

To help Irish coffee addicts break the habit with a minimum of withdrawal symptoms, O'Reilly enclosed the following recipe:

## AN IMPORTANT DATE

Wednesday, April 15th, looms as one of the most important dates of the spring season for a host of people—since it is the deadline for filling that 1958 income tax form, and will also mark the opening of the trout fishing season in Pennsylvania.

As an Associated Press dispatch says "All indications point to a whale of a trout season," which opens at five o'clock a. m., day after tomorrow.

According to information carried in this paper during the past several weeks the anglers may look forward to finding bigger and more plentiful trout in Pennsylvania this year, and especially in streams in the Warren county area.

The Fish Commission credits good weather and water conditions and a bonanza season for the state's trout hatcheries for the bright outlook.

Fish wardens report present conditions "ideal", with most of the streams generally clear and below the normal mid-April flows.

Dispatches say the fish hatchery system expects to have stocked Pennsylvania streams with about 24 million trout this year, compared with only some 1,800,000 a year ago.

## CIVIL DEFENSE ALERT

Warren county along with the rest of the state joins with the nation in a practice air raid alert Friday. Releases on the test state that it is to be one between county and local municipalities with the State Civil Defense officials taking a back seat, and just looking on. It is scheduled between 9:30 a. m. and five p. m. Radio stations will go off the air for a half hour starting at 11:30 a. m., the only exception being those with Conelrad Broadcasts. Conelrad means "control of electro magnetic radiation."

The public will be required to take cover during the test. The Alert signal will be a five-minute steady blast on sirens or other warning devices. After an interval of cover during which a "make-believe enemy air raid will be taking place" the all clear signal will be sounded and the mock raid will be completed. During the Conelrad test, Gov. Lawrence will speak to Pennsylvanians.

Whole-hearted cooperation of the general public will be necessary if the important test is to be the success those in charge are hoping it will be.

WASHINGTON (AP) — Just how much of a looking over will the Internal Revenue Service give my income tax return for 1958?

A lot of people may be wondering that, since the deadline for filing returns is Wednesday. This year, IRS says, there will be returns from around 60 million individuals, 975,000 corporations, and a million partnerships, plus 20 million employment tax returns, and 3 million returns on federal excise, alcohol and tobacco taxes. There will be 260 million documents involving those returns.

That's a lot of looking over for the 50,000 people employed by IRS in its nine regional, 64 district, and 800 branch offices. Of the 50,000, about 15,500 are auditors but a lot of the others are used in checking returns.

In the case of some of the biggest corporations, IRS assigns three to five agents all year around because they have complexities never dreamed of by an individual taxpayer.

Last year 2,841,000 returns—including 159,000 from corporations—were completely checked. This means more than just checking the arithmetic. A complete check means auditors went over the books of corporations or the records of individuals.

This year about 30 million people will have used the short-form 1040 because they made less than \$10,000 in salary and fitted other requirements for using this simple return. These get looked over to see that the exemptions tally.

But they can be run through electronic computer machines which not only can determine the tax but can figure out whether you overpaid or still owe some tax.

All those reporting income over \$10,000 not only get their arithmetic checked but also get a going over by an experienced agent

## Here and There

"Big Joe", colorful Venture-town personality, joins the annual Warren County Crusade in the fight against cancer, by stating that he won't drive any car but his old 1930 Model A Ford coup, until the local unit of the American Cancer Society makes its quota. With balmy spring weather on the way, and a brand spanking new Cadillac parked in his garage, Joe has every reason to be filled with woe, but since killer cancer struck last year in Joe's immediate family, he is ready and willing to make every sacrifice to see that others guard their family by fighting cancer with that annual check-up and a check. And in order for all townspeople to see that he means business, Joe will drive around the streets from time to time this month beeping the tin-pan-alley horn which tells you immediately it's a '30 vintage designed by Ford, and its owner could only be one man.

Big Joe of Venturetown. The Warren County Unit's cancer crusade quota set at \$15,000 for the '59 campaign must be met before Joe stops riding in his ancient crate. Let's all take up the symbol of the crusade, the sword of hope, and help

fight cancer with that annual check-up and a check. Back in April, 1909, the Daughters of the American Revolution were busily engaged in completing plans for a Tag Day to be staged Saturday, May 8th, the purpose of which is explained in the following which appeared under the column "Topics of the Day", "The D.A.R. Tag Day Saturday May 8th promises to be the biggest event of any kind ever attempted in this county and the ladies are receiving fine support from the people of the area. There seems to be in some quarters a misunderstanding regarding the monument for which this fund is being raised. It is for the monument of General Joseph Warren, and will stand at the Western point of the small park near Trinity Memorial Episcopal church. It has no connection with the Soldiers' and Sailors' monument being erected by the County Commissioners, and the two should not be confounded. The D. A. R. monument will perpetuate the memory of the Revolutionary heroes and the other is to the memory of all soldiers and sailors who ever

went to war from Warren county."

And this from the same column fifty years ago: "The melancholy days have come—the saddest of the year; the carpet's on the clothesline and incessant whacks we hear: The bedding's in the kitchen and the beds are in the hall, the pictures are upon the floor while some one dusts the wall. The melancholy days are here, the days of soap and brush. Stove polish daubs the silverware (there's pie in Shakespeare's bust) the piano holds some frying pans—the bathtub's lined with books—the women folks, oh, who could tell who they strom of the Hickory Street. The glad housecleaning time of were by their looks. Sing hey! sight to see—through a big telescope!"

It was also noted—"A representative of the Barnum and Bailey circus is spending the day in the city arranging for the appearance of the show here June 12th. There are some difficulties in securing of a lot whereon the show could pitch its tents, as the property owners seem to be endeavoring to hold up the outfit to the limit. The Barnum Show is now owned by the Ringling Brothers, and the Ringling Brothers show will play the larger cities this year, while the Barnum show will visit the provinces."

And finally—"Harold Sandt dust soap! It is a glad some Theaterum has arranged to give a percentage of the receipts of Thursday afternoon and evening and Friday afternoon and evening to the International Typographical Union, of Warren. The Union is a large one, and the benefit is widely advertised. Fine pictures and the latest and most beautiful illustrated songs will be given. Large crowds will doubtless attend." (Note—the Theaterum was located in the building in Hickory street where the New Process is now located, later destroyed by fire.)

## Boyle's Comment

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The American grandma seems to be getting younger. The average woman in this country now has her last child at the age of 26, becomes a grandmother at 44.

In the Soviet Union 80 per cent of the college students are paid by the government to go to school. Soviet professors get up to \$60,000 a year plus, in some cases, a summer home and a chauffeured car. But their freedom isn't even academic!

What do you pay for medicine? The average prescription now costs \$2.90. And more and more women are getting notions of a career amid the lotions. Some 12.1 per cent of students in pharmacy schools are women.

A milk cow really enjoys being on the wagon. She drinks between 12 and 15 gallons of water every day.

## How to Keep Well

WEATHER AND THE DEATH RATE  
Many years ago Ellsworth Huntington concluded that temperate climates provided the best environment for man. His conclusions were based on the fact that the major civilizations of the world had developed in such areas. In addition, mortality rates were lower than in the arctic and the tropics.

But there is more to health, life expectancy, and death rates than the place where a person lives. Excessive cold or heat, for example, often is blamed for higher death rates in Alaska, Greenland, India, and equatorial Africa. This is not necessarily true, according to two Harvard scientists, Dr. John E. Gordon and Carl L. Ehhardt. In their opinion, we have little factual data to prove this contention.

In Alaska, for example, low temperatures are responsible for a variety of indirect effects on health. At 25 degrees below zero it is difficult to remain warm, even indoors, and there are problems associated with the water supply, waste disposal, seasonal food shortages, and difficulties in communication and transportation. Injuries may be handled improperly because of lack of warm water, in case of illness or accidents.

A comparable situation exists in the tropics with its deserts, insects, jungles, and grasslands. Malaria, sleeping sickness, skin diseases, parasites, lethargy, and crop failures are related indirectly to high temperature, humidity, drought, and other adverse weather conditions.

Extremes in temperature occur also in the temperate zone but they are measured in hours, days, or weeks. Deaths during these times are attributed to lack of acclimatization. Many oldsters remain at home during heat waves and cold snaps and are not exposed. Nevertheless, the mortality rate in New York, for example, is lowest in summer.

## Business Mirror

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — A lot of businessmen believe that if clothes make the man the package makes the product you will buy.

And industry is now spending 15 billion dollars a year to wrap the materials for manufacturer and shipper and the final product for you. This is 350 per cent more than it spent just before World War II.

Research engineers are thinking up new packaging gimmicks constantly — paper that stretches, aerosol metal cans that measure exactly anything from a drop of flavoring to spoonfuls of flour, paper containers in which frozen foods can be cooked electronically, polyethylene coated paper pouches in which precooked foods can be made ready for the table by dropping in boiling water, rigid opaque paper containers for sale in supermarkets of brasieres, panties and socks.

The competition is growing—tin cans, glass jars, squeeze bottles, tubes, paper containers, plastic or metal foil wrappers.

Robert H. Evans, Olin Mathieson Chemical vice president, says that since prewar days sales of paper and paperboard have risen 439 per cent, metal containers 284 per cent, corrugated and solid fibre can 490 per cent, sanitary food containers 1,415 per cent, paper bags and sacks 554 per cent. Last year 403 million pounds of cellophane were produced, or double the 1948 output.

William C. Stolk, American Can president, says half of his firm's 1958 sales were of products unknown 20 years ago. He expects

the industry to produce 555 million aerosol pressure cans in 1959 and sales of spray paint cans to hit 80 million, up 10 million from 1958. Stolk hopes for big things when the price comes down on aluminum cans, now used for motor oil, beer and barbecued sardine filets.

John Warren, technical advisor of the packaging division of the American Management Assn., predicts a 30 per cent rise in the industry's production by 1963, partly due to the expected growth in population with the increase in needs, and partly due to the steady trend to more prepared products packaged for easier sales and ready use.

At his association's National Packaging Exposition and Conference in Chicago this week some 400 producers or suppliers are showing new gimmicks.

Westinghouse Electric is stressing cost cutting redesigns for use of aluminum, aerosol and display cards. International Harvester shows how to pack service parts, with emphasis on requirements of the armed forces. Parke, Davis is demonstrating production control for automated packaging. Royal McBee has a polystyrene cocoon for shipping heavy precision equipment. General Foods is exhibiting its gourmet foods operation.

Impulse buying is a prime problem always. But Dr. Myron J. Helfgott, head of the Package Research Institute, affiliate of Lippincott and Margulies, New York industrial design firm, says the big change this year will be away from machines and gimmicks to packages that will both sell at the store and resell themselves when the housewife gets them home.

MR. AND MRS. NOBLE FRANKLIN CLARK

Pittsfield Evangelical United Brethren church was the setting April 4 for the marriage of Bonnie Lee Wolfe, daughter of Mr. and Mrs. G. Homer Wolfe of Pittsfield, to Noble Franklin Clark, son of Mrs. Stuart Houghton of Corry and the late Ralph Clark of Warren.

The double ring ceremony at 3:00 p. m. was performed by the Revs. David Ostrander and Floyd Martin. Vocalist was James Thompson, singing "I Love You Truly" and "The Lord's Prayer", with Betty Danielson at the organ.

Wearing a ballerina length gown of white net over satin, with matching illusion net veil, the bride was given in marriage by her father. White carnations and orange blossoms fashioned her cascade bouquet. Her maid of honor and only attendant was Maxine Danielson, wearing idescent taffeta and carrying white carnations.

Gifford Clark served his brother as best man; ushering

were Noyd Chappel and Winston Wolfe.

Mrs. Wolfe selected a jacket-dress of blue satin. Mrs. Houghton chose white accents for a blue outfit.

The reception for 200 guests followed in the church social rooms, with Marie Wolfe, Janice Wolfe, Janet Wilcox, Marilyn Jones, Carol Minigle and Carol Clark as aides; Mr. and Mrs. James Thompson as master and mistress of ceremonies. Out of town guests came from Erie and Smithport.

Returning from a Florida honeymoon, the couple will be at home to friends in Pittsfield after April 18.

Mrs. Clark, a Youngsville High School graduate, has been employed by Interleptic; Mr. Clark, also a YHS graduate, is associated with Clark and Chappel Contractors.

Hostesses who have honored the bride are Mrs. Noyd Chappel, Maxine Danielson, Mr. and Mrs. James Thompson, Mr. and Mrs. Harold Thompson, Mr. and Mrs. H. S. Thompson and Janet Wilcox.

MR. AND MRS. LAWRENCE J. DARROW

Shirley Mae Egbert, daughter of Mr. and Mrs. Charles A. Egbert, 217 East Main street, Youngsville, became the bride of Lawrence J. Darrow, son of Mr. and Mrs. Michael Darrow, 233 Cole avenue, Jamestown, N. Y., in a double ring ceremony performed at 2:00 p. m. April 4 at Youngsville First Methodist church by the Rev. J. Norman Holder. George Johnson, of Warren, played traditional wedding music.

Given in marriage by her father, the bride chose a white ballerina gown with organza lace bodice and embroidered skirt. Her tulle veil was decorated with seed pearls and she wore matching pearl earrings, the bridegroom's gift.

Mrs. Ivan McCanna served as matron of honor for her sister in a blue princess style gown, and carried a colonial bouquet of yellow carnations. Bridesmaids were Eleanor Darrow, the bridegroom's sister, and Ann Schwanke, dressed alike in yellow princess gowns and carrying blue carnations.

The flower girl, Lynette Rhodes, wore yellow organza and carried a colonial bouquet. Ringbearer, Andy McCanna, carried the two rings on a white satin pillow.

### LACY PTA

The group sang "Happy Birthday to Sadie". Rev. Roushey, of Youngsville Free Methodist church, gave prayer. Present were Mrs. Clarence Carlson, Mrs. Josephine Larsen, Mrs. Elmer Johnson, Mrs. Melvin Sawson, Mrs. Harry Swanson and son, Larry, Mrs. Carl Nelson, Miss Julia Nelson and Mrs. Ray Warner, Clarendon.

### ST. JOSEPH'S PTU

The regular meeting of St. Joseph's Parent-Teacher Unit will be held at 8:00 p. m. Tuesday, with classroom visitation for parents from 7:00 to 8:00. Guest speaker will be Dr. Raymond Lowe.

### 97 CANDLES FOR MRS. KATE SHAW

Mrs. Kate Shaw, oldest resident of the Watson Home, was honored guest Friday evening for a dinner honoring her 97th birthday observance, the table centered with lovely spring flowers. Her minister, the Rev. Forest Sparks, of First Baptist church, and his family, were guests. Mrs. Shaw has been a guest at the home the past 14 years, and her many friends extend her best wishes.

## Student Council To Gather at Eisenhower

Eisenhower High School will be host to the Pennsylvania Northwest District of Student Councils, which opens tonight with a banquet, with Dr. Everett Landin as guest speaker, followed by a get-acquainted dance. Sixty-three schools will be represented.

A general session will be held Tuesday, with Dr. Frank O'Donnel, from Rochester, N. Y., guest speaker in the morning. During the day there will be various group discussions, led by schools in this district and dealing with problems of the Student Council.

Present will be eight exchange students from the following foreign countries: Italy, Turkey, Germany, Bolivia, Milyea, Switzerland, Japan and Costa Rica. These students will also lead discussion groups concerning their particular countries.

A farewell banquet will be held at 5:00 p. m. Tuesday, when election of various officers in the Northwest District for next year will be held. Patricia McKinney, from Eisenhower School, is president, and Howard Thompson is faculty advisor for the Student Council this year.

### GIRL SCOUT COOKIE SALE

Warren-Forest Girl Scout Council wishes to extend its thanks to the thousands of families who have purchased cookies during the past ten days, as the response has been most gratifying. As in past years, income derived from the cookie sale is used to further the camping program of the council. The many improvements at Birdsall Edey have been made possible through former cookie sales.

This year's sale is continuing, and both varieties of these tasty cookies are still available. Every Brownie and Girl Scout in both Warren and Forest Counties is a salesman, or orders may be phoned to the Girl Scout office, 1895.

## ENGMAN FAMILY ANNUAL REUNION

LUUDLOW — The Engman family reunion was held August 9 at the Leland Engman home, with 31 in attendance and Mrs. Earl Cornett, of Madera, Calif., as a special guest. She just recently returned from a tour of Europe, having left in April to meet her missionary-nurse sister, Ebba Anderson of the Tanganyika area in Africa, who works with natives under the National Lutheran Council.

They met in Florence, Italy, and toured the continent, visiting friends there and in Scandinavia and England. Mrs. Cornett showed many interesting films of California, their grape ranch, and of Europe.

The following were in attendance: Mr. and Mrs. Lyle Hallberg, Pittsburgh; Mr. and Mrs. Lorraine Engman, Erie; Mr. and Mrs. Edward Engman and son, of Warren; Mrs. Ebba Gustafson, Mr. and Mrs. Vernon Hallberg and family, Mr. and Mrs. Clarence Brinkley and son, Mr. and Mrs. Harry Bray, Kane; Mr. and Mrs. Arthur Christenson, Martin Engman, Mrs. Arlene Markey and chil-

dren, and the Leland Engmans, Ludlow.

## GRANGE MEETING

—AKELEY—Grange members met in the hall Friday evening for their regular session, after which all adjourned to the home of Mr. and Mrs. David Van Orsdale for a party honoring the newlyweds.

A nice social time was enjoyed and, in behalf of those present, Jefferson Sears presented a gift to the honored ones. After they had graciously responded with their thanks, refreshments were served by the ladies.

## 4-H CLUB MEETING

The last meeting of the Stitches and Fittin' 4-H Club was held in Warren Grange Hall, when the girls were reminded they must provide their own transportation to Roundup August 19 and must present their books, completely filled out, to Mrs. Fred Simons. Sandy Spayed told about 4-H Club Camp and the meeting was adjourned to enjoy refreshments.

## SWANSON REUNION AT WILDCAT PARK

LUUDLOW — The Swanson family reunion was held at DeForest Pavilion in Wildcat Park August 8 with about 60 present. Elected as officers were the president, David Swanson of Barnes; secretary, Mrs. Fred Sapper, Erie; treasurer, Mrs. Andrew Oberg, Jamestown; historian, Mrs. Helen Dinghes, Warren, presently touring Europe; and dinner chairman, Mrs. Allie Peterson.

Members were present from Erie, Warren, Jamestown, Buffalo, Johnsonburg, Bradford, Freeport and Barnes. Mrs. Robert Johnson and children, from Portland, Ore., came the greatest distance.

## CLUB GATHERING

—AKELEY — The Friendly Neighbor Club was entertained by Mrs. Mable Pearson at the Sportsmen's clubhouse near Russell, with 21 present to enjoy a fine picnic dinner at one o'clock.

The usual meeting was held in the afternoon with President Myrtle Nelson reading from The Upper Room and all repeating the Lord's Prayer. Secretary Ethel Swanson read minutes of the previous meeting; readings were given by Mable Pearson and Ethel Swanson.

For the September meeting, members will gather at the home of Christie Lundmark.

## Learn Skin Type and Capitalize on Cosmetics

This girl is using a lotion cleanser especially designed to deal with oily skin. It should be used even after a soap-and-water cleansing about four times daily.

BY ALICIA HART, NEA Beauty Editor

What kind of skin have you? Is it dry, oily, normal or a combination of dry and oily? Chances are, you don't know. Most women go through life without really understanding their skin type.

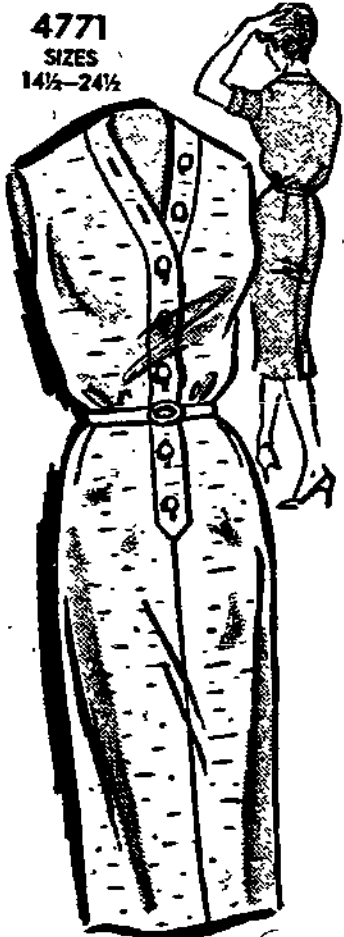

This can be disastrous because, unless you know your skin type, you can treat your skin problems to exactly the wrong care. The results? Blackheads, pimples, enlarged pores and premature wrinkles. For skin disorders are easily got and difficult to lose. Creaming an oily skin is like treating a burn with fire. And since it's the oily skin that has the most problems, it's important to know how to identify it and how to handle it. An oily skin is common in teen-agers as well as adults. It tends to be coarse in texture, has clogged or enlarged pores, sprouts pimples

and blackheads easily. It is, then, a skin that takes babying. To keep an oily skin free of clogging oils, a special liquid cleanser is ideal. This cleanser is designed to dissolve secretions that accumulate in the pores. It's used even after a soap-and-water cleansing and should be applied four or five times a day. There are other general rules for care of oily skin. Never use creams on pimply areas of the face. Avoid cake make-up which can clog and further enlarge pores. Liquid cosmetics are better for an oily skin. Use a grainy cleansing mask three times a week. Treat blemishes with a fresh-tinted acne lotion. For a skin analysis which will help you determine your type, write to: P.O. Box 2879 Grand Central Station New York 17, N.Y.

## Lander Church Folks Have Active Schedule

LANDER — A delicious uncheon was served to WSCS of the Methodist church at its regular August meeting. The president, Mrs. Myron Ludwick conducted the business session; Mrs. Alexander Kemp, Chautauqua, was the speaker; Mrs. Robert Walker, Mrs. Roy Linell and Mrs. Kenneth Head, hostesses.

Mrs. Kemp, retired missionary, worked in the mission fields of Africa with her late husband, Dr. Alexander Kemp, and related some of the many experiences they shared there. A lovely vocal duet by Mrs. David Marsh and Mrs. John Stanton was much enjoyed and Trudy Stanton pleased with her piano solo.

One new member was received into the society, Mrs. David Marsh. The September meeting will be an evening session, with Dr. McIntosh, of First Methodist church in Jamestown, as guest speaker.

On Wednesday evening, Ruth Mills entertained her Sunday school class at her home for a wienner roast, with badminton and croquet enjoyed by the youngsters. Present were Faye Lindell, Margie Perry, Cindy Engstrom, Marita, David, George and Lawrence Wilcox, Keith Dudgeon and Jerry Stanton.

"Fun Night" was held at the church Friday evening, with about 25 young people present to enjoy table tennis, shuffleboard, badminton, and several organized games under the direction of Susie Firth and Lowell Livezey. Refreshments were served to conclude the evening's activities.

On Sunday evening, MYF members will have a short hike and outdoor meeting, gathering at the church at 7:00 o'clock with Lowell Livezey as leader. Counselor Joan Mahan and Ruth Mills extend a welcome to all young people of the community.

Announcement is made of the Sunday school picnic to be held at Allen Park in Jamestown August 20.

Pastor and Mrs. John Ruggiero have returned from New York City, where they visited their sons, Robert and John, and families.

All fruit is classified as a protective food for the body.

## Ladies' Tournament Tee-to-Green Match

Mrs. Wendell Lawson and Mrs. Thomas Fisher tied for first place in Division One for the Tee-to-Green Tournament played at Conewango Valley Country Club on Wednesday.

Other division winners were Mrs. Francis Ericsson, Mrs. Stewart Beckley and Mrs. Margaret Wright. Low gross for the day again went to Mrs. Sidney Blackman for her \$7.

Carol Blackman had low net score for the first division; Mrs. T. W. Fisher and Mrs. Blackman tied for second. In Division Two, Mrs. Robert Donaldson and Mrs. Scott Calderwood were first and second, respectively; third group, Mrs. Beckley and Mrs. Joseph DeFrees; fourth, a first place tie between Mrs. Milton Dahler and Mrs. Margaret Wright, with another tie for second, Mrs. James Frantz and Mrs. John Larson.

Next week's match for the ladies will be a Blind Bogey Tournament.

First round matches for the 1936 ladies' Championship were completed this week and second round scores must be posted no later than next Wednesday.

Tomorrow, local members will be at Corry for the North-western Pennsylvania Women's Golf Association match.

**EUROPEAN TOUR**  
LUDLOW—Mrs. Emil Nelson has just returned from a six-week tour of Europe, including visits to England, France, Italy, Switzerland, Holland and the Black Forest. She reports many interesting experiences and many unusual sights.

Mrs. Nelson, one of the music supervisors of Kane Area Joint Schools, traveled in a teacher's group set up for study-credit, 32 persons taking the same tour, with a courier and bus from place to place. She is highly enthusiastic about the trip and is most anxious to view the slides she has taken.

Weeds cost about three billion dollars crop losses annually.

**ATTEND SCHOOL**—The above group of Sodalists from St. Joseph's parish left Sunday for the Summer School of Catholic Action being held in the Statler-Hilton in Buffalo, N. Y. Pictured, left to right, are Anna Ustach, Frances Richwalsky, Nancy Temple, Lonna Cassell, Sara Willoughby, Barbara Musante, Thomas Stilwell, Joe Ponsoll and Louis Musante.

## Dr. Winters Opening Baptist Anniversary

On Sunday, August 16, Dr. Carl S. Winters, of Oak Park, Ill., will inaugurate observance of the 125th anniversary of Warren's First Baptist church, speaking at the 11:00 a. m. worship service on the topic "Hate Off to the Past; Coats Off to the Future."

Having just concluded a 22-year pastorate at First Baptist church in Oak Park, Dr. Winters is spending the summer at his palatial home at Chautauque, formerly the Packard Estate.

This fall, Dr. Winters will begin a world tour as a minister under the sponsorship of General Motors Corporation and will visit South America, Africa, and many countries in Europe, including the Passion Play at Oberammergau.

Warren folks have a rare opportunity of hearing Dr. Winters' address Sunday and will be pleased with announcement his message is to be broadcast locally.

## Methodist Parishes Honor New Minister

A reception honoring the Rev. and Mrs. James Allen was given by Epworth and Stoneham Methodist congregations in the former church, with greetings extended by Mrs. Harold C. Richael for Epworth and Raymond Green for Stoneham.

All joined in singing "We Gather Together", followed by devotions led by Mrs. Richael; a solo, "Jesus Loves Me", Lou Ann Wright; vocal solos, "If I Could Help Somebody" and "God Holds My Hand", Winnie Park, accompanied by Mrs. Jean Johnson, both of Stoneham.

Remarks were heard from Dr. H. H. Barr and the Rev. Frederick Oberkircher, with response by Pastor Allen; a poem, "Where Were You?", Mrs. Richael; group singing, "I Jesus, I Have Promised"; benediction, Rev. Allen.

An enjoyable social hour followed the program.

**FOX REUNION**  
The eighth annual reunion of the Fox family will be held Sunday at the home of Mr. and Mrs. Gerald Johnson on Thompson Hill, with a tureen dinner at noon.

**TIME LIMIT**  
Depending on the weather, a three or four-day-old trail appears to be the maximum on which a bloodhound can follow the scent. One bloodhound, however, followed 12 trails more than 72 hours old.

## Lander Parish Has Welcome for Pastor

LANDER — The Rev. and Mrs. John Ruggiero, returned to the Methodist church for another year, were honored with a reception in the church, with a program in charge of the WSCS president, Mrs. Myron Ludwick:

Hymn, "Sun of My Soul" by the congregation; devotions on a Good Shepherd theme, Donald Hagberg, lay leader; welcome, Mrs. Ludwick; response, Rev. Ruggiero; vocal duet, "His Love is Wonderful", Ruth and Norma Mills.

Meditation on the Good Shepherd theme, Rev. Merrill Livezey, lay preacher; piano solo, "Moonlight Sonata" by Beethoven, Mrs. Donald Ludwick; closing hymn, "God That Madest Earth and Heaven", by the congregation; closing prayer, Mrs. Elmer G. Swanson, Sunday school superintendent.

The group then adjourned to the church parlors, where refreshments were served, with Mrs. Kenneth Lindell and Mrs. Viola Firth in charge. Tables were attractively arranged with late summer flowers by Georgia Skinner, MYF president. About 50 members and friends attended the affair.

**ANNUAL REUNION OF LINDELL FAMILY**  
LANDER—The 57th annual reunion of the Lindell family was held in the Great Valley, N. Y., firemen's hall, with about 75 attending from Buffalo, Franklinville, Great Valley, Salamanca, Little Valley, Girard, Lander and Russell.

After a bountiful dinner, Ernest Lindell called a business session and officers were elected for next year: President, Kenneth Lindell, Lander; vice president, Howard Lindell, Buffalo; secretary, Mrs. Avis Rosendahl, Russell; treasurer, Roy E. Lindell, Lander; historian, Mrs. Paul Lindell, Russell; sports director, Paul B. Lindell, Great Valley. The historian's report showed one marriage, five births and no deaths.

The children were entertained with contests, and ice cream and cake were served in late afternoon. All were reminded the 1960 reunion will be held at the home of Mr. and Mrs. Andrew Lindell in Russell, with Mrs. Ed Branstrom, Mrs. Ernest Lindell and Mrs. Homer Lindell as food committee.

**Gathered From The Party Line**  
Mr. and Mrs. William Anderson and children, Gayle, Mark, and the twins, Jimmy and Joyce, of Louisville, N. Y., are visiting the Charles Shortt family, 322 Buchanan street, and G. B. Young, 605 East street. Mrs. Anderson is the former Gladys Young, daughter of Mr. Young.

Mrs. Winthrop Williams and Mrs. R. Z. Morrison have arrived in town from Bay Head, N. J., and are at their home in Market street.

Mr. and Mrs. Jack Goldman and family, Hornell, N. Y., are in town to visit her mother, Mrs. E. C. Johnson, Market street. Also here for a visit is Mrs. Beatrice Frey, of Buffalo.

## Birthday Greetings!

Although nearly a half century younger than oil, Times Publishing Company's birth is a direct result of discovery of oil 100 years ago.

Today Times Publishing Co., publishers of Warren Times-Mirror, celebrates its 59th anniversary.

It was about 1891 when Silas E. Walker developed the weekly Mirror, started to advertise "Walker Brothers Golden Oil"—a patent medicine.

Today's Times-Mirror is an outgrowth of the small advertising sheet published in 1891. "Silke" sold out his interest in this enterprise to his brother and for a time returned to a former trade of masonry. In 1893, Silke started "The Daily Democrat" and continued to publish this newspaper until August 13, 1900 when he founded Times Publishing Company.

In 1921 he purchased Warren Evening Mirror, changing it to a morning paper and also published Evening Times, which was also started in 1900. Evening Times was later merged with Evening Mirror and since 1928 has been published as today's Times-Mirror.

Until his death in 1936, Silas remained president and general manager of Times Publishing.

In our 59th year of serving the people of Warren County and surrounding areas our goal is to present an extended and more complete coverage of local, county and sports news.

## Mansfield Ensemble In Warren Thursday

The Concert Wind Ensemble of Mansfield State Teachers' College, to be heard in Warren Thursday evening, is widely recognized as an outstanding collegiate musical group, a streamlined version of a concert band consisting of 46 selected players from the college music department.

The organization is well known for its excellent performances, having appeared in many communities in both Pennsylvania and New York.

Two former Warren High School Dragon Band members will appear with the Ensemble when it presents a concert at 8:00 p. m. Thursday in Beatty Young High School auditorium.

William Carlson, first bassoonist, and Peter Sanden, percussionist, are both VHS graduates presently enrolled in the music department at Mansfield.

Bertram W. Francis, associate professor of music, is conductor of the Ensemble. Mr. Francis is widely known as guest conductor of Band Festivals in Pennsylvania and New York and is a past president of the Pennsylvania Collegiate Bandmasters' Association.

Tickets for this outstanding concert may be purchased at the door prior to the concert, or from any Dragon Band member.

## High School News

All girls planning to go to the GAA slumber party or would like to go should meet in room 109 after school Tuesday, April 14.

The FBLA skating party, scheduled for tonight, has been cancelled. All ticket sellers are reminded to return the money to all those who have already purchased them.

This is National Library Week and to celebrate, a bulletin board display has been prepared in the high school library on this year's theme "Wake Up and Read". To further encourage you to wake up and read, many new books will be on display. Students and faculty are invited to visit the library and reserve the books of their choice. Beginning Thursday these books may be taken out.

Members of the Elections Committee will meet with the Executive Council of the Future Homemakers of America during first lunch period. This is a very important meeting, so please be prompt.

Dragonettes will be sold in home rooms this morning, tomorrow and Wednesday. Your support of your school paper will be appreciated.

Have you bought your tickets for the junior play, "Time Out for Ginger"? It is less than a week away! This Friday and Saturday at 7:30, in the high school, members of the junior class are presenting this fun-loving comedy for your enjoyment. Come and help make it a success! Tickets are available from any member of the cast or ticket committee.

Tryouts for the National Honor Society Talent Show will be held on April 21 and April 22 after school in the high school auditorium. If you plan to participate, sign in the Guidance Office and indicate on which day you want to tryout.

Juniors are reminded their college board application forms must be down in New Jersey by April 18th. Before mailing these application forms, students should have them checked by the Guidance Office.

Due to illness, representative from Michael's Beauty School will not be present today. However, he will be present on Monday, April 20th.

**CIRCLE MEETING**  
John Stewart Circle of First Methodist church will meet at 8:00 p. m. Tuesday at the home of Emily Traub, 248 Pleasant Drive, when Dorothy Kottkamp will be the speaker. Those who need transportation are asked to call Emily Traub.

## Play Excerpts Given For School Assembly

The Warren High School student body enjoyed a double assembly this morning, presented by the junior class as excerpts from the rollicking comedy "Time Out for Ginger", written by Ronald Alexander.

Dick Elmhuus gave the background of the play and introduced Fred Green, capable director and student teacher at Warren High School. Dick introduced Donna Jones, student director who introduced character and cast. These included Rosemarie Dangel, Ginger Carol; Denny Bonavita, Tom Green; Ginger's boyfriend, Metodie Sandberg; Agnes Carol; Jim Alexander; Howard Carol; Brenda Munson; Joan Carol; their daughter; Doug Arnold; Ed Davies; Joan's boyfriend; Marty Fave; Jeannie Carol; Donna Knapp; Liz the maid; Dave Grady; Bob Wilson; the high school principal; and Bob August, Ed Hoffman, Howard Carol's boss.

Tickets are on sale from the cast and in the front hall before and after school. The play will be given this Friday and Saturday. As a sellout is expected, people are urged to purchase tickets now.

## Gathered From The Party Line

Mrs. Ette Warren, 114 Grant street, returned home Sunday night from a weekend visit with friends in Pittsburgh. While there, Mrs. Warren attended a flower show, and reported about a three-inch snowfall in the Pittsburgh area Sunday.

Mr. and Mrs. O. M. Borden have returned to their home in Sheffield after a delightful four months spent in the south, with headquarters at Daytona Beach. They returned Saturday after a leisurely trip north.

Dr. Richard C. Wagner, of Warren, was in attendance at the regular Northwestern Chiropractic meeting held April 8 at the Elk Club in Oil City.

Dr. and Mrs. August Miller returned Sunday to their home in Evanston, Ill., after spending a week with the latter's parents, Mr. and Mrs. Frank Bonavita, of Spring street and were present for the 25th wedding anniversary of her parents.

Mr. and Mrs. Robert Kopf and children 412 Liberty street, are home after a winter holiday spent at Delray Beach, Fla.

Returning home after a pleasant three-week Florida trip are Mr. and Mrs. Clifford Johnson, Franklin street.

Minnie Sealise, Warren was included in a group of 36 Catholic Daughters of America initiated Sunday afternoon in ceremonies conducted by Count Calistus at Kane. Accompanying her were Court Warren's grand regent Nancy Shaffer, and vice grand, Mary DiPietro.

Mr. and Mrs. Paul Yagge 20 North Irvine street, have returned from Florida, where they spent three months at the Mobile Home Trailer Park in Delray Beach.

## PLCB Employees Name Delegates To Convention

At the regular meeting of McKean-Warren-Potter-Cameron Counties Chapter, Independent Association of Pennsylvania Liquor Control Board Employees, held Sunday afternoon in Port Allegany, David A. McLafferty, of that place and Stanley L. Lawson, of Warren, were elected delegates to the state convention in Scranton in October. They are store managers in Port Allegany and Youngsville, respectively. Named as alternates were Holger Carlson, Smethport, and John Costello, Eldred.

Also elected at yesterday's meeting was Harold Flaherty, Bradford, who will serve as chapter secretary following the resignation of John Seifang, of Bradford.

Progress reports on the association's legislative and negotiation programs were made by L. N. Schuler of Warren, a state vice president of the group. This evening, he will report to Clearfield-Elk-Jefferson Counties Chapter.

Next regular meeting of this area's chapter will be held July 19 at the summer home of Mr. and Mrs. Lawson at Cornplanter. At that time, all delegates from District Five, which comprises all of northwestern Pennsylvania, will caucus and plan convention resolutions and action.

## Board of Health Files Rat Complaint

"Lately there have been numerous complaints of rats. If everyone would help by cleaning up the rubbish piles, keep a tight lid on garbage cans and feed the rats poison, we would soon eliminate a lot of them," Warren Board of Health said today. Type of poison should be the kind that is not harmful to human beings and domestic animals, the Board strongly emphasized. Warren Board of Health would greatly appreciate all help and cooperation.

## River Excursion Nears With Boatmen Anxious

Observation of Allegheny River Saturday and Sunday saw many getting their boats in shape for the coming Pittsburgh journey via the river. Several local boat enthusiasts have announced plans for the trip this coming weekend.

Group captains are urged to meet with their charges before Thursday night.

Weather observer "Gil" Reier is cooperating by securing as many advanced weather forecasts as possible to aid in the planning.

Any last-minute information on the trek will be published Friday.

## Cancer Crusade Kick-off to Be Held Tonight at Y.W.C.A.

A star-studded event is in store for all County volunteers tonight as the Warren County Unit, of the American Cancer Society, kicks off its annual education and fund-raising drive to be launched tomorrow, C-Day.

The program, which will originate in the YWCA gymnasium beginning at 8:00 p. m., is packed with entertainment and special events. Doing the honors as Master of Ceremonies will be the Warren General Hospital's Administrator, Joseph Williamson, who will introduce one of Warren County's outstanding barbershop quartets, the Tunatics, followed by some fancy tap dancing by little Sally Newhall, accompanied by Sue Yeagle on the accordion. Sue also renders a medley of old time tunes later in the show.

To welcome the group will be Dr. Richard A. Peters, president of the local unit, who will present the '58 County Crusade chairman, Colonel Edward Ayres, County Vice chairman, Wayne Deichambre, and Borough Residential chairman, Robert "Pop" Young. Usher will be Lois Hendrickson and Kathy Tipton.

The Sword of Hope presentation will highlight the special events, as Miss Sally Weiler, '58 Poster Girl, names a

new personality as Miss Poster Girl for '59, Mrs. Edna Swanson. Faith Ann Harland will present her original version of the Crusade Rally Slogan, and the Starlettes, Warren's Twirling Corps, sponsored by the Jaycees will present a special indoor drill. To conclude the program, a skit, written especially by Mary Harland for the Kick Off, will star members of Children's Theatre, and a string of Dick Rapp's Green Willow Dancers. Mrs. Eleanor Slick will be at the piano.

Speaker for the evening is Dr. Marvin Bloom from the University of Buffalo, who serves the American Cancer Society as Coordinator of their Institutional Grant and is Associate Professor of Medicine.

The invocation will be given by Rev. Reed Hurst pastor of the Epworth Methodist church. A good attendance is urged. Refreshments will be served by the BPW Club of Warren.

### Air Force Switching From Manned Ships to Rockets

WASHINGTON (AP) — The Air Force has canceled a 100-million-dollar program for an advanced aircraft engine using high-energy chemical fuel.

It appeared to be another step in the switch from manned aircraft to rocket missiles as the chief instrument of modern warfare.

The Defense Department has been under heavy criticism for continuing development of expensive new manned aircraft programs instead of concentrating on missiles.

The contract canceled Monday was for development of the General Electric Co.'s J93-5 engine. The action also knocks out of operation a new 45-million dollar chemical plant built by the Olin Mathieson Chemical Corp. near Buffalo, N.Y., which was to produce the fuel.

The J93-5 engine was an improved version of the J93-3. Both engines were slated for the B70 bomber and the F108 Rapier fighter-interceptor. These planes are designed to fly 2,000 miles an hour at altitudes of 70,000 feet.

An Air Force spokesman said the prototypes of these planes will not be affected by the cancellation. They will use the earlier J93-3 engine and still attain the planned speeds, he said.

The advanced turbo-jet engine had an afterburner that would use boron fuel to give additional bursts of speed. Boron is a non-metallic chemical element.

The F108 is to be completed in 1960, with the B70 slated for production 18 months later.

An informed official, who refused to be quoted by name, said he believed the B70 and F108 would never get beyond the prototype stage and would never go into production.

partner would have contented himself with a small slam. Then he proceeded to make the best of a bad job.

His queen of spades won the first trick over East's jack and he led a low heart and put in dummy's ten. When it held, everything looked rosy. But things looked bad once more when East showed out on the second heart.

However, perfect timing enabled Mr. Baron to make his grand slam by means of a double squeeze. He started proceedings by cashing dummy's ace of spades, four club tricks and his own spade king. He discarded one diamond and two hearts from dummy.

The play of the spade king forced West down to two diamonds since he had to hang on to the queen-jack of hearts. Now Mr. Baron entered dummy with the king of diamonds and played the ace of hearts. This squeezed East. He had to hold on to a spade and could not guard diamonds.

Now Mr. Baron let his last spade go and both his diamonds were good.

It's really a pity the war our summer is fitting by, and with school days scheduled somewhat earlier this year, it's all too short a time to do all the things you should do before September! One hot weather event that attracts just about every Conewango Valley Country Club member is still to take place...it's the annual swimming meet when human fish of all ages and sizes take to the pool eager to win a trophy or ribbon. Sunday, August 30 is the big day with events to begin at 2:00 p. m. (and everyone hopes that the weather man will cooperate!) Mr. "B" advises that the traditional buffet supper will be served to make the swimming meet a howling success.

## Timely Reminder For Wool Growers

Chairman N. E. Dodd of the Warren County Agricultural Stabilization and Conservation Committee urges wool growers who marketed their clip between April 1, 1958 and March 31, 1959 to be prompt in filing applications for payment under the national wool program. The deadline for applications is April 30, and the payment rate will be announced as soon as possible after that date.

Growers can speed up the payment program by prompt filing of applications, the Chairman pointed out. He explained that information contained in the applications is needed by the United States Department of Agriculture in computing the average wool price received by growers during the 1958 marketing year. That price must be calculated before the rate of payment to growers can be determined.

Under the wool program, payments are made to growers as an incentive to increase wool production. The payment rate is the percentage necessary to bring the national average price received by growers for wool up to 62 cents a pound. The percentage method of payment encourages a good job of marketing, since the grower who receives the highest price for his wool also receives the largest payment.

**SPACE CANDIDATES**—Seven pilots chosen to train for the risky honor of being the first American to ride a satellite into space stand with rocket models in Washington. They are, from left, Navy Lt. Comdr. Walter M. Schirra Jr., Navy Lt. Comdr. Alan B. Shepard Jr., A. F. Capt. Virgil I. Grissom, A. F. Capt. Donald K. Slayton, Marine Lt. Col. John H. Glenn Jr., Navy Lt. Malcom S. Carpenter and A. F. Capt. Leroy G. Cooper Jr. — [NEA Telephoto]

WASHINGTON (AP)—The first Mercury astronaut to attempt an orbit of the earth won't know he's been chosen until the day of the big ride.

That was the reply of the National Aeronautics and Space Administration today to queries as to what special preparation the "first man," among the seven-man team, will receive.

"They'll all get the same training, all seven of them," an NASA spokesman said.

"The man who draws the first launching won't know about it ahead of time so he won't have time for any special preparation. He won't have any special worries beforehand, because all his companions will face the same selection possibilities as he will."

All seven appear equally eager to be the first into orbit, regard-

less of the menace of the unknown. Air Force Capt. Donald Slayton expressed the views of all. "I'd give my right arm to be the first man in space," he said.

After their introduction at a news conference Thursday—which one astronaut called the worst part of the whole grueling selection program—the seven future space men were on their own for two weeks.

This will give them time to move their families from California, from Ohio, from their various homes to the tidewater area of Virginia.

Henceforth, for several years, at least, the seven men will be a part of NASA's space task group at the Langley Research Center, Hampton, Va. They will make their own housing arrangements, will buy or rent homes in the

Hampton area. NASA said all seven would get the same intensive training for the next two years except for one important difference.

Each will be trained as a scientist in one particular phase of space research.

One will become a technical specialist on communications, another on propulsion systems, another on guidance.

Each specialist will be responsible for keeping his colleagues abreast of developments in his particular field.

The seven astronauts are Air Force, Navy and Marine officers. As such they will continue to collect their regular military salaries—plus flight pay, which they have been getting all along as test pilots.

## Stern Executive Turns Into Amiable Lamb Out of Office

By BILL SINNOTT

EAST LANSING, Mich. (AP)—Does the roaring lion of the American business executive suite turn into an amiable lamb when he leaves the office?

Researchers at Michigan State University believe so.

They maintain the typical executive is apt to lead a double life with one set of principles for the office, another for home and church.

The researchers have completed a pilot study in which they interviewed 162 executives in every echelon of the management hierarchy.

"The study indicates ambitious business executives do not regard as success-contributing those practices ordinarily regarded as good human relations," says the study director, Dr. Eugene E. Jennings of Michigan State's Business Administration College.

The professor adds:

"A majority of the men we interviewed admitted they believe self-interest is the basis of all human nature, that it is safer to be suspicious of men and assume their nature is more bad than good."

Here are some majority reactions in four human relations areas covered in the study:

Friendship—Loyal subordinates are the mark of a competent executive but he risks a loss of flexibility by making close friends in areas crucial to his interests.

Agreement—Agreements should commit the other person; past promises need not stand in the way of success.

Decision making—An executive should not allow free participation in decisions crucial to his own interests; a decision once made should not be open to doubt.

Communication—The executive should not expose his hand; superior information is an advantage; never tell all you know and give out information sparingly; don't take advice you didn't ask for.

## RADIO and TV

**By CHARLES MERCER**  
NEW YORK (AP) — The three major television networks already are signing up sponsors left and right for next season.

A year ago, when the economy was soft, network executives were worriedly scrambling for advertisers. Now trade sources report that it will soon be standing room only for network shows.

Cigarette companies are expected to invest 100 million dollars in TV — an all-time high for the medium. This year they spent 70 million.

Variety, show business journal, says only about 30 million dollars in network time remains unpurchased. The automotive industry is expected to take up most of this.

A year ago the networks had well over 100 million dollars worth of unpurchased prime viewing time.

It's too early to say yet exactly what this prosperity means to the individual viewer in the way of entertainment.

But next year appears in general to be a perpetuation of this year's programming trends. "Pe-

ter Gunn" appears to be setting a style in half-hour shows of murder accompanied by music.

There is a great deal of talk about "specials," which attracted many advertisers this year. But a "special" can encompass almost anything of hour length, and it's too soon to spot a trend.

"Playhouse 90" will be on CBS-TV every other week, alternating with a new 90-minute series "Biography." That is one encouraging outlook.

Except for the offerings of National Telefilm Associates and Screen Gems there is no fresh source of feature film material visible as the summer season approaches. In the New York area it's rare to see an old movie feature that was not visible within the previous six months.

Paramount and other West Coast studios have been experimenting with sound tracks on old silent films. But TV sources say they are not enthusiastic about the idea.

Thanks to the innovation of tape, TV is beginning to build its own backlog of material which might be marketed for re-runs.

I don't know exactly how North and South should have bid their cards but certainly their bidding is not to be recommended.

When they landed at six diamonds West stuck in a lead directing double to call for a spade lead. He could ruff that suit and hoped that his partner would produce another trick.

East doubled six spades because his partner had doubled six diamonds and West doubled six no-trump because East had doubled spades.

At this point North came up with a sensible bid. He redoubled.

West opened a diamond and South proceeded to make all the tricks. It wasn't difficult. He simply won the opening diamond lead and proceeded to run off six diamond tricks. He discarded then cashed his five spades.

On the last spade lead East hearts to hang on to the ace of had to unguard his king of clubs and South wound up with an overtrick at his redoubled contract. A distinct case of falling in the river and coming up with a fish if I ever saw one.

## Special Training Session for Affiliates

Representatives of the nine affiliate hospitals which send student nurses for special training at Warren State Hospital met at the Hospital last Thursday for the annual faculty conference of these affiliate schools. Sessions similar to the above were held in Guth Building, living quarters for the student nurses at State.

The morning meeting was conducted by Mrs. Eleanor Ivory, educational director, and included a coffee hour presided over by Miss Harriett Morgan, director of nurses. At a 1:30 luncheon in Center building, the following were special guests: Dr. Robert H. Israel, superintendent; Dr. John C. Urbatis,

assistant superintendent; Dr. James Suess, senior psychiatrist and clinical director; Mrs. Elsie Rieg, Mrs. Edith Keller, Miss Olive Bostrom, Miss Jean Donahay, Miss Morgan, Mrs. Lelah Wagner, Miss Patricia Pastrick, Miss Helen Peterson. The Occupational Therapy department under Miss Bostrom, provided pretty center pieces and favors.

In the afternoon the large group was entertained by students from Sharon, Hamot Hospital in Erie, New Castle and Altoona, who put on a TV skit built around WSH activities. These young ladies are members of the Senior group, graduating this month. As a part

of the afternoon program, the students were given an opportunity to join one of three study groups: continued discussion of psychiatric affiliation with individual problems, tours of clinical units, or a film on psychiatric nursing. The day's activities closed with a tea which was under direction of Miss Pastrick and Miss Donahay.

In attendance from the affiliated hospitals were the following:  
Hamot Hospital, Erie: Edith Myers, Florence Deutsch, Catherine Dietrick;  
Oil City: Mary VanNess, Jane S. Cromer;  
Sharon: Flora Helmstraeder,

Miss Williams and Miss Christianie Kiriakou;

## Final Reminder For Making Out Income Tax Form

District Director of Internal Revenue, John H. Binger, reports that his office is encountering serious difficulty in processing income tax returns, Forms 1040-A, as the result of taxpayers mailing their returns to which they have pinned, stapled, or scotch-taped withholding statements Forms W-2. Many returns are also being received which have been folded. These actions impair electronic processing of the returns and will be responsible for delay in taxpayers receiving refunds if they are entitled to them.

The returns should be filed without folding, bending, or mutilating them, and the withholding statements should be attached by ordinary paper clip.

If you file an estimated tax return, separate checks or money orders should be attached for the payment due for each liability, otherwise an account-

ing problem is encountered since the payment relates to two different years' tax liability.

"Another troublesome area is illegible names and addresses. Taxpayers are urged to PRINT this information on the return, and make certain that they have furnished their complete and current home address. Incomplete addresses will also delay receipt of refunds."

To prevent common errors taxpayers make in their rush to meet the April 15 deadline, here are some "tips" to heed:

1. Don't forget to sign the return—both signatures of husband and wife if it is a joint return.

2. Check your facts and figures to see that they agree. Then check your additions, subtractions, etc., to make sure that they are accurate.

3. If you owe additional tax, be sure your check or money

order is mailed with your return. Remittances should be made payable to "Internal Revenue Service."

4. Attach all your W-2 withholding statements for as many jobs as you worked at during the year.

5. Send your return, with W-2's and remittance if tax is due, to "District Director of Internal Revenue, Pittsburgh 30, Pa."

## News of Hollywood

**BY BOB THOMAS**  
AP Movie-TV Writer  
**HOLLYWOOD (AP)** — The big international news this week is the summit conference of the Big Three of comedy — France's Jacques Tati, England's Stan Laurel and America's Mack Sennett.

Their decision: the world needs more pantomime comedy.

The meeting came about because of a remark by Tati in an interview months ago. He said that if he ever went to Hollywood, he would like to meet and pay homage to Laurel and Sennett.

When the French comedy maker came to get an Oscar for "My Uncle" as the best foreign language film, I arranged the meeting.

It took place on the porch of the Garden Court Apartments, a block from Grauman's Chinese on Hollywood boulevard. Sennett, who is recovering from a gallstone operation, has lived there for years. Stan, the thin, surviving member of the great Laurel and Hardy team, came in from his seaside home.

Said Tati in his near-perfect English: "I want to thank both of you for all of the pleasure you have given me over the years and all I have learned from you. You may not realize it, but in France, your films are still played every week. We have clubs that study and analyze your films. You are not forgotten."

Sennett and Laurel, both modest men, accepted the thanks humbly. Mack complimented Tati on his films and said he compared favorably to Charlie Chaplin, whom Sennett discovered. Laurel apologized for not having seen them because of ill health.

It was Laurel who got the biggest laugh. Mentally alert despite a stroke that paralyzed his left side, he commented about his

future work: "I'm available, but only for statue roles."

There was much laughter at the meeting: Hollywood boulevard rang with Laurel's great cackle, Sennett's booming guffaw and Tati's Gallic giggling.

They discussed their volume of work. Perfectionist Tati had made but four films, Laurel "a couple of hundred." Sennett 1,000—"but I started early." They talked and laughed for almost an hour, then parted, the two older men returning to retirement and Tati going back to France to continue his work for the pantomime art.

# Many Important Bills Are Signed By Gov. Lawrence

HARRISBURG (AP)—Boroughs may annex land they own in townships if it is adjacent to its corporate limits under a measure signed into law Wednesday by Gov. Lawrence.

The governor also signed bills which would:

- Designate Cheyney State Teachers College as a member of the first state teachers college district.
- Allow credit for training received in the armed services toward job training required for licensure under various state licensing acts.
- Increase registration certificate fees for dealers with 5,000 to 6,000 customers to \$187.50 and to \$250 for gasoline dealers with more

## WEEKLY FOOD REVIEW

By THE ASSOCIATED PRESS

An increase in the marketing of lambs brings lower prices for leg of lamb in many communities this weekend. Several chain stores were featuring the item as among best buys.

Other meats offered as specials in various sections are sirloin steak, ham, bacon and lamb shoulders. Rock Cornish game hens are favored in some localities, as are fresh swordfish and medium grade shrimp.

Not only domestic ham, but also the imported variety is offered at special prices.

A bumper crop of fruits in California has pushed down prices for both fresh and canned fruits. Supermarkets are expected to launch a flurry of bargain promotions soon.

Cantaloupes from California have forced down the price in the East. There also is a fairly good supply of honeydew melons. Peaches can be found in all price ranges. Blueberries, limes and summer apples continue among best buys.

There were a goodly number of buys in fresh vegetables. Among them were cabbage, squash, corn, eggplant, snap beans, lettuce, green onions, potatoes, peppers and tomatoes.

Price trends were mixed in various parts of the country. Thus, eggs were lowered as much as 6 1/2 cents a dozen by one chain in the Southeast while being raised 4 cents a dozen in the Midwest.

Butter prices tilted a bit higher. Chickens were among special sales items in several sections.

## Washington Letter

WASHINGTON—(NEA)—Both fireworks and explosions are expected at the fifth meeting of Consultation of Ministers of Foreign Affairs of the American States—to give it the full name treatment. It makes a delayed opening in Santiago, Chile, Aug. 12.

The United States, hoping vainly for a short and sweet session of not over five days, will send a delegation of about 10 officials. It will be headed by Secretary of State Christian A. Herter, just back from Geneva, and U.S. Ambassador to the Organization of American States, John C. Dreier. Other delegations, feeling that the solution of their worries will not be peaceful or simple, are counting on a conference of 10 days or two weeks, minimum.

Latin American Communists have announced that they will hold a meeting in Santiago at the same time. They are counted on to stir up whatever trouble they can.

WHEN IT WAS FIRST PROPOSED TO HOLD THE Foreign Ministers meeting in the Chilean Congress, Cuban Communists protested. The meeting was moved to a hotel. When the Cubans announced they might not attend the conference, Communists said they would demonstrate in Santiago in Cuba's cause.

The main controversy inside the Foreign Ministers Conference will be between Dominican Republic's Foreign Minister Porfirio Herrera Baez and Venezuela's Foreign Minister Ignacio Luis Araya.

Dominican Republic, under President Hector B. Trujillo, lays claim to being grand champion of anticommunism. His government has reserved the right to speak on the Communist menace at Santiago, though that isn't on the agenda.

Trujillo has the strongest Latin American army—over 30,000 men, well equipped and trained. General Trujillo claims he needs this force for self-defense against Communist enemies who seek to overthrow his government.

DOMINICAN REPUBLIC PRESS AND RADIO HAVE for years carried on a vicious day and night campaign against President Romulo Betancourt of Venezuela. This year the attack has also centered on Cuba's Premier Fidel Castro.

But to practically all Latin American countries, General Trujillo is a dictator who has suppressed democracy in his own country and seeks to destroy it in the Caribbean.

In blunt language, Trujillo's enemies are out to get him—overthrow his government, kick him out of the Organization of American States, or something.

The question is, what and how, without violating the Havana Convention of 1928, which bans the organization of expeditions to one state to attack another?

THERE WAS A GRAND PRELIMINARY BOW IN Washington's Pan American Union building July 30, during the five-hour meeting of the O.A.S. Council to adopt an agenda for the Santiago foreign ministers.

The two items finally adopted unanimously cover, in brief: (1) International tension in the Caribbean area in its general and several aspects. (2) Effective exercise of representative democracy and respect for human rights.

A third item was offered by Cuba to cover: "economic underdevelopment and political stability." This was turned down.

Most of the Council members agreed that the Cuban item could be brought up under item 1. But Cuba refused to accept this, and walked out of the meeting, reserving the right to attend or stay away from the Santiago conference. If the Cubans attend, they are expected to join Venezuela and others in opposing the Dominican Republic.

## Adjournment Date Still Seems Uncertain

WASHINGTON (AP)—The Eisenhower administration apparently will be happy if Congress goes home before Soviet Premier Nikita Khrushchev comes to town.

That is the definite impression Vice President Richard M. Nixon has obtained from his Capitol Hill associates. Many members of Congress have let it be known they hope Congress will have finished

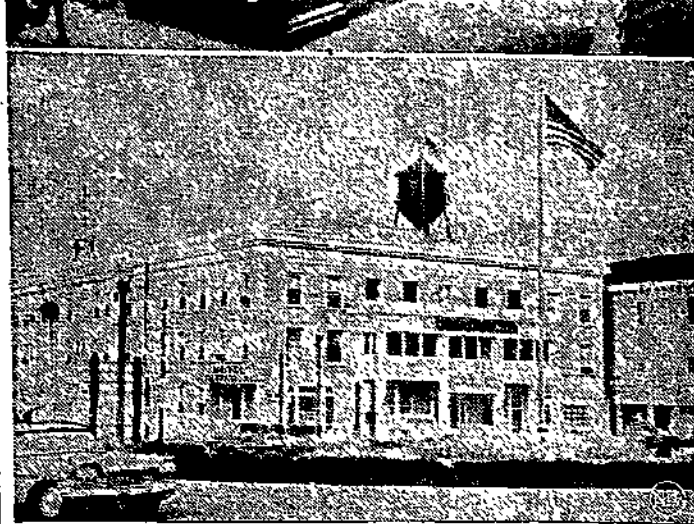

its work before Khrushchev arrives Sept. 15.

The adjournment date still is uncertain.

## AROUND THE WORLD

**WESTWARD BOUND**—The Touhey girls made history! En route to San Francisco from New York to join her husband, Philip, Mary Touhey herded her children aboard a jet flagship. They were the largest family to travel coast to coast on a jet at one time. There's one boy in the lot—11-month-old Mark, who's being held by mama.

**STUCK WITH IT**—Four-year-old Dickie Huff isn't taking any chances as he sits astride what looks like a king-size cactus plant in Salina, Kan. There aren't any prickly spines on that "cactus," which is really just an eye-fooling version of a plant constructed of diesel exhaust pipes.

**BRAND NEW**—Boxed cops is the latest wrinkle in Rome, where this traffic policeman is trying out a weather-proof stand on the fashionable Via Veneto. He changes traffic signals with an automatic device he holds in his hand. Designed to keep the police warm in winter and cool in the summer, the "cabin" is being tested. Similar ones may be installed on each main street crossing in The Eternal City.

**MAGNETIC** — Those king-size paper clips are not clipped on; they're being held in place by magnetic attraction. The "clinging vine" is a new flexible magnetic plastic developed for refrigerator door seals. The material has twice the permanency of conventional rigid magnets and can be produced in varying shapes.

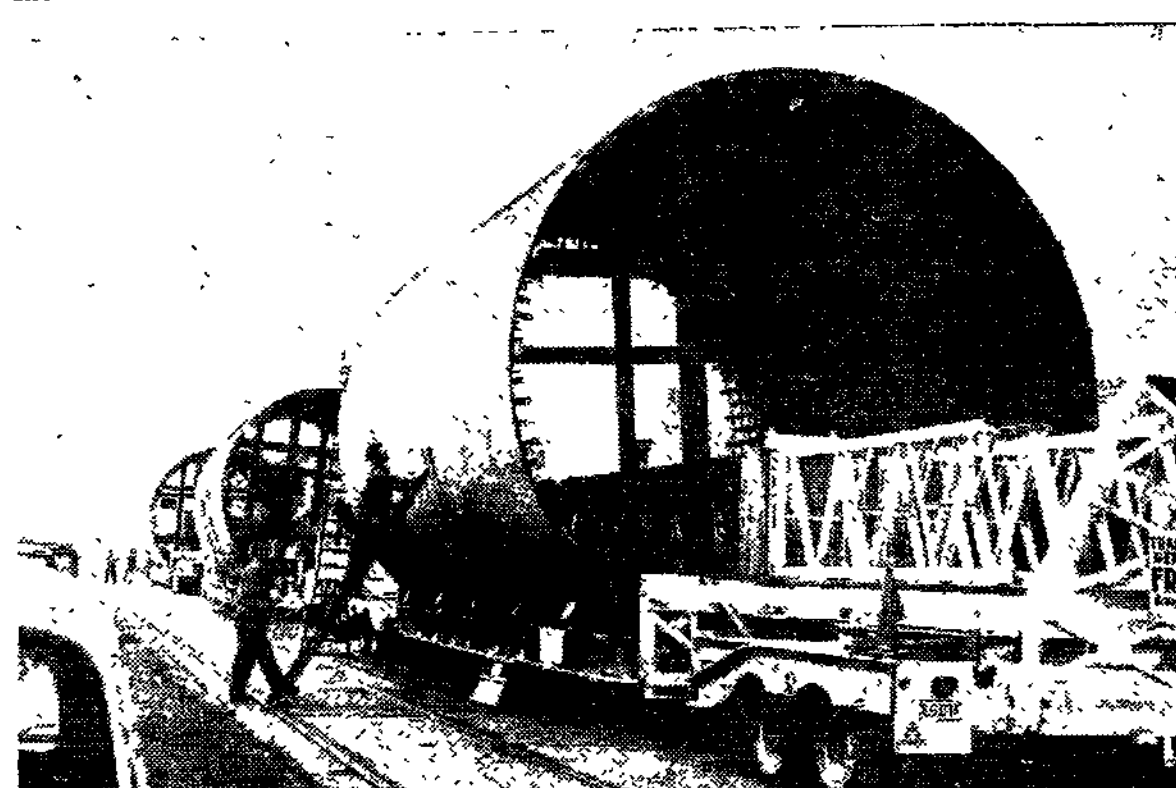

**BREEZIN' ALONG**—As she battles to keep her parasol from turning inside out, it's a losing struggle for Betty Lou Blackburn in Cypress Gardens, Fla. A strong wind not only won, but it also played havoc with her hair. Despite that obstacle, the pretty miss looks as fresh as can be as her elaborate gown billows out in back.

**FIGURES DON'T LIE**—And this is especially true where pert Sally Anne Freedman is concerned. Sally, who is the 1958 Miss Massachusetts in the Miss Universe contest, is shown on the beach at Florida's Silver Springs.

**HE'S X-CEPTIONAL**—Actor X Brands, who claims that's his real name, and that X is not an initial, is shown in costume for his role as an Indian on the "Yancy Derringer" TV show in Hollywood. Brands invariably talks in sign language on that popular show.

**OFF TO SIBERIA**—Three sections of a giant cement rotary kiln, each weighing nearly 60 tons, are starting to Siberia from Lille, France. Russia is building a big cement mill, and the contracts for some of the moving machinery parts were given to French firms.

**WILD ARE THEIR WAYS**—A tourist attraction at Pendennis Castle, in Falmouth, Cornwall, England, are some wild cats that wait to be fed by visitors. Despite the feeding plan, the 25 cats cannot be caught, let alone petted. They scatter when strangers approach.

**JUST IN CASE**—Sandow's Clown, an English bulldog, may be giving a kiss to Champion Topsy-Turvy, a Yorkshire terrier, at a dog show in Chicago, but seven-year-old Sue Gordon is standing by just in case the friendship should suddenly cease. Sue's from Glenview, Ill., and attended the pet show.

**GOING INTO PLACE**—Master coopers are shown as they re-erected one of a big winery's 20,000-gallon California redwood aging casks at the new champagne cellars in Salato, Calif. They'll be opened officially in May, with special ceremonies to mark the colorful event.

**TRUNK LINE**—Pacha Zacchini, seven, has made herself at home atop the trunk of Sidney, a seven-ton elephant. The big animal is one of the performers with a circus at Palisades Amusement Park, N. J., and the tot is the daughter of one of the circus stars—Hugo Zacchini, the "human cannon ball."

**PAINLESS**—As it undergoes an operation for the removal of a tumor at a veterinary hospital near Chicago, that little parakeet feels no pain. The paper cup held an ether-soaked swab of cotton, and this type of operation is becoming increasingly common.

**RUFFLES ASIDE**—They're sidelined for the cocktail hour by Guidi, of Florence, Italy, who created this striking dress in pale blue silk taffeta with darker blue dots. The dress is plain except for the poufs of fabric that rise from waist to hem.

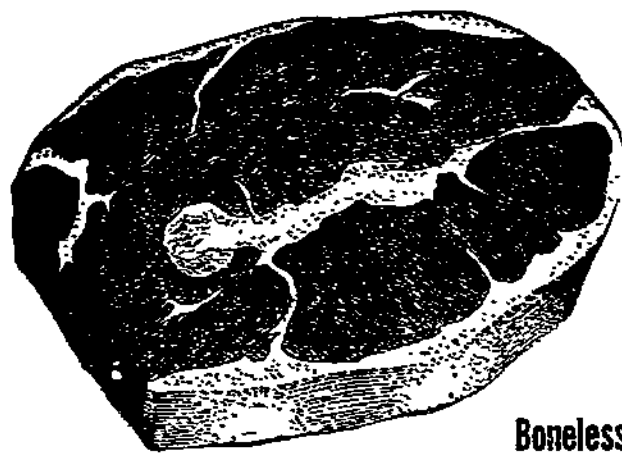

FOR SAVINGS—SELECTION—QUALITY!

# Red Cross Favors Respiration By Mouth-to-Mouth

Official adoption by the American Red Cross of the "mouth-to-mouth" technique of artificial respiration will find Warren County Chapter swinging into line as soon as complete data is received and the necessary mechanics for instruction can be organized.

The "mouth-to-mouth" technique was declared the most practical in a unanimous verdict of a committee of the National Academy of Sciences—National Research Council after a thorough review of artificial respiration data.

Instruction manuals for use of volunteer class instructors are now being forwarded to the various chapters and the Warren Unit is awaiting a supply. It is being issued as a supplement to the most recent edition of the Red Cross First Aid Textbook.

Instructions on performing this type of resuscitation, to be started immediately on discovery of the unconscious person, are as follows:

If there is foreign matter visible in the mouth, wipe it out quickly with the fingers or with a cloth wrapped around the fingers.

1. Tilt the head back so the chin is pointing upward. Pull or push the jaw into a jutting-out position. These maneuvers should relieve obstruction of the airway by moving the base of the tongue away from the back of the throat.

2. Open your mouth wide and place it tightly over the victim's mouth. At the same time pinch the victim's nostrils shut or close the nostrils with your cheek, or close the victim's mouth and place your mouth over the nose. Blow into the victim's mouth or nose. Air may be blown through the victim's teeth, even though they may be clenched.

The first blowing efforts should determine whether or not obstruction exists.

3. Remove your mouth, turn your head to the side, and listen for the return rush of air that indicates air exchange. Repeat the blowing effort.

For a child, take relatively shallow breaths appropriate to the child's size at the rate of about 20 a minute. For an adult, blow vigorously at the rate of about 12 breaths a minute.

The Red Cross still considers manual methods of artificial respiration acceptable for rescuers who cannot or will not use the mouth-to-mouth or mouth-to-nose technique. The two methods it recommends are the Nielson back pressure arm lift method and the Silvester chest pressure arm lift method.

**NO LIFE JACKETS NEEDED**—These wild ponies were captured during an unusual roundup which occurs annually at Chincoteague, Va. Made to swim from their home on nearby Assateague Island, the ponies are herded on shore and colts are sold at auction. Older ponies are returned. Origin of the herd is unknown, although some say the ponies are descended from Arabian horses which swam ashore from a wrecked Spanish galleon.

## Rosi's Manager Yells For Lightweight Shot

SYRACUSE, N.Y. (AP)—Paoli Rosi's camp lost no time today clamoring for a lightweight title shot following the New Yorker's quick victory over Frankie Ryff in a televised fight.

"I demand a championship fight" with titleholder Joe Brown in May or June, screamed Manager Cy Crisci after Rosi had stopped Ryff at 2:48 of the third round Friday night.

"They keep saying one more good win and you're ready for Brown. Well, we're ready."

Rosi, cut badly about the right eye, was behind in the fight until he caught the fast-stepping Ryff flush on the jaw with a sharp right in the third. Ryff went down, was up before the compulsory eight-count ended and then took a jarring left hook. He stiffened and pitched head first to the canvas.

Ryff got up and was staggering back toward Rosi when Referee Joe Palmer stopped it. In the books, it went as a technical knockout.

## Ninth-Inning Rally Again Wins for the 'Frisco Giants

By JOE REICHLER

Associated Press Sports Writer

The ninth inning wonders are

back in business.

It was a year ago that the San

Francisco Giants began an intrig-

uing habit pulling out games in

the final inning. Nearly a third of

their victories were achieved thus.

The 1959 season is only in its

infancy and already the Giants

have won two of their three games

in the closing frame.

They did it for the second time

Sunday, scoring three in the ninth

to defeat the St. Louis Cardinals

for the third consecutive day. The

score was 6-3.

Sunday's triumph moved the

Giants into first place, a half

game in front of the Milwaukee

Braves, who won the only two

games they have played. Snow

prevented the Braves from play-

ing their scheduled game in Pitts-

burgh.

In the only other league action,

Los Angeles defeated Chicago 5-3

The scheduled doubleheader be-

tween the Cincinnati Reds and

Phillies in Philadelphia was pos-

toned because of rain.

Weather permitted only two

games to be played in the Amer-

ican League. Chicago's White Sox

made it three in a row over De-

troit with a 5-3 triumph. New

York's Yankees, after two post-

ponements, finally got under way

and edged the Boston Red Sox 3-2.

Rain washed out the scheduled

twin bill at Washington between

Baltimore and the Senators, and

the single game at Kansas City

between Cleveland and the Ath-

letics.

For one inning it looked like the

Cardinals might finally win their

first game of the season. They

scored three runs in the first

against left-hander Mike McCor-

nick on hits by Don Blasingame,

Gino Cimoli and Ken Boyer, plus

three Giant errors.

The Giants tied the score with

two in the fifth after scoring one

in the third. Then, in the ninth

with two out, Orlando Cepeda's

triple drove in Jim Davenport,

who had beat out a bunt to Card-

inal pitcher Vinegar Bend Mizell.

Felipe Alou iced the game with a

home run.

Al (Red) Worthington, with two

hundred relief innings, was credited

with the victory.

The Dodgers, like the Giants,

also overcame a 3-0 deficit. The

Cubs got to starter Sandy Koufax

for four of their eight hits in the

third to score all their runs.

## Fans Give "Crazy" Odds to Philly Boxer Over Ortiz

By NOAH HALPER

PHILADELPHIA (AP) — Len

Matthews has captured the imagi-

nation of Philadelphia fight fans.

That, apparently, is the only ex-

planation for the 9-5 odds favor-

ing the hometown boxer over sec-

ond-ranking lightweight contender

Carlos Ortiz in their scheduled 10-

round bout tonight.

Ortiz says of the odds, "They're

crazy." His trainer, Sammy Cher-

nin, says "Matthews isn't in the

same class as Ortiz." He adds,

"We've taken this fight to keep

Carlos in shape."

Even Matthews' manager, Tony

Graziano, admits he's puzzled. "I

think Len has a good, even

chance to win, but Ortiz should

be the favorite. My boy has no

ranking."

And Matthews, a 19-year-old

whose fists speak eloquently for

him, says under pressure for a

verbal comment, "I guess I must

have earned it (the favorite's

role)."

Ortiz, 22-year-old Puerto Rican

now living in New York, has met

some of the best in his division

in compiling a 29-2-1 record. He

has lost majority decisions only

to Kenny Lane, the top contender

for Joe Brown's title, and to

Johnny Busso, No. 4. He re-

## White Sox Reveal Home Run Punch and Relief Pitching

By JOE REICHLER

Associated Press Sports Writer

Three days' don't make a week

let alone a season but it sure looks

today as if the Chicago White Sox

have the two ingredients they

lacked most last season. That

would be home run punch and

strong relief pitching.

It was this combination that

helped them win their third

straight Sunday, a 5-3 decision

over Detroit. The home run punch

was provided by rookie Norm

Cash. The relief pitching was fur-

nished by rookie Rudolfo Arias

and sophomore Bob Shaw. Each

came in to stifle a Tiger threat

# Michigan Game Experts To Study Deer Deaths

LANSING, Mich. (AP)—For all their touted methods, political hunters have little on Michigan game experts when winter starvation cuts deeply into the state's big deer herd.

Nearly 200 state conservation men will strike out for the North Woods about April 15 on a survey to determine the starvation death toll of one of the worst winters in memory.

By May 15, they hope to make a foot-by-foot search of 540 sections of deer country averaging 60 acres.

One experienced game biologist is assigned to each three-man survey team.

Each man scans an area one chain (66 feet) wide.

"We go to great lengths to make these surveys as accurate as possible," said R. A. MacMullan, research head of the game division.

"We of course cover only a fraction of one per cent of the total deer country and any small error is compounded when we project our figures to estimate the total starvation losses," he said.

Surveys are run only in years when starvation losses are known to be heavy. The first was in 1936. This is the second one.

If the toll reaches the 50,000 estimated loss of 1951, and many game men say it will be more, conservation men will find several hundred dead deer on their survey, MacMullan said.

# Shaky Start of Bucs Disappoints Comedian Durante

PITTSBURGH (AP)—The shaky start of the Pittsburgh Pirates in the National League pennant derby is, in the words of comedian Jimmy Durante, "a revolting development."

"And you can also call it a k-a-t-a-strophe," rasped the irrepressible entertainer Sunday.

Jimmy was in town for a night-club date and had planned taking in the final of the three-game series between the Pirates and the Milwaukee Braves.

His succinct comments were as much in disgust with the snowstorm which forced postponement of the game as an observation of the Pirates' failure to win in their first three games.

But Durante qualified his remarks about the Pirates, saying: "Fred Haney's (Milwaukee manager) a good friend of mine and I'm pulling for him. But I think youse people have a good ball club in Pittsburgh. Once that Murtaugh finds where he can put in the clutch in the hitting department the Pirates will win a lot of games."

"The clutch in the hitting department," or the lack of it, just about explains the Pirates' woes in the first three games.

A clutch hit or two might have made the difference in two of the defeats. The Pirates had the opposing pitcher in trouble several times but were unable to apply the finisher. They were shelved 8-0 in the other game.

Pirate Manager Danny Murtaugh shouldn't be too concerned, if the club really is the pennant contender it has been pegged in most pre-season polls.

The Pirates were idle today. They start a brief road trip with a game tomorrow in Cincinnati.

# Weatherman Fouts Attendance Plans

THE ASSOCIATED PRESS

The weatherman didn't win friends, influence people or make any money on attendance for major league baseball's early week-end start this season.

The major's scheme to begin the 1959 season five days early to get the attendance gravy from an extra weekend ran afoul because of cold and rainy weather in most major league cities.

There were 12 games postponed over the weekend by rain, snow or cold including doubleheaders in Baltimore and Philadelphia. Only two single games were washed out in 1958.

# Pfeiffers Nearly Bow To Unheralded Team

ST. LOUIS (AP)—An unheralded team almost walked off with the top prize in the American Bowling Congress Tournament Sunday night.

The A&A Asphalt team of Birmingham, Mich. took seventh place in the Open Division with a 3104 total.

Although they missed first place by 140 pins, the A&A team had an excellent chance to surpass the pace-setting Pfeiffers of Detroit who led with 3243.

Starting with 1071, the A&A team then improved to 1083, but slipped in the last game to 950.

# Guard Your Family Slogan For Cancer Crusade Rally

Photo by McGarry Studios

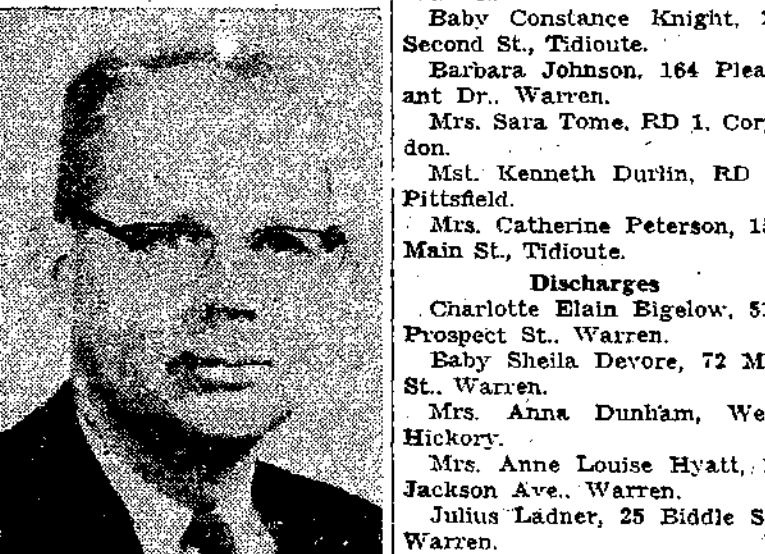

Pictured in the above McGarry photo is the Fred Swanson family of 40 Meadow Lane, who was chosen to depict this year's Crusade Rally Slogan Guard Your Family... Help Fight Cancer With A Check-Up And A Check.

A typical American family, Fred is an employee of the Hans Link garage, wife Jean is a housewife, employed full time caring for that darling daughter, Barbara Jean, just turned two years old. The Swansons urge everyone to Guard Their Family... and help fight cancer with a check-up and a check.

Although there has been no cancer in their own family, they are firm believers in that annual health check-up, no matter how healthy one feels. It is the alertness of any individual that helps him guard against killer cancer, wiping out alarm. The Swansons are good examples of the annual Cancer Crusade, in that they practice what they preach, and each has had his check-up.

The Warren County Unit, of the American Cancer Society, is happy for the splendid cooperation of the Swanson family, in their attempt to help save lives, by emphasizing the Crusade Rally Slogan for everyone in the County. Let's follow the path of this wonderful family, and get that health check-up now during April... Cancer Control Month. And when the Crusaders call at your doors tomorrow, C-Day through-out Warren County, welcome their life-saving literature, and give that check to help fight cancer. Remember, when cancer strikes, you can strike back, with your dollars given to the American Cancer Society and its annual educational and fund-raising drive.

# Chemical Society to Meet at Emporium

Dr. Roy M. Adams, Head of the Chemistry Department at Geneva College, will present a talk on "Boron and Fluorine" before the Pennsylvania-New York Western Border Section of the American Chemical Society at their dinner meeting which will be held at the Moose Hall in Emporium, at 6:30 p. m. on Tuesday, April 21st. Dr. Adams was born in Hong Kong of missionary parents in 1919. He did his undergraduate studies at Sterling College and his graduate work at the University of Kansas. He served as Head of the Chemistry Department at Calvary Chemical 1952-1953. This work resulted in several patent applications, most of which are still restricted by security considerations.

# Child Has Drinking Bout: Kerosene Goes Down

A two-year-old Grand Valley lad drank kerosene Friday evening but none the worse except for an over-night stay in Titusville Hospital.

Harold Jackson, son of Mr. and Mrs. Walter Jackson, RD 1 Grand Valley, swallowed a large quantity of kerosene while his parents were at a drive-in movie. A neighbor, Marshall Tucker, rushed the lad to the hospital.

The young man was bloated by the kerosene when he reached Titusville. After removing the liquid from the body, Harold was kept over night for observance in the hospital.

The African lungfish must come up to the surface of the water to breathe.

### Why Break Up the Yanks? They Pay Their Own Way

BY HARRY GRAYSON  
NEA Sports Editor

NEW YORK—(NEA)—Because the New York Yankees have won 24 pennants in 38 years—10 of the last 12, nine of the last 10—you still hear the cry, "Break up the Yankees!"

"How will the league ever be balanced?" ask the have-nots.

But why break up the Yankees? They at least pay their own way—taxes and all. They carry the other clubs in the league.

Under the shrewd general manager, George Weiss, the Yankees refute the claim of others, which is that a major league club no longer can be financially successful while operating without outside help in the way of bargain basement rental and whatnot.

YANKEE STADIUM, the ONLY wheel left in town so far as New York baseball fans are concerned, was opened 36 years ago, also in a game with the Red Sox, the opponents in the 1923 opener.

As was fitting and proper for a park called "The House That Ruth Built," the fabulous Babe dedicated it with a three-run home run off Howard Ehmke, who died only a few weeks ago.

The triple deck enclosure in the Bronx owns many distinctions, including having housed more World Series games than any other park in history. No fewer than 61 Series games have been decided there, even though the Bombers played home games at the Polo Grounds across the Harlem River when they won their first two pennants in 1921-22.

YANKEE STADIUM WAS THE LAST big league park built with private funds, those of the late New York brewer, Col. Jacob Ruppert. The trend now is to municipal parks built at public expense and leased at a low rental. Cleveland, Milwaukee, Kansas City, Los Angeles and Baltimore play in municipal stadiums. San Francisco also will be deploying in one when Candlestick Point Park is completed.

Because of the increase in construction costs, such a well-posted magnate as Lou Perini, the world's biggest individual heavy contractor, tells you that the cost of building a baseball stadium with private funds is prohibitive.

Despite this, Walter F. O'Malley says he is going to do just this in Chavez Ravine for the Dodgers, when and if legal snarls are untangled. But it must be remembered that it was the land grab that prompted O'Malley to forsake Brooklyn for Los Angeles.

RENT IS ANOTHER FACTOR. The Braves paid only \$1,000 their first year at County Stadium in Milwaukee, although Proprietor Perini later made a more generous deal with the county.

When Yankee Stadium opened in 1923, the attendance was announced by General Manager Ed Barrow as 74,414.

Six weeks later, when a fight was held there, it was discovered that Barrow, in his effort to knock down the Giants, who had evicted the Yankees from the Polo Grounds, had padded the figure by nearly 20,000.

As a matter of fact, the largest turnout ever to see an opening game at the Stadium was 54,404 in 1946, against the Senators of all people.

### Husbands, Don't Spoil That Special Night 'On the Town'

MEMO TO MEN: When you take your wife out in the evening for a special celebration don't spoil the nice surprise by one small, thoughtless action.

Don't rush her while she is trying to get dressed. Force yourself to sit down and read the newspaper if you are ready first and let her take her time getting pretty for you.

Be gallant enough to open the car door for her. Don't switch the car radio to a blasting rebash of the day's news when you could be carrying on a conversation. Be as chivalrous as you were in your courting days.

Don't stare at every pretty girl who passes or make comments about the cute blonde waitress. Instead, tell your wife how pretty she looks, since she is the one you are trying to please.

If you're tired, don't complain about it. That will make her feel guilty instead of gay, thinking she shouldn't have planned a big evening when you've had such a hard day.

Keep your talk "happy talk." Your gay evening will be a dud if you worry out loud about business problems, the children, finances, or anything else.

And when she thanks you for a wonderful evening—as she will if you've followed the rule set down here—tell her that you've had a good time, too.

A woman likes to hear that her husband finds her a charming companion—no matter how many years they have been married.

rough mountain country in Colorado and Washington, while a tiny girl wandered away from home in Michigan.

Some 150 searchers, aided by two planes and a bloodhound, combed the woods and pastures near St. Joseph, Mich., for three-year-old Virginia Lee Ford before she was found unharmed and asleep in a weed-covered field about a mile from her home.

The girl, wearing a snowsuit, apparently suffered no ill effects from the sub-freezing weather, doctors said.

In the far West, bloodhounds led searchers to five-year-old Brian Brehmeyer as he cuddled a pet beagle in the foothills west of Shelton, Wash.

Brian, one of seven children of Mr. and Mrs. Herbert Brehmeyer, had wandered from home Saturday. He endured 20 hours of waiting and 40-degree temperatures before greeting his rescuers: "I didn't cry."

Planes, a helicopter and dogs joined the search south of Grand Junction, Colo., for trail Sammy Jennings, 7.

The 55-pound first-grader strayed from a family picnic Saturday. He has sight in only one eye, is in poor health and has a speech impediment.

Searchers found him 18 hours later atop a pinnacle of rock in the remote Unaweep Canyon area.

**CHAUTAUQUA QUEEN**

Jamestown Sun: Doris Larson, a 23-year-old blue-eyed blond former cheerleader from Lakewood, was named Miss Chautauqua of 1959 Friday night. Miss Larson, who lives at 215 Woodcrest Ave., in Lakewood, gave a dramatic reading for her part of the talent portion of the pageant. She also appeared in evening dress and bathing suit. She was crowned by Miss America of 1959—Mary Ann Mobley—who had spent all of Friday in Jamestown. The show, sponsored by Jamestown Junior Chamber of Commerce, drew a packed house at the high school auditorium. The 10 finalists showed off their beauty and talent for the assembled guests after Miss Mobley had been introduced to the audience. Doris, who stands 5 feet-7 and measures a shapely 36-25-35, was a cheer leader during her career at Southwestern Central School.

# Northern Area Board Gives Attention to Year's Budget

Principal item for consideration at the April meeting of Northern Area Joint School Board was a 1959-60 budget prepared by the ways and means committee and presented by Chairman Allene Briggs.

Net amount of the proposed budget, to be given approval at the May session, is \$570,866.33, an increase over this year's \$531,963.01. Three new teaching positions and added transportation facilities account for much of the increase; also mandated salary increment for professional personnel and a longer contract year.

Also submitted by this committee was a written statement of philosophy and educational objectives, result of extensive work on the part of directors and officially adopted as a guide against which board decisions may be focused and adopted. Mimeographed copies will be available to all who desire them and contact the supervising principal's office.

Official approval was given membership in the Pennsylvania School Study Council, educational research body comprised of interested school systems. Total insurance responsibility for all the joint schools was assigned to the building committee, Chairman Travers Stohberg appointing William Lester and Lynn Burgett to work with the Erickson Agency.

Other insurance matters, presented by Creed Erickson, Jr., led to official decisions to make adjustments on fire, vandalism and malicious mischief, and compensation programs.

Board members passed a resolution expressing appreciation to Representative Allen M. Gibson as sponsor of House Bill 1108, which would substantially modify the present basic school subsidy program and adjust state reimbursement to conform with realistic costs and tax resources of each school district. By this means, the board pledged its full support in his efforts to have the bill enacted into law and in pro-

urement of a state tax program which will support the program after its adoption by the General Assembly.

In its report, the building committee referred to installation of a new electrical service in Lander School; the committee's portion of the proposed budget; and authorization for Solicitor Richard Leuthold to take preliminary steps enabling the Joint Board to establish a Northern Area Authority for the purpose of surveying elementary needs and suggested method of meeting same.

Transportation Chairman Charles Peterson presented copies of six bus contracts covering the next three years, these providing 15 buses of 48 to 72 passengers each and two five-passenger cars at a total cost of \$334.46 per day.

Successful contractors were William and E. D. Barrett, Russell, five buses; LaVerna and Gail Decker, Lander, 7; Henry Rutsky, Pittsfield, 1; Joseph Rutsky, Pittsfield, one bus and one car; Michael Zurkan, Sugar Grove, one bus; John Sweeney, Sugar Grove, one bus and one car.

Floyd Marsh presented personnel committee recommendations, leading to board decisions concerning adjustment of specific teacher contracts to the longer contract year; and authorizing the supervising principal to attend the annual meeting of the Pennsylvania Association of Chief School Administrators late this month.

Following Chester Anderson's report for the health and athletic committee, approval was given budget requests for physical education, also the athletic schedule for next term, and a series of Saturday forenoon basketball events for boys in grades five and six.

The board also approved minutes read by Secretary Hazel Kays and bills of \$4,014.54 for elementary schools and \$4,872.10 for the high school. Prior to adjournment by President Alben Abbott, the date of May 13 was announced for the next regular board session.

# Youngsville Boro Council Considers Varied Problems

**YOUNGVILLE**—Many problems were given attention when Borough Council convened for its April session, the Rev. F. Eugene Donelson giving the invocation which prefaced the business meeting.

Chief Ed Chappel presented the police report, asking Council to designate legal holidays in order that police might be instructed concerning exemptions on motel violations. Such a list will be composed and given his department, he was assured.

The police report showed 12 calls; 12 complaints; four doors unlocked; one gas pump unlocked; two accidents; one light out; one dog disposed of by the deputy and one by the department, two claimed from the dog pound; two lodgers; two funerals policed; one assist to other departments; 21 meter violation tickets, with six more issued March 27; meter take for March \$387.71.

Paralleling Warren plans, Council passed a resolution setting Daylight Saving Time from midnight April 25 to midnight October 25.

Much of the auditors' report dealt with water and sewer accounts, a new bookkeeping system whereby total water sales and sewer rentals may be totaled each month, and a warning that water bills must be paid or meters will be shut off.

Charles Seelings presented the matter of a community tennis court, speaking for the Kiwanis Club's youth committee and recommending its placement on Island Park. He explained, also, the possibilities of a double court, which might be used for basketball, volleyball, and ice skating. President E. Leo Johnson said the matter should be referred to the park committee, Ed Nelson, K. Johnson and Carl Anderson, with a possible location to be determined. Members were enthusiastic with the project and felt it could be worked out.

The matter of a dual Planning-Zoning Commission was discussed, Solicitor S. Knox Harper stating an existing Planning Commission may be appointed by resolution to serve in the role of Zoning Commission for study and preparation of a zoning ordinance.

E. B. Day, speaking for the Planning Commission, made it clear his group had not asked for the additional power but accepted the responsibility empowered in the resolution passed by Council. He asked for a map of the borough, as well as a copy of the Warren Zoning Code.

Councilmen gave attention to a variety of other matters, including complaints that rubbish has been blowing from collection trucks, and dogs have been running loose. Another resolution concerned increases in salaries, to be computed from April 4, 1959; approval was given current bills in the amount of \$3,818.49; an affirmative vote will allow the TV Corporation to attach to borough poles.

The justices' report showed \$20, turned in by C. Wroblewski, \$24, collected by Justice Thompson and \$12, turned in. Another complaint concerned sale and use of sling shots responsible for window breakage, but Council felt this matter was not within its jurisdiction.

Drainage problems in front of the school and on Second street were noted by Councilman Borton, with Superintendent Sanford to see to alleviating the conditions.

### Close Watch Is Kept On Virginia's Governor

**RICHMOND, Va. (AP)**—Police today maintained an unprecedented security vigil about Virginia's governor after a reported attempt on his life.

Gov. J. Lindsay Almond Jr. was shot at Friday, officers said, as he walked near the executive mansion en route to the Capitol. Capitol police doubled their guard at the mansion. State and Richmond city police promised closer surveillance of the Capitol grounds.

"I hate to see more security around here, but I guess I should take the advice of the police authorities," Almond said.

### PENNA FATALITIES

**By THE ASSOCIATED PRESS**  
At least seven people died accidentally in Pennsylvania over the weekend, three of them on the highways.

Two people drowned, an infant suffocated in his crib, and another infant suffocated on fumes from an oil heater explosion.

### TRAFFIC FATALITY

**PITTSBURGH (AP)**—John Rowan, 50, of Dormont, was killed Sunday night when an auto in which he was riding careened off Greentree Road in nearby Scott Twp. and struck a tree.

## European Visitors Express Appreciation to Community

Martin Schulz-Pruss, leader of the group of young European businessmen who have been staying in Warren for the past three weeks under the auspices of the Junior Chamber of Commerce, spoke for the group at the regular Jaycee membership meeting on Thursday evening. The text of his remarks follows:

"Gentlemen. First of all I want to say one thing: I am the eldest one within our group and therefore I am the one who has the honor of giving this short talk. Yet I am also the one who has the least knowledge of the English language. You really may be glad that you are not here for the next ten minutes."

"Our group lived for three weeks each with a different family in this friendly town of Warren. We are young men who are interested in all problems concerning industry in this continent. However, it was a wonderful idea to give us first the chance to get to know the life in a family before we hear and learn about the economical theory of American industry in Syracuse. I know for sure that this experiment up to this point was a complete success."

"It probably was mere accident that Warren was chosen as the place for us to stay. It is much easier to get to know the way of living, the customs and the habits of the American people in a relatively small town, rather than in a large city. We were received with open hearts. We really got a look into the life in Warren through many visits. We had a chance to see some of the clubs, parties and—who knows—the younger ones maybe got the chance to date. This way we saw your way of living—your family life."

"Yet we not only saw your family-life. We also saw the working conditions in the factories. We talked with your workers, the unions and we heard about their problems and demands. We got a clear picture

of the entire industry in the county of Warren. Last but not least, we visited your hospitals and schools. Because all these things happened within a few weeks, we simply had no time to become bored or to get homesick."

"Naturally, your big question now is: 'What do you think of America? How do you like our country?' I hope, rather I am sure you understand, if we at this moment do not have an answer. We can say from the bottom of our hearts that we felt at home. We are grateful to you for having answered so patiently our many questions, for having opened our homes so readily. We know now some of your worries and problems. We know a little bit about your way of thinking. But it will take some time to sort out the many impressions we have received before we will ever dare to judge. There is one thing which I want you to know and which I think is most important: We have many feelings in common."

"On the first day of our visit your mayor gave us the keys to your town. I think we could say that these keys were symbols. They were the keys to our hearts as well as to yours. This frankness right at the beginning made us friends. I know I am talking for the entire group if I thank you with all my heart for the troubles and work you had organizing and planning these three weeks. Did we make mistakes? Did we hurt you sometimes through our clumsiness? Please take it as clumsiness and forgive us. Again I thank you for your hospitality. I only hope that this 'Experiment' (which is the name of the organization which made our trip possible) does not end as a mere experiment, but helps us in a very concrete way to support the peaceful development of our respective countries toward each other."

The U.S. wool manufacturing industry started in Massachusetts in 1790, when the first wool-carding machine was set up.

## Special Boosters Session Scheduled At Eisenhower Hi

LANDER—A special meeting of Northern Area Boosters' Association has been announced by President George K. Wilcox. The session will be held at Eisenhower High School at 8:30 p. m. August 17 and all persons interested in the school are urged to keep in mind this important event.

Carol Lindell has been a guest of her cousin, Kathy White, of Busti. The girls have been camping at Allegheny Park with young people of the Busti Federated church. Larry and Alan Ludwick, Frank Burgett and Donald Marsh have returned from a motor trip which included Mount Union College, Alliance, O., and Atlantic City, N. J. The Rev. and Mrs. Macklyn Lindstrom and son, David, of Erie, have been recent visitors of Mrs. Ruth Swanson, David remaining overnight.

Mr. and Mrs. K. Dale Skinner and family are enjoying a motor trip through New York State this week.

Mr. and Mrs. Michael Kiki of Warren, with Ruth and Norma Mills, recently visited Betsy Firth in Lebanon, where she is an agriculture extension office employee for the summer. Miss Firth will resume her studies in September at Indiana State Teachers' College, where she is majoring in home economics.

Mr. and Mrs. Donald Hagberg, Mr. and Mrs. Leroy Christensen and daughters enjoyed a Sunday picnic at Titusville.

Spending a few days with Mr. and Mrs. Paul Lindell have been Mr. and Mrs. Melvin Kern, Anchorage, Alaska; Mrs. Anna Eckman and Cindy Ransom, Jamestown.

Roy and Janet Tubbs Lindell are parents of a son, Cayne Melvin, born August 10 in Warren General Hospital.

Mrs. George Mahan, with Mrs. Genevieve Kelley of Russell, is spending this week at a cafeteria school at Indiana State Teachers' College.

### Letters to Editor

Warren, RD Box 225  
Dear Editor:

We wish to ask you in response to Mr. De Loy's proposed teenage recreation, what is his definition of a respectable teenager or undesirable teenager?

Teenagers are a class all of their own, it's our short period of life that a boy and girl has to go through which lays the foundation for their adulthood. This foundation can be made strong in trying to understand them and the things they do which give them their pleasures. This can be weakened by trying to dictate or too much undue pressure on our teenagers in respects to what they will wear and when they will wear it.

Among the teenagers today Levi's and tee shirts is the uniform of the day, not a dressed up shirt and pants.

Trying too hard to dictate to our teenagers could be part of the cause of making them go from right to wrong.

They are at an age now where experience is the best teacher.

What we make of our children today is our future tomorrow. Supervise and correct them, yes, but, dictate to them, no. Let's give them a chance to grow up and maybe they will make a much better world tomorrow than we did today.

Sincerely,  
Sidney Mason

### YOUNGSVILLE

YOUNGSVILLE — Members of the local Business and Professional Women's Club enjoyed their annual steak fry at Wilder Field at Irvine Monday evening. Although rain threatened all day, good weather prevailed during the evening hours and all report an enjoyable event.

Earl Young proved very able "fireman" but did not remain for the meal. Salad, rolls, coffee and dessert were provided by a committee composed of Edith Young, Thelma Matteo and Mary Morgan.

The usual business session was omitted, but June Carroll announced the list of committees chosen for next year's activities and transportation.

Mr. and Mrs. Yngve Harner left Monday evening for New York, from where they sailed for Gottenburg, Sweden. They will visit relatives of Mr. Harner, see some of the outstanding mink ranches, and tour the Scandinavian countries. They will return in about five weeks by Scandinavian Airlines from Copenhagen, Denmark.

Mrs. Lyle Morley and daughters, Lynne and Lynda, returned Monday from a week's visit at the home of Mr. and Mrs. James Moran in Levittstown, and with friends in

### Sports Night Banquet Set For Oct. 12

Warren Council 984, Knights of Columbus, announced today that they will sponsor second annual Columbus Day Sports Banquet on Monday, Oct. 12.

The committee has been busy for the past three months lining up a list of stars to be contacted for the big event. Last year the card of celebrities included 18 well known sports figures, including Bob Prince, master of ceremonies.

It was announced by the committee that they didn't plan on presenting such a large card of sports names as last year, but were banking on seven or eight of the same caliber.

Pirates' golden voice Bob Prince has consented to come back for master of ceremonies assignment. As to date, four "very popular" men in the world of sports have been contacted. All have expressed desire to attend. Their names will be released shortly.

Tickets for the gala event go on sale Sept. 21. General chairman Frank Files stated there will be a special feature for students holding tickets for the banquet.

Motor vehicles on U. S. farms outnumber horses and mules two to one.

## Clay Courts at Jamestown Scene Of Sept. Tourney

Warren junior tennis players were extended an invitation today to participate in 11th annual Western New York Invitational Tennis tourney.

The event is sponsored by Jamestown Tennis Club, action to be staged on clay courts at Allen Park in Jamestown Labor Day weekend—Sept. 5 to 7.

Four events are open for competition, men's singles, men's doubles, women's singles and doubles. All matches best of two of three sets, including finals.

Play will begin at 10 a. m. on Saturday, Sept. 5 and will be continued at hours set by Tournament Committee. Finals will be staged Monday, Sept. 7 at 2 p. m.

Entries are to be in the hands of Richard Herman, Mt. Vernon Place. Jamestown, not later than Wednesday midnight, Sept. 2.

Trophies will be awarded winners and runners-up in all events. Name of men's victory will be engraved on Jamestown Manufacturers' Association three-year-cup.

Fee for men's singles entry is \$3, per team in men's doubles is \$4. The same entry fee goes for women, too.

### Kiwanians Tour Erie Links in Club Play

Warren Kiwanis Club participated in annual Kiwanis Golf tourney at Kahkwa Golf and Country Club in Erie recently.

The yearly tournament of Pennsylvania, New York, Ohio and Canadian Kiwanis clubs is held at the Erie club.

Representing the local club in play on the Gem City links were Hugh Logan, Al VerMilyea, Joe Passaro, Wynn Irwin, Bob Anstadt, John Benjamin and Bob Lundberg.

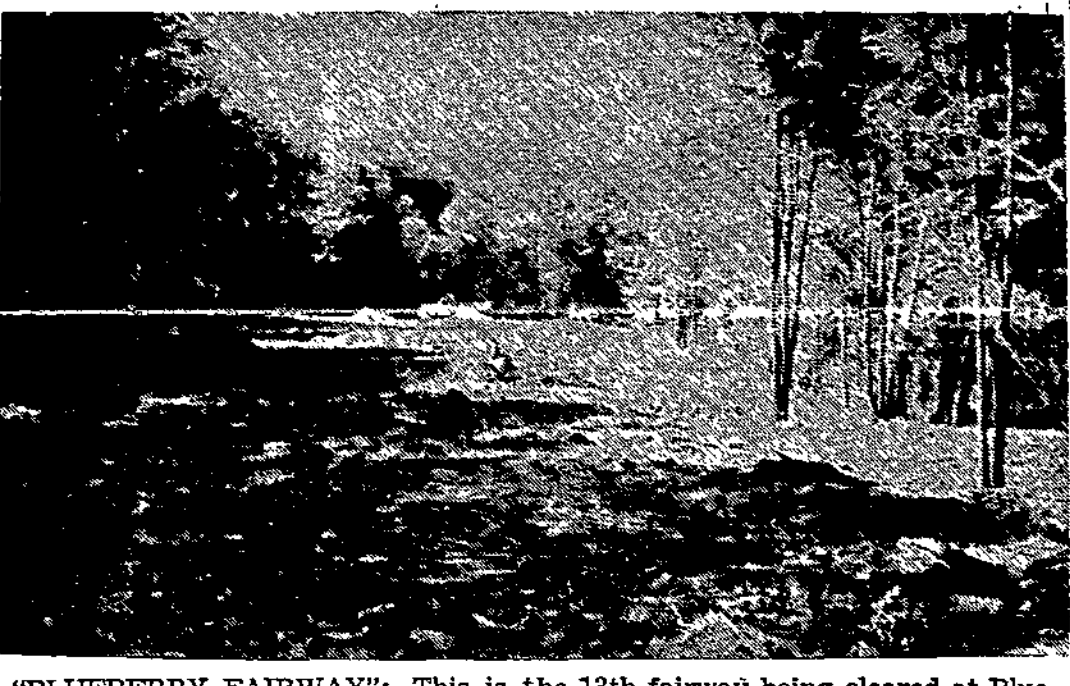

John Benjamin, Wynn Irwin and Bob Anstadt won golfing prizes.

### Major League Stars

Batting — Eddie Matthews, Braves, hit two home runs, each with a man on in Milwaukee's 6-4 triumph over Cincinnati.

Pitching — Gary Bell, Indians, was the only American League pitcher to go the route, hurling an eight-hitter and striking out eight in Cleveland's 9-4 triumph over Kansas City.

## Eddie Matthews Helping To Keep Braves in the Running

Associated Press Sports Writer

Milwaukee's Braves may not be the all-conquering champions they were a year ago but it hasn't been the fault of third baseman Eddie Matthews.

He is hitting an even .300, has slugged 33 home runs and has driven in 79 runs. He already has exceeded last year's totals of 31 homers and 77 runs batted in when his average was only .251.

Eddie powered two home runs Wednesday night, each with a man on base, to boost the Braves into second place with a 6-4 victory over Cincinnati. Henry Aaron added a home run, his 30th, and a triple and Joe Adcock hit safely in his 19th consecutive game. The Braves also got a fine pitching performance from veteran Bob Rush, who hurled scoreless ball after relieving southpaw Juan Pizarro in the second.

Chicago's Cubs dropped Los Angeles into third place, half a game behind the Braves and 3 1/2 behind the idle San Francisco Giants, by thrashing the Dodgers 11-8. Pittsburgh walloped Philadelphia 6-2.

The Cubs routed Don Drysdale with a five-run outburst in the first inning, highlighted by Ernie Banks' 34th home run and Sammy Taylor's ninth. Alvin Dark and Irv Noren also chipped in with four-baggers for the Cubs in the 28th slugfest.

Roberto Clemente had a single, double and triple, his three-bagger coming with the bases loaded in a four-run seventh that enabled the Pirates to break a 2-2 tie with the Phils. Harvey Haddix out-pitched Robin Roberts.

## Investment In Clemente Pays Off Big

PHILADELPHIA (AP)—That \$4,000 the Pittsburgh Pirates sunk into outfielder Roberto Clemente is paying big dividends again.

The Puerto Rican, whom the Pirates picked up for \$4,000 from Montreal in the 1954 player draft, has been an off-and-on player. For a while there were some who figured he might be washed up after an inflamed elbow sidelined him from May 5 to July 4.

But Wednesday night he looked like a real pro. He belted a triple, double and single, drove in three runs and scored two to lead the Pirates to a 6-2 victory over the Philadelphia Phillies. The win moved the Pirates into fourth place by one percentage point over the Chicago Cubs.

Harvey Haddix (9-9) gave up seven hits in going the route for the victory. One of them was a solo homer by Wally Post (14) in the sixth that tied the score 2-2. Post also drove in the other Phillies' run in the first with a long fly.

The pirates scored two runs in their half of the sixth on an error, Clemente's double, a force out and Smokey Burgess' single.

They iced the game with four runs in the seventh, chasing starter Robin Roberts (10-12). Bill Mazeroski and Bill Virdon singled. Haddix struck out but Bob Skinner walked to load the bases. After Dick Groat fouled out, Clemente lashed a triple to left center, clearing the bases. He scored on Rocky Nelson's single.

Referring to Clemente's drive, Roberts said after the game: "I wish I had thrown the ball as hard as he hit it."

## White Sox Solid Favorite To Get Into World Series

By JOE REICHLER  
Associated Press Sports Writer

At the start of the year the Chicago White Sox were given an outside chance at the pennant because of only one thing — their strong pitching staff.

Today the first-place White Sox are a solid favorite to represent the American League in the World Series—despite their pitching.

Only Early Wynn of the highly touted Big Five — Billy Pierce, Dick Donovan, Ray Moore, Barry Latman and Wynn — has been pitching as advertised. He has a 15-7 record.

Pierce is 12-12. Donovan, plagued by arm miseries is 7-5 and hasn't pitched since July 21. Moore is 2-6 and Latman 5-4.

What's keeping them up there, then? The answer lies in their speed, their defense, their ability to win the close games—and their bullpen aces Gerry Staley and Turk Lown.

Staley and Lown figured prominently in Wednesday's 11-6 triumph over Detroit which kept the Sox 2 1/2 games ahead of Cleveland, a 9-5 winner over Kansas City. Boston defeated Baltimore 5-4 and Washington nipped New York 3-2.

Latman started for the White Sox but left under fire in the fourth when Detroit scored four times to overcome a 3-0 Chicago lead. Staley halted the Tigers and picked up his fifth relief victory when the White Sox scored eight runs in the fifth and sixth on only three hits. Sherm Lollar's three-run homer was the big blow. Lown pitched the last three innings.

Gary Bell went the route for Cleveland after an eight - hitter for his 13th triumph. The Indians whacked five Kansas City pitchers for 15 hits, including home runs by Minnie Minoso, Jim Baxes and Russ Nixon.

The Senators, who had won only one of their last 23 games, snapped the Yankees' six-game winning streak although they made only four hits. One of them was a home run by pinch hitter Julio Becquer. It came with two on in the eighth to overcome a 2-0 Yankee lead. Ryne Duren, in relief of Art Ditmar, threw the home run ball.

A ninth-inning home run by Gary Geiger broke a 4-4 tie and gave Ike DeLoach and the Red Sox their uphill victory.

## Sea Monsters Hold No Terrors for Spear Divers

BY HARRY GRAYSON  
NEA Sports Editor

NEW YORK—(NEA)—How would you like to tangle bare-handed with a 38-foot octopus?

Monster octopuses right out of Jules Verne, man-eating sharks, moray eels a foot thick and barracuda that can bite off a leg are old stuff to the Americans who will compete in the International Spearfishing Contest.

Coach Jim Christiansen and the four men who will represent the United States were swapping stories in a St. Regis hotel just before taking off by plane for the 18-nation underwater scramble for sea food off the coast of Malta.

"I didn't take the octopus, but I saw it done," said Christiansen, who as pilot of a fireboat in Long Beach, Calif., and a spear fisherman of 18 years standing literally lives on and in the water. "It was in Puget Sound. The diver and the octopus came up as one big blob. It took about half an hour to pry them apart."

DIVERS RESPECT SHARKS, but don't particularly fear them. Del Wren, a 35-year-old business man from Redondo Beach, Calif., who has been skin-diving since he was nine, was surrounded by a hungry group of them once, and lived to tell the tale.

Off the Bahamas, a companion diver speared a big jack. A shark cut it squarely in two.

"All of a sudden they came at us from all directions, not only sharks but barracuda," Wren related. "The next thing I remembered was standing upright in our boat. I must have shot out of the water like a Polaroid missile."

DON DEL MONICO, 35, and Paul Damman, 28, have had wide experience with sharks. Sharks have very poor eyesight and are highly sensitive to vibration, which is why it isn't safe to thrash wildly in the water when they're about, the two Miami fishermen agreed.

Sharks are gang fighters also, they said. Alone, they're not inclined to attack, but in groups they may become very aggressive.

Terry Lentz, a 22-year-old student at Long Beach, Calif., State College and the remaining member of the team, said moray eels aren't as ugly as they look. These creatures have to open their big mouths to breathe, disclosing rows of hideous teeth.

IN THE MALTA CONTEST, the four men will compete in the water for six hours without a break.

The contestants start from a central point, but each team, accompanied by a boat, then sets out to find its own fishing waters. The divers are not allowed to wear underwater breathing apparatus of any kind.

Gear consists of flippers, face plates, weight belts, mouthpiece and their spear guns.

The combined diving experience of the team adds up to 70 years. They were culled from the best of the nation's estimated four million skin-divers.

## WHY DO WITHOUT A LITTLE LUXURY LIKE THIS... LET ALONE THESE BIG CHEVY VIRTUES!

**Chery's the only car of the leading low-priced three that gives you the convenience of crank-operated vent windows. No awkward latches to fumble with... your knuckles and fingernails will appreciate it.**

**full coil ride**  
You're the expert on ride, so you'll want to try Chevy's easygoing smoothness for yourself. MOTOR TREND magazine can give you a hint of what you're in for: "... the smoothest, most quiet, softest riding car in its price class." And Full Coil springs, of course, never squeak, never need grease.

**bigger brakes**  
Bigger, yes, and built with bonded linings for as much as 66% longer life. And how's this for proof that Chevy's a real stopper: in a NAS-CAR\*-conducted test of repeated stops from highway speeds, Chevrolet outstopped both of the "other two" time after time.

**award-winning engines**  
The NASCAR Outstanding Achievement award goes to Chevrolet! Chevy wins for "the creation and continuing development of America's most efficient V-type engines... for the establishment of new levels of V8 compactness combined with outstanding smoothness." And you can choose among eight V8's and the Six that won the Mobilgas Economy Run for its class.

**fresh styling**  
POPULAR SCIENCE magazine gave Chevy's styling a thoughtful look, then said it this way: "In its price class, Chevy establishes a new high in daring styling..." You'll find your own happy way of saying that Chevy's the only unmistakably modern car in its class.

**greater roominess**  
Automobile Manufacturers Association records carry the facts on this. In a Chevy sedan, for example, you've got more front seat head room than all but one of the high-priced cars! And Chevy's front seat hip room spreads up to 5.9 inches wider than comparable cars.

**bigger savings**  
Here's solid proof that Chevrolet squeezes more miles out of a gallon: In the famous Mobilgas Economy Run, two Chevrolet sixes with Powerglide took the first two places in their class. Winning mileage: 22.38 m.p.g. And that, friends, took top honors for Chevy from every full-sized car!

**higher trade-in**  
N.A.D.A.\* Guide Books prove that your Chevrolet will keep its value. Chevy used car prices last year, for example, averaged up to \$123 higher than comparable models of the other two cars in Chevrolet's field.

## Trautman --- TV Damaging Factor In Shrinking Minors

(Fourth in a Series)  
By FRITZ HOWELL  
Associated Press Sports Writer  
COLUMBUS, Ohio (AP)—George M. Trautman, president of the National Assn. of Professional Baseball Leagues, takes a watch-and-wait attitude toward what could be one of the worst threats to his minor league empire — a third major league.  
He is not entirely convinced a third major league is on our doorstep.  
"I will await with interest the results of the meeting between the Continental League and the major leagues Aug. 18," he says. "The Continental League certainly has named some very fine minor league cities. I hope this will be resolved one way or the other so we can get back to playing baseball in our towns."

## Hard Luck Holds Conewango Fish From Top Places

Conewango Valley Country Club swimmers ran into trouble with disqualifications and bad turns in Great Lakes swim meet Wednesday.  
Team Coach Pat Madden reported that the team suffered five disqualifications and had bad turns in most events. Great Lakes meet was staged in pool of Kalkwa Country Club in Erie.  
Local team placed well in individual heats, but when overall fastest times were announced, power of the Pittsburgh YMWA proved to be too much for the CVCC splashers.  
Madden and "Zippo" Beatty left for Pittsburgh at noon today, where Beatty will compete in State Country Club Championships Friday.  
Pittsburgh team walked away with complete sweeps in most events. Many national record holders were among the 287 swimmers entered in yesterday's competition, including 30 from Conewango.  
Coach Madden was scratched in all but the 100-yard butterfly event, placing fourth. "Zippo" Beatty, last year's record breaker, competed in an older age group this year for boys 12-and-under. His placement included fourth in both 50-yard freestyle and 50-yard backstroke.  
Lee Ritchie and Linda Werner turned in "good" times. "Chip" Lucia and Louie Carter were hampered by bad turns.  
"The team chalked up this meet for experience and is now looking forward to the two dual meets with Lake Shore club of Erie," Madden explained today. Lake Shore will swim here Aug. 23, Warren traveling there Aug. 24.  
It was reported that Erie swimming fans were amazed by the fine spirit and good sportsmanship shown by CVCC "fish".  
Before the meet, Dave Lun, Jan and Lee Ritchie were elected co-captains.

## River Boat Races At Clarion Sunday

Clarion Vol. Firemen will stage their eighth annual boat race Sunday at Toby Bridge, one mile north of Clarion on Rte. 966.  
Twenty-four heats have been scheduled with both hydroplanes and racing utility outboards competing. First race has been set to start at 1 p. m.  
Clarion race, which has been termed the "Regatta With a Gimmick" by Speed Age Magazine, affords most in racing entertainment from many standpoints at Toby Bridge. River narrows and the banks are steep, providing a tricky course with turns sharp enough to test the nation's best drivers.  
Half-mile course is in full view from both banks, and for those spectators who appreciate close-up action, the bridge itself is only six feet above the river.  
Over 100 speedboats are expected to be on hand for Sunday's event.

## Graham Discards Unit Substitution For Friday Game

By CHARLES CHAMBERLAIN  
Associated Press Sports Writer  
CHICAGO (AP)—Head Coach Otto Graham has discarded the unit substitution strategy and will insert his All Star collegians on an individual basis against the Baltimore Colts Friday night.  
The National Football League champion Colts are 16-point favorites to gain the 16th pro victory against eight collegiate triumphs in the series. Two of the games were tied.  
Soldier Field is the setting for the summer football classic and upward of 75,000 fans are expected. It will be telecast and broadcast by ABC starting at 8:30 p. m. EST.  
Graham put the final polish on his squad under the Soldier Field lights Wednesday night. The Colts arrive today and also will have a private practice at night in the huge lakefront arena.  
Graham's new substitution tactics are a reversal of the unit system he used last year in the All Star's 35-19 record offensive display against the Detroit Lions. Observers say his decision to spell offensive and defensive players frequently, until all able bodied men on his squad of 49 have had a turn, indicates his manpower is not as deep as last year.

## Terwilliger Hitting Sensation With A's

KANSAS CITY (AP)—"I guess I'm shooting a little over my head at bat, but I might as well enjoy it," says little Wayne Terwilliger.  
In 30 days, "Twig" has advanced from a substitute to a star of the Kansas City Athletics.  
The 34-year-old second baseman contributed virtually nothing to the A's this season until July 14, when he got into the lineup because of injuries to Jerry Lumpe and then Joe Demaestri.  
Twig was batting .195 when he got his chance to start. Since then, he has hit safely in 13 of 23

## Shoemaker in Winner Circle 3,500th Time

CHICAGO (AP)—"I don't keep track of such things," said jockey Willie Shoemaker after entering the winner's circle for the 3,500th time.  
A week before his 28th birthday, Shoemaker Wednesday became one of a select group of jockeys who have booted home 3,500 or more winners.  
He had been riding the last three days in Arlington Park with a foot injury suffered in the starting gate last Saturday. He was blanketed Monday, won Tuesday's opener but missed the rest of the afternoon.  
The Shoe, who won his first race at Golden Gate Fields in California on April 20, 1939, reached 3,500 in Wednesday's second race with Mad Duchess.

## Parker Highly Pleased With Steeler Showing

CALIFORNIA, Pa. (AP)—Coach Buddy Parker of the Pittsburgh Steelers says he is highly pleased with his squad's victory over the Cleveland Browns but "we still have a long way to go."  
Parker also had much praise Wednesday for fullback Larry Krutko, who starred in the 34-20 exhibition victory Tuesday night.  
"I was very pleased with his play," said Parker. "If he continues to play like that our fullback problem will be solved."  
The Steelers resumed practice here today after a day off.  
In the exhibition contest, guard Mike Sandusky dislocated a thumb, tackle Ted Karras bruised his ribs and guard John Simerson pulled a leg muscle.

## FIRST ARMY PILOT

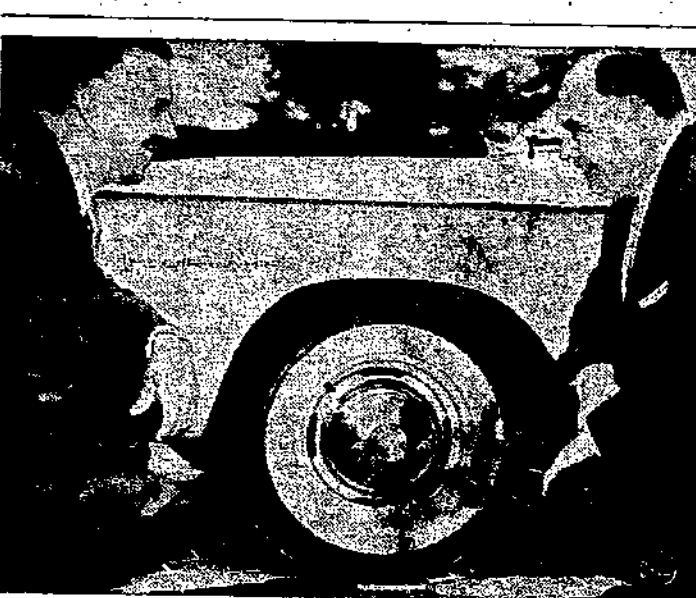

First airplane pilot of the U. S. Army was Brig. Gen. Frank P. Lahm, native of Mansfield, Ohio, who learned to fly in the third plane built by the Wrights.  
Lahm and his average has soared to 302.  
Wednesday night, Terwilliger collected two of the A's eight hits as the team bowed 9-4 to Cleveland.

## Moore Camp After Ingemar Following Win Over Durelle

By MURRAY ROSE  
Associated Press Sports Writer  
MONTREAL (AP)—Old Archie Moore, still supreme king of the lightweightweights, today made a million-dollar pitch to Ingemar Johansson for a heavyweight title fight.  
Only minutes after he bombed out Canada's Yvon Durelle with a four-knockdown explosion at 2:52 of the third round Wednesday night, the middle-aged magician of the ring announced the million-dollar bid to Sweden's world heavyweight champion.  
"Ingemar and I would make a very, very interesting fight," said Archie. "There are some Canadian and United States people interested in putting on the fight of the century."  
His manager Jack (Doc) Kearns said the million smackers would be strictly Johansson's cut.  
In the 42-year-old camp's two attempts to win the heavyweight crown, he was beaten by Rocky Marciano (1955) and Floyd Patterson (1956).  
Since then he has won 17 straight.  
The 174½-pound champion hurt his 173-pound, 29-year-old rival with a left hook in the first round Wednesday night and boxed rings around him. In the second he let Yvon punch himself out against his blocking forearms, and in the third he went to work in earnest.  
A barrage climaxed by a chopping right felled Durelle the first time for 9. Another volley and a right and left to the choppers sent the stricken challenger over the lowest rope strand for 9 again. Another flashing bombardment tipped Yvon to the deck for 7.  
The inevitable final came when a right knocked the Canadian on his pants. He rolled on his side as Referee Jack Sharkey, the former heavyweight champion, tolled the full 10 count.

**MORE TO COME**—This is a tantalizing glimpse of one of the three new U.S.-made "compact" cars which will appear on the market this fall—Chevrolet Corvair. Framing it are E. N. The Corvair departs from American custom by having its engine in the rear (note gas tank filler cover atop front fender). Ford's Falcon and Chrysler's Valiant will be introduced shortly, also.

# Plan To Ease Money Burden On School Districts Debated

HARRISBURG (AP)—A stopgap three-year plan for easing the financial burden on school districts affected by a recent statewide re-assessment of property values drew a cautious reaction today from the State School Directors' Assn.

The administration proposal offers to underwrite 75 per cent of the loss to school district in the coming school year, 50 per cent the next year and 25 per cent the third year.

Gov. Lawrence, in an accompanying statement, said the legislation "is designed to afford school districts the easiest possible adjustment to a new set of taxation conditions."

Schoolmen have been in turmoil since the Tax Equalization Board last month drastically revised market values across the state. These values determine the amount of state aid a school district receives.

All but some 300 of the state's 2,300 districts stand to lose—some

(From Page One)

1. The administration has no intention of invoking the Taft-Hartley law's national emergency provisions at least until Sept. 15 or Oct. 1. Officials are convinced there will be no sizeable steel shortage until then.

2. Secretary of Labor James P. Mitchell, who is studying the strike situation as a fact-finder for Eisenhower, has conferred several times with top figures in the steel companies and striking union.

3. The union is convinced that with no settlement likely the government soon will have to intervene, either by invoking Taft-Hartley or some other method.

4. U. S. Steel revealed it has sent out a statement to striking employees saying the union has exaggerated the effect of steel management proposals to change work rules. U. S. Steel's statement said that from 1940 through 1958 its worker employment costs have risen 288 per cent while shipments of steel products increased only 30 per cent.

5. In reply the union said the work rules couldn't be too much of a problem at U. S. Steel because there have been only 135 cases involving work rules in U. S. Steel grievance procedures since 1947. Out of the 135 cases, the union said, the company won all but 23 in arbitration. Also, the union said industry profit per man-hour rose from \$1.47 in 1957 to \$2.28 in 1958, or an increase of 67 per cent.

Latest information from Akron is to the effect that a stop at the huge aircraft hangar at Goodyear Aircraft Corporation and a look at three of the world's largest blimps is an added attraction for 170 All-American Soap Box Derby champions who will race here Sunday.

Company and Derby officials have set up the Airdock visit for Friday, August 15, following the completion of final inspection and test runs by the champions at nearby Derby Downs.

Currently housed in the huge hangar are three Goodyear ZPG-3W airships, largest non-rigid airships ever built. More than 400 feet in length, the blimps are being built for the U. S. Navy's use as part of the North American Air Defense Command (NORAD) operation.

One of the blimps is completed and in the flight testing stage, the other two are in various stages of construction.

The paraders, coming from a rally at the state capitol where Gov. Orval E. Faubus addressed them, shouted "Cowards!" at the policemen. Twenty-three of them were arrested.

In the schools themselves, officials said everything was normal. One segregationist said he knew of no plans for any rallies today. He is the Rev. Wesley Pruden, past president of the Capital Citizens Council, which spearheads segregation forces here.

Other segregation leaders could not be contacted.

Faubus, who advised the rally to avoid violence, remained at his mansion. He said he would keep in touch with his "people" for developments.

Two Negroes went to Central Wednesday, but only one will go back today, said Mrs. L. C. Bates, president of the Arkansas branch of the National Assn. for the Advancement of Colored People.

She said Elizabeth Eckford went the first day of school only to consult with her counselor, Elizabeth, one of nine Negroes enrolled at Central in 1957, has gained enough credits through correspondence to enter college.

That leaves Jefferson Thomas, 16, another veteran of 1957, as the only Negro at Central. He is a senior.

At Hall High School located in the fashionable Pulaski Heights area, three Negro girls returned to classes today. They are Effie Jones, 17, and Estelle Thompson and Elsie Robinson, both 16.

The four Negroes enrolled at Central and Hall were among 60 who applied to attend. The others were referred to all-Negro Horace Mann High by the School Board, which used a state pupil placement law.

Integration first began at Central in September 1957. Gov. Faubus surrounded the school with National Guardsmen to keep the Negroes out that year, but the Guard was federalized and removed. Then mobs formed at the school and paratroopers were sent in to restore order.

Faubus closed the schools last fall to stop integration. The law he used to do so has been declared unconstitutional by a federal court.

Hall High operates today from 10:30 a.m. to 1 p.m. (EST); Central, from 2 p.m. to 4:30 p.m. They won't go on a full day's schedule until next week.

# Warren Tourists Write of Travels Through Far West

(From Page One)

The many friends of Mr. and Mrs. Lyell B. Carr, who are enjoying an extensive western tour, will read with much interest the following from "the journal" they have been keeping about the places they have been visiting:

Meacham, Oregon August 5, 1959

The cabins just how many of these cabins there are, I do not know, but the one we have is equipped after the Western style with a kitchenette which includes a hot water tank, electric range, and hot and cold running water besides the kitchen table used for eating too—and incidentally for typing.

Although the distance traveled today was only slightly over 300 miles, we stopped at about 5:30 and did not get on the road until 8:45 this morning. One of the reasons for so little distance traveled was my inclination to be obsessed by the magnificent scenery. It just seemed so often, "This is something I'd like to show the folks at home," or in one case, "This is something the kids (grandchildren) would like!" etc. When we left Seattle yesterday I had an unused 36 exposure film; after today I haven't dared to look to see how few are left.

This morning we came from a spot west of Portland where we found a group of housekeeping cabins about 8:30 last night. Things were clean there, the landlady most helpful in our interest, and full kitchenette available. We went to bed at 8:00, tired from a long pull from Seattle down through to Astoria, and a drive from there down along the Pacific Coast. To see the real ocean was another of our determinations although it added miles. We then swung eastward on No. 26 to our stopping spot 50 miles west of Portland. How deceptive the trip to see the ocean was had to be recognized when we found that No. 101 runs, not as it appears on the map next to the ocean, but behind a high ridge which hides the water completely. To get to see the ocean we drove back a road to it which every now and then announced with signs that it was a private road supported by private funds—but we saw the ocean anyhow, turning back east at Seaside, Oregon. So, in spite of the buyer-uppers of the coast line we did see Pacific Ocean.

We stayed all night Monday night at 5035 Fauntleroy, getting away about 11:30 a. m. A cablegram came to the Cheevers from Hawaii in which the safe arrival of the Carrs at Hawaii was announced together with the fact that they were having a fine time. Included among my pictures are some taken from the steps of the plane; I hope that they pay tribute as they should. When we left the city no one appeared to see us off... you know we were old residents there; at least a thousand other people came to stay between our arrival and leaving there.

The trip through Portland was via No. 30 which we have been following since then was through the stupendous scenery of the Columbia River valley. Prepared to accept the facts concerning Nature's wonders as we were, the tremendous heights and spaces together with the size of the river were difficult to comprehend. I took various shots of it along the way. Eye-stopping scenes occurred so often that I repeatedly stopped to get them in the camera's eye although I had declared that I had neither time nor film available. The scenes included huge dams, Ore. dam as well as typical scenes.

One of the places where we stopped to look and wonder was at a spot called the Rooster Rock from a formation there two or three hundred feet high. At this point a new traveling companion joined up with a plea for special attention since he had been deserted or lost, a large, white Persian cat. Served with a dish of milk from our thermos at Rooster Rock rest-up, he became our devoted companion. He must have been well cared for originally, but he was starved and unkempt.

ments at the conference already have declared they oppose interference by Castro and his Cuban revolutionaries in the affairs of other Caribbean nations.

Mexico's Manuel Tello was applauded when he warned the ministers to be "extraordinarily cautious" about changing the principle of nonintervention.

Tello emphasized that Mexico is a traditional supporter of nonintervention and he stressed the importance of the countries in the Western Hemisphere maintaining the principle strictly as well as giving it lip service.

Brazil, Colombia, the Dominican Republic, El Salvador, Guatemala and Costa Rica also spoke strongly in favor of continued adherence to the principle of nonintervention.

Cuban Foreign Minister Raul Roa sat in silence. He will speak later.

Charges by the Dominican Republic that Cuba is the training ground for revolutionaries bent on foreign invasions led to the calling of the conference to discuss the crisis in the Caribbean.

as any cat could be. His main interest since seems to be keeping close by. After he joined up we stopped at Multnomah Falls leaving the car for a while with the windows down. When we came back, our cat had disappeared. While I was scouting for a picture at Dalles, however the lost cat emerged from a space under the front cushion which he'd adopted as his cat-Pullman.

Tonight our cabin is near the Portland, Spokane, and Seattle railway. I noticed a train carrying vista-dome streamliners going through. They were beautiful and should enable those traveling by rail to see many things, although stopping for photography would take a bit of doing.

On the big, long roads we see more of the Volkswagen, 10-12 than any other of the small foreign cars. They seem to be the workhorse of the highways. They even seemed the more apparent after we reached the high prairies which we reached after leaving the trailer-laden passenger car. However economical it may be to the traveler, it is always traveling below standard road speeds, slower still on the grades, and sways about drunkenly as it approaches one. Some of the very small ones seem to do better. Pleasure seekers with boat-trailers present about the same problem as they sometimes show up hauling yachts about big enough to put the car in.

Today after we left the river we traveled for about 75 miles more. This included first the grazing and agricultural ranches. I stopped at one spot where a chap named Conboy had about 90 acres of cantaloupes and watermelons under cultivation. I bought the cantaloupes which we will have for there are little stands announced by a sign ¼ mile ahead, "Come in for cold melon slices." Following that we got into much more rolling country where wheat fields appear in tremendous acreage. We saw our first really big combine at work making the ones back east seem like midgets. Sacks of grain are piled up for a while and left in the fields in the semi-arid country. Finally the wheat fields ran out giving way to a new range of mountains the first we had seen since coming through the Coastal Range. These were the Blue Mountains the height of which we reached at Dead Man's Pass. We are still in these mountains and will get out of them tomorrow if things go as they have been. We have no set destination for each day, but stop when we find interesting spots such as Multnomah Falls this morning.

Tomorrow we should be getting well through Idaho again. Car performance has been good, but routine servicing is now due and will take a couple of hours somewhere when we find a Buick service. Others like to make one believe they have the know-how, but fail.

It's bed time now since we will be losing an hour tomorrow as we move into the Rocky Mountain Time Zone. Mother has been writing some too. If you do not hear again until we are home, you will know that all's well anyhow.

# Local Youth Uses Worthless Check In Hawaii Flight

A North Warren youth who financed a plane trip to Hawaii with a bad check, will get a free ride back to the states at the expense of U.S. Government.

An Associated Press dispatch from Honolulu says Dale F. Butler, 21, 7 Cook street, pleaded guilty in federal court Wednesday to writing a worthless check for \$249 last April to finance his flight from Washington, D. C., to Honolulu.

Authorities said Butler and another youth made more than a dozen plane hops from city to city, paying for each flight with a bad check.

FBI agents arrested Butler June 26 while he was working as a dishwasher in the Waikiki resort area. The complaint was filed by U. S. attorney in Virginia.

He will be sentenced later.

Last March 11, Butler was in Warren County jail in default of payment of fine for cruelty to animals. Operator of a pet shop under unemployment office on Pennsylvania avenue, vest, Butler permitted several animals to die, neglecting to feed or water them.

# Warren's Co. 1 Returns Saturday

Company 1 National Guardsmen of Warren are expected back home sometime Saturday from their two-week summer encampment at Indiantown Gap.

The 63-man crew left Warren early July 31 for the Gap. Times-Mirror was expected to be in contact with officers of the local group, but it is thought that the busy training schedule has forced them to devote full time to duties.

# McDonald at Rally Held in Youngstown, O.

YOUNGSTOWN, Ohio (AP)—David J. McDonald, president of the United Steelworkers, says the steel industry mistakenly believes prolonging the 30-day-old basic steel walkout will send strikers "crawling to McDonald saying 'please, go back!'"

At a union rally of 2,000 in Stambaugh Auditorium Wednesday, the white-haired McDonald suggested steel manufacturers "turn their mind's eye back to 1937."

That was the year of the bloody "little steel" strike in which the union sought recognition.

"We must remind them we didn't quit in 1937. We went on to eventual victory, although it took four years," McDonald continued.

# INCUBATION AID

Snakes usually deposit their eggs in piles of rotting leaves or wood, where the heat of decay will aid the sun's warmth during incubation.

Norman's Reef, one of the hazards faced by Gloucester fishermen, inspired Longfellow's poem, "Wreck of the Hesperus."

# Rules and Classifications For Fall Flower Show

The Town and Country theme selected for the 1959 Fall Flower Show of Warren Garden Club and Warren Woman's Club will allow garden and flower fanciers a variety of arrangements in planning for their entries.

Friday, September 11, is the show date set, the hours to be from 2:00 until 9:00 p. m. in the Woman's Club at 310 Market street and the public cordially invited to submit entries and view the exhibits.

According to Mrs. Robert R. Voigt and Mrs. Edwin S. Africa, Jr., co-chairmen for this year's show, the schedule has been approved by the Garden Club Federation of Pennsylvania and the following rules will govern the event:
